SEASONABLE FASHIONS.

452—CHILD'S COAT.

The little coat shown here is an attractive variation of the conventional model. In design it has distinctiveness and character to commend it and good taste has been exercised in the fashioning, for while it has the new sleeve and waistcoat, it is very simple little model after all. Almost every woman has a piece of uncertain date that could be used in the making of this coat, although mohair, serge or any light weight cloth could be utilized. Sizes, 3 to 9 years.

For the accommodation of readers of The Bee these patterns, which usually retail at from 25 to 50 cents each, will be furnished at the nominal price of 10 cents. A supply is now kept at our office, so those who wish any pattern may get it either by calling or enclosing 10 cents, addressed "Pattern Department, Bee, Omaha."
