Were it not for a few charming visitors the quiet of society would be something long to be remembered, for the heat of the Mr. and Mrs. Rahm. last week has taken the life out of everyone, and few people have had the courage to bestir themselves to do anything more than necessary. The visitors, however, have caused a break in the duliness and a number of small affairs have been given, which have been very informal and alto-

gether enjoyable.

Among the week's affairs the most noteworthy was Barton Millard's trolley party for about seventy-five of the young people in honor of Miss Brumback, who is very popular and has been entertained a great deal. Everything possible was done for the pleasure of the young people, and that they had a good time goes without saying. There have been a number of sailing parties, and Thursday night many members of Omaha's exclusive set were seen watching the trapeze performers, drinking red lemonade and eating peanuts at the circus.

The only event of prime importance the coming week will be the Merrian dance on Wednesday evening at the Country club. Nothing else for the week has been announced, though undoubtedly a number of small affairs will be given. Several have been spoken of and will be given providing there is a change in the weather, for few hostesses care to plan anything these days.

A rumor, which several girls will consider a veritable calamity if true, says that a charming southern girl who recently spent several weeks in Omaha captured the heart of one of Omaha's favorite bachelors, a well known attorney, and that an anhouncement may be expected this fall.

The largest dinner given at the Country club last evening was that given by Mr. and Mrs. V. B. Caldwell for Mr. John Caldwell. Covers were laid for Miss Morgan, Miss Jeanle Aycrigg, Miss Helen Forbes, Miss Margaret McPherson, Miss Pauline Bourke, Miss Elizabeth Sweet, Mr. Charles Meyer, Mr. Charles Metz, Mr. Kenneth Patterson Mr. Harry Koch, Mr. Clement Chase, Mr. John Caldwell and Mr. and Mrs. Caldwell. Mr. and Mrs. Charles Stewart and Miss Stewait of Council Bluffs were the guests of Mr. and Mrs. Guy Leavitt.

Captain Doane gave a dinner of ten overs and Mr. Ben Wood entertained a party of ten young people. Mr. and Mrs. Thomas J. Kelly and Mr. and Mrs. Clement Chase were the guests

of Mrs. E. M. Fairfield. Others having tables were Mr. and Mrs J. R. Lehmer, Mr. and Mrs. Wattles, Mr.

and Mrs. A. V. Kinsler, who had six guests; Mr. and Mrs. McGrew and Mr. and Mrs. Poppleton. Among those who gave dinners at the

Field club last evening were Mr. and Mrs. L. H. Korty, Mr. and Mrs. F. M. Newburg, Mr. and Mrs. F. E. Pearce, Mr. and Mrs. G. W. Holdrege, Mr. and Mrs. Penfold and Mr. and Mrs. C. T. Reid.

Cupid, who played havoc with a certain club of popular young women a year or two ago, has again chosen that club for his target and is aiming well for there are to be three weddings this fall and rumor says he is again aiming an arrow. Charmante, n'est ce pas?

Description of Ship.

The battleship Kansas is a sister ship of the Vermont, now being built in the yards of the Fore River Ship and Engine Building company, Quincy, Mass. It will have the same armament as the battleship Minnesota, faunched several months ago at

The keel plates of the Kansas were laid February 10, 1904. It is known as a 450-foot battleship, and its contract calls for a maintenance of eighteen knots speed for our consecutive hours. The hull is of steel, throughout, and is fitted with docking and bilge keels. Its dimensions are as follows: Length on load water line, 460 feet; length over all, 456 feet 4 inches; extreme beam to moulding, 76 feet 514 inches; to utside of plating, 76 feet 8 inches; extreme beam to outside of armor, 76 feet 10 inches. Its trial direct displacement will be 16,000 tons and when it goes on its speed test, it will carry 900 tons of coal, although its

thirty calibre. Guns Well Protected.

These guns will be ample armor-protected and well placed. Mounted in pairs, the 12inch guns will be placed in the two turrets on the center line, one forward and one aft, the 8-inch guns will also be mounted in pairs in four turrets on the quarter, sep-

complete main belt armor, nine feet three inches wide on the water line, having a uniform thickness of nine inches throughout the magazine and machinery spaces, tapering to four inches at the ends. Seven inch casemate armor will protect it between the main belt and the main deck. This armor will extend to the limits of the magazines at both ends. The 12-inch barbetts will extend from the protective deck to onsist of 10-inch armor in front and 75inch armor at the rear, above the gun deck. Between the gun and protection decks it will be of uniform thickness of six inches. The 8-inch barbettes will be six inches thick in front and four inches in the rear. The protective deck will extend from stem to stern, being flat amidships, but sloped at the sides and at each

Its propelling power will consist of the verticle, twin screw, four cylinder, triple expansion type of engine, combined indicated horse power of 16,500. The ship is to be provided with an ice plant, with a cooling capacity of three tons of ice daily, an evaporating plant of 16,500 gallons capacity, and a distilling apparatus capable of condensing 10,000 gallons of water a day. It will be equipped with powerful search-Ughts and its masts arranged for wireless

SNOW FLAKE BREAD -

A Bread Worthy of A Name A Bread That the Makers Stand Back of Every Loaf Sold,

Our red label on a loa! of bread says, that its makers are responsible for the purity-the wholesomeness - the good measure-the goodness of every loaf. We have spent twenty years in studying how to

make-not the cheapest-but the best bread. Snow Flake couldn't be better if it sold for 50 cents a loaf instead of 5 Cents a Loaf.

Over Four Hundred Grocers Sell it.
