These demands are Pacifig, and upon the operation and co- equally as important as the Corean and operation of the two roads their future Manchurian questions. Japan's victories success will depend. It is suggested that have been realized by the vast sacrifice of money and blood without the prospect it was this very question of consulting of Russia's compliance in the payment of China which caused the postponement of the final acceptance of this article, but war expenses and the transfer of Sakhalin there is nothing substantial to support the island. There is no reason why the consuggestion. The question is complicated ference should not be continued. The Nichi Nichi expresses the belief that and it required all of the morning and the the Russian delegates divulged the nature. major portion of the afternoon session to come to the agreement "in principle."

It should be stated that the Chinese Eastern railroad has never been under the ad-) of secrecy and keep their people informed ministration of the minister of ways and as to the progress of the conference. communications, Prince Hilkoff, but always under the control of a director nominated by the ministry of finance. The present director is M. Winzell.

Pressure on Japan.

were persistent rumors about the hotel late that several powers, including the inped. eight miles north of Changiu, but was immediately repulsed. Our casualties amounted to one and the Russians lost thirty-five. Simultaneously three companies of infantry and two squadrons of cavalry attacked us eight miles northwest of Changin. This attack was repulsed, and at 2:30 o'clock the Russians retreated north-ward, leaving their dead. The Russians also made a small attack on Wei Huan Paolen, which was repulsed. Washington government, are bringing pressure to bear upon Japan to forego "the cost of the war" and content itself with such other compensation as it can secure out of the railroad, the Russian property in Port Arthur and Dalny, and the cost of the maintenance of Russian prisoners in Japan, this only on the theory that Russia will eventually agree to cede Sakhalin, which is now potentially conquered territory. This is undoubtedly the line of ultimate compro-

mise, if compromise there is to be. The Associated Press can state authoris tatively that neither the question of mak-
