NO. 6282-LADIES' SHIRT WAIST-FOUN-DATION OR LINING. The shape of the entire garment is correct—in cut and style—and upon it one may make any kind of a tucked, frilled or beruffled blouse. The pattern should be made in muslin and fitted to the figure, for very few people are up to the "standard measure," and it is usually necessary to make a little alteration. When the pattern is once fitted, then the outside and lining should be cut accordingly, always preserving the original muslin lining for future use, as it saves any more fittings. Furthermore, after a good fitting lining is once obtained it may be sent to the dressmaker and all one's walsts made by its measurements without the usual tedious fittings. Sizes, 32 to 44-inch bust measure.

Of the 223 pieces advertised, fifty were withdrawn because of defects in description, advertising or by cour order pending appeals, and only 173 parcels were sold,
