During the last three months Dr. Branaman has been curing the sick for the actual cost of medicines used. Many cases cured for \$5; the most stubborn and complicated cases did not exceed \$5. These rates are still maintained, only Dr. Branaman gives one month's medicine and treatment free.

Hot, sultry days and breathless nights are now at hand, and thousands of men, women and children are suffering from the exhausting heat. Doctors everywhere are alarmed at the unusually large number of deaths from diarrohea, dysentery, cholera morbus, chillis, typhoid and other fevers, due to impure water, the consumption of unripe fruit and vegetables, and other causes.

In the treatment and cure of these summer complaints it has been shown by medical science that the only sure remedy lies in the regular and judicious use of Duffy's Pure Mait Whiskey, which drives the polsonous germs from the system, renews and builds up the wasted nerves and tissues, enriches the impoverished blood and giver new strength and vitality to every organ of the body.
