**THINKS WOODMEN IN ERROR**

**Deputy Attorney General Says All States  
Tax Reserve Fund.**

**MORE DEPOSITIONS IN GRAIN CASE**

**H. G. Leavitt Serves Notice on State  
Board He is Ready to Commence  
Work on His Irrigation  
Project.**

**Lincoln, Aug. 16.—(Special.)—**Attorney  
General Norris Brown has received word  
from Omaha that the records and data  
relative to the assessment of the Wood-  
man of the World by the county assessor  
and county board of equalization of Douglas  
county would be here within a few  
days. Immediately upon receipt of those  
records the attorney general will bring  
mandamus proceedings to compel the as-  
sessment of the reserve fund of the order.

Discussing the contemplated removal of  
the order from Nebraska should its re-  
serve fund be assessed Deputy Attorney  
General Thompson said:

"I do not know of a single state which  
would allow this fund to escape taxation.  
In saying that no states tax such funds  
the officers of the order are certainly  
laboring under a misapprehension. At this  
time I do not know of a state which would  
allow the company to escape taxation on  
this fund and therefore I cannot see where  
the company would gain anything by leav-  
ing Nebraska. It would be a loss to Omaha  
and to the state to have the Woodmen  
headquarters leave Omaha but under the  
law it is clearly the duty of the county  
assessor to assess this reserve fund. I  
understand that it is claimed that some  
of the home companies, run as old line  
companies, have escaped this tax. If that  
is true then the taxing officials have not  
done their duty. It is well, though, that  
the matter is to get into the courts so  
we can get an interpretation of the law.

**More Depositions in Grain Case.**

Depositions in the grain case will be  
taken in Lincoln Friday by Attorney Gen-  
eral Brown at which time five or six  
witnesses will be examined, among whom  
are C. Y. Long of this city. The depositions  
will be taken before Minor Bacon  
and the entire day will be consumed with  
the matter. The hearing will be held in  
the senate chamber at the state house.

**Great Northern Has Right.**

The question as to the right of the Great  
Northern to condemn property for a right-  
of-way for its Ashland extension, because  
it has not filed its articles of incorporation  
with the secretary of state, it is said, will  
not cause that road to suspend operations.  
The Great Northern has purchased the  
rights of the Sioux City & Western and in  
this latter road filed its articles many years  
ago. It is claimed that under the rights of

the Sioux City & Western the Great North-  
ern is doing its work. A number of at-  
torneys have been in Lincoln during the  
last few months looking up the matter, but  
none of them would make a statement.

**Commission to Beautify Town.**

Lifeson people have started an agitation  
to beautify the city and secure a number  
of parks and other features and to report to  
the city council. Rev. Samuel Z. Batten has  
recommended that a commission be appointed  
to serve without compensation to study the  
city's condition and needs in the way of  
parks and other features and to report to  
the city council. The proposition has met  
with much favor and probably the commis-  
sion will be appointed by the mayor.

**No Trace of Missing Grocer.**

Neither the police nor friends have dis-  
covered any trace of the whereabouts of  
C. H. Green, the Lincoln merchant who  
disappeared several days ago. Yesterday  
Grainger Bros. attached the stock on a  
debt of \$300. It is claimed Green owed Har-  
groves Bros. about the same amount.

**City to Sell Refunding Bonds.**

Lincoln is offering for sale \$50,000 4 per  
cent refunding bonds. The issue is to re-  
fund an issue of bonds voted to help the  
Missouri Pacific railroad when it built to  
Lincoln. Bids will be received by City  
Treasurer Fox up to 4 p. m. September 11.

**To Investigate Highlanders Friday.**

Insurance Deputy Pierce and Special Ex-  
aminer Wiggan will begin Friday morning  
the examination of the records and  
books of the Royal Highlanders. The two  
will go to Aurora Thursday evening. Be-  
tween now and then they will check up on  
the securities and reports of the order on file  
in the insurance department. Following  
investigation Mr. Pierce will examine into  
the accounts of other fraternalists in the  
state.

**Work on Irrigation Canal.**

The State Board of Irrigation has received  
from H. G. Leavitt, the Ames sugar  
manufacturer, that he is about to begin  
construction work on the Columbia canal  
project, which has been allowed enough  
water to irrigate 25,000 acres. This project  
begins at the Wyoming state line and ex-  
tends along the north bank of the Platte  
river to the central part of Cheyenne  
county. It is claimed that there is an  
area of 15,000 acres of land which can be  
watered from the canal. The significance  
of Leavitt's notice is not thoroughly un-  
derstood. He is about to begin the work  
of the state board. It is pointed out that  
the work may have some bearing on the  
controversy between Leavitt and the govern-  
ment over the interstate project which  
will water land in the same territory.  
The government is already proceeding  
with the construction of the Interstate  
canal.

Little has been heard of the Columbia  
project recently. Originally it was fathered  
by William Frank, whose rights were sub-  
sequently assigned to Leavitt. The terri-  
tory to be served by the canal is the most  
fertile and susceptible to irrigation of all  
the lands to be watered from the Path-  
finder project. It is supposed that Leavitt  
plans to irrigate a considerable area of it  
for sugar beets.

**Lineman Falls from Pole.**

Ralph Downing, a lineman employed by  
the Lincoln Telephone company, fell from  
a pole a distance of thirty-five feet this  
afternoon and received serious injuries.  
A blood vessel in his neck was ruptured  
and he was badly bruised.

**Charles A. Mitchell Dies.**

Charles A. Mitchell, formerly con-  
nected with the Northwestern railroad and  
a resident of Omaha for a number of years,  
died August 15 in the West Side hospital,  
Chicago, following an operation performed  
a few days previously. His illness was of  
three years' duration. He leaves a wife  
and daughter, Harriet, who have resided  
in Lincoln the last five years. The funeral  
will be held in Chicago.

**Fremont to Do Some Paving.**

PREMONT, Neb., Aug. 15.—(Special.)—A  
special meeting of the city council was  
held last evening at which the ordinance  
for the paving of Fifth street was passed  
and the clerk directed to advertise for bids.  
The council also voted to extend the electric  
light plant to the North Side addition at  
an estimated cost of \$4,000 and bids will  
be advertised for at once. Representatives  
of the Sioux City & Western railroad were  
present and there was a lengthy informal  
discussion of what the road wanted of  
the city in the way of streets and alleys.  
The company will want about thirteen blocks  
of street condemned for right-of-way and  
detour purposes, also the right-of-way across

a number of other streets. Many of the  
streets wanted are in the outskirts of the  
town. A map was exhibited showing the  
station and grounds at the foot of Main  
street south of the old site of the Union  
Pacific depot. The railroad company has  
sold several of the houses on its right-of-  
way, which are being moved into the  
parties of the city. In several cases the  
families continued to occupy them while  
they were being moved.

**NEBRASKA GUARDS BREAK CAMP  
General Culver and Staff Will Stay a  
Day Longer.**

KEARNEY, Neb., Aug. 15.—(Special.)—  
The brigade broke camp early this  
morning, but owing to the delay of the  
special trains did not get out  
until in the afternoon, instead of 7 a. m.,  
which will break all connections except  
where they have special train service. From  
a military standpoint the camp has been a  
great success. General Culver and each of  
the staff and officers in the regiments have  
worked hard to make it such.

Considering the number in camp their  
department was excellent, there being only  
a few scalwags, and these will be weeded  
out of the Guard as fast as the officers can  
get to them. Caucusing on the streets or in  
camp and attempted familiarity with  
women is not good breeding and has no  
semblance of either a good soldier or a  
gentleman.

General Culver and staff will vacate camp  
Thursday with the feeling that it was one  
of if not the best yet held by the Ne-  
braska National Guard.

**LINCOLN WOMAN KILLS HERSELF**

**Has Wealth, but No Health, and is  
Dependent.**

CHICAGO, Aug. 15.—Mrs. Bertha E. Fin-  
ney of Lincoln shot herself in the left tem-  
ple today at the home of a sister, Mrs.  
Patterson, and died as a result three hours  
later. Despondency, due to ill health, is  
believed to have prompted the act.

LINCOLN, Aug. 15.—Mrs. Finney was one  
of the wealthiest women of this city. Her  
first husband, C. P. Quick, was a Nebraska  
pioneer. Her second husband was E. Fin-  
ney, father of Dr. E. B. Finney of this  
city.

**Insane Man Hears Himself.**

LAWRENCE, Neb., Aug. 15.—(Special.)  
Frank King, age 40, who lived  
with his parents near Lawrence, committed  
suicide this morning by hanging himself to  
the Missouri Pacific pool of St. Louis, two  
miles north of the place. King was  
treated in the Lincoln insane asylum about  
five years ago and when returned was  
much improved in health, but during last  
year his condition had grown worse again  
until this morning about 2 o'clock he threw  
himself from the bridge and proceeded  
from the bridge where he took his life. The  
coroner from Nelson was called, but he  
was a plain case of suicide no inquest  
was held.

**High School Reunion.**

AINSWORTH, Neb., Aug. 15.—(Special.)—  
The eleventh annual reunion of the Ains-  
worth High school was held at the old  
Chaunauqua grounds near Long Pine last  
evening. The grounds were decorated with  
Japanese lanterns and a bright full moon.  
Roy Barnes delivered the address of wel-  
come to the class of 1924 and Miss Winifred  
Eicher gave the response. After a dainty  
supper the young people climbed the bluffs  
to view the new railroad bridge by the  
light of the moon. There were about forty-  
five persons present.

**News of Nebraska.**

WOOD RIVER.—The foundation for the new  
eleventh annual reunion of the Ains-  
worth High school was held at the old  
Chaunauqua grounds near Long Pine last  
evening. The grounds were decorated with  
Japanese lanterns and a bright full moon.  
Roy Barnes delivered the address of wel-  
come to the class of 1924 and Miss Winifred  
Eicher gave the response. After a dainty  
supper the young people climbed the bluffs  
to view the new railroad bridge by the  
light of the moon. There were about forty-  
five persons present.

**WEST POINT.—**The weather continues to  
be very hot here. The employment and  
effective work of the teachers and in-  
structors assembled at the joint institute  
now in progress in this city. The in-  
structor Prof. W. M. Davidson, superintend-  
ent of the Omaha city academy, delivered  
a noteworthy address to the assemblage.  
The roll of attendance is still increasing  
and by Friday it is believed that the  
teacher both in Burt and Cuming counties  
will be enrolled. Miss Superintendent  
Education J. L. McBrien is announced to  
deliver an address tomorrow afternoon.

LEXINGTON.—The second annual Daw-  
son county chaunauqua opened this evening  
in Lexington park with a good attendance.  
The program was well planned and the  
possible convenience has been arranged for  
the visitors. The opening concert was by  
the Lexington High school orchestra. The  
program through the entire season, giving two  
concerts each day. Prof. E. J. Sax, mono-  
tonist, gave a fine rendition tonight and he  
also has been retained for the entire chaunau-  
qua. The next day today has been fine  
and everything indicates most successful  
season.

married at Tekamah Tuesday evening, re-  
turning to this city this morning.  
BERNARD, the former pastor of the Swedish  
Lutheran church of Lincoln, and G. T.  
Clark, two young farmers of the Platte  
neighborhood, yesterday leased the Shalom  
farm, about eight miles southwest of  
Beatrice and will farm there next season.

BEATRICE.—Mr. and Mrs. W. E. Lenhart  
entertained the Methodist church choir at  
their home last evening. Outdoor games  
were held after which a musical festival  
program was rendered. Refreshments were  
served.

BEATRICE RIVER.—Miss Pearl Otto and  
Pharos B. Lilly, both prominent German  
young people, residing south of Wood  
River, were in Lincoln last evening  
in appeal to the district court.

ANSLEY.—The Epworth league camp  
meeting which is being held at Ansley drew  
a large attendance of members. The  
proceedings are for a large attendance  
balance of the week. The camp grounds  
are in the hands of the Epworth league.

OSCEOLA.—Carl A. Olson and Miss Mat-  
tie W. Smith were married at Shelby.  
The wedding was held at the residence  
of Mrs. Olson. The bride was given in  
marriage by her father, John  
Tiemann. The groom is a resident of  
Lincoln.

NEBRASKA CITY.—The Overland theater  
recently leased by Woodward & Burgess  
company of Omaha is to be reopened  
September 4 by the Woodward stock  
company of Omaha. The theater is to  
be opened at the city's expense.

PLATTSMOUTH.—Mrs. Lydia E. Living-  
ston passed away at Plattsmouth  
from a complication of diseases. She was  
aged 75 years. The funeral will be held  
at the home of Mrs. Samuel Maxwell of Fremont.  
Burial will be in the cemetery.

BEATRICE.—More wheat was marketed  
here today. The price for No. 2 hard  
winter wheat was 25 cents. The price for  
No. 3 hard winter wheat was 24 cents.  
The price for No. 4 hard winter wheat  
was 23 cents. The price for No. 1 soft  
winter wheat was 22 cents. The price for  
No. 2 soft winter wheat was 21 cents.  
The price for No. 3 soft winter wheat  
was 20 cents. The price for No. 4 soft  
winter wheat was 19 cents. The price for  
No. 1 hard summer wheat was 18 cents.  
The price for No. 2 hard summer wheat  
was 17 cents. The price for No. 3 hard  
summer wheat was 16 cents. The price  
for No. 4 hard summer wheat was 15 cents.  
The price for No. 1 soft summer wheat  
was 14 cents. The price for No. 2 soft  
summer wheat was 13 cents. The price  
for No. 3 soft summer wheat was 12 cents.  
The price for No. 4 soft summer wheat  
was 11 cents.

BEATRICE.—The price for No. 2 hard  
winter wheat was 25 cents. The price for  
No. 3 hard winter wheat was 24 cents.  
The price for No. 4 hard winter wheat  
was 23 cents. The price for No. 1 soft  
winter wheat was 22 cents. The price for  
No. 2 soft winter wheat was 21 cents.  
The price for No. 3 soft winter wheat  
was 20 cents. The price for No. 4 soft  
winter wheat was 19 cents. The price for  
No. 1 hard summer wheat was 18 cents.  
The price for No. 2 hard summer wheat  
was 17 cents. The price for No. 3 hard  
summer wheat was 16 cents. The price  
for No. 4 hard summer wheat was 15 cents.  
The price for No. 1 soft summer wheat  
was 14 cents. The price for No. 2 soft  
summer wheat was 13 cents. The price  
for No. 3 soft summer wheat was 12 cents.  
The price for No. 4 soft summer wheat  
was 11 cents.

SCHUYLER.—The returns of the county  
assessor shows that Colfax county has  
7,000 acres of land, 1,887 head of cattle, 2,521  
hogs, 2,521 horses, 1,250 dogs, 2,618 chickens, 43  
mules, 63 sheep, 24 cash registers, 42,98  
bushels of corn, 51,522 bushels of wheat, 27,027  
bushels of oats and 236 firearms.

WOOD RIVER.—The members of St.  
Martha's Roman Catholic church held a  
harvest picnic in Riverside park yester-  
day afternoon. The picnic was a success and  
addresses were delivered by Rev. B. K.  
O'Reilly, pastor of the cathedral at  
Beatrice, and W. W. Wilson of this city.

SCHUYLER.—Frank Wellman, Ada M.  
Boyer and Everett J. Gray, appealed from  
the decision of the county commissioners in dis-  
persing the ditch which was made by the  
beaver drainage ditch to the district court.  
All three of the parties named ask dam-  
ages aggregating \$10,000.

OAKLAND.—The commercial club of this  
city is making arrangements for a picnic  
at the camp at Plattsmouth, Neb., on  
Friday. The picnic will be held at the  
good time. The picnic will be held at  
the camp at Plattsmouth, Neb., on Friday.  
All business houses will be closed for  
the day.

NEBRASKA CITY.—Johnson Bros. of this  
city who are conducting a retail grocery  
business in Lincoln, Neb., have decided to  
grocery in the building they are at present  
occupying as a retail store. They will  
move their retail store to another loca-  
tion. They expect to open their wholesale  
business this fall.

COMMISSIONERS OF Cass county has passed  
a resolution under which they make the  
necessary repairs on the foot and wagon  
bridge which spans the Platte at Louisa.  
The bridge is in a state of disrepair and  
one-half the expense, and in the event of  
its refusal to do so proper legal steps  
will be taken to have it repaired.  
About 900 feet of the bridge was washed  
out during the spring floods, and an ex-  
penditure of over \$4,000 will be necessary  
to make the repairs.

WEST POINT.—The weather continues to  
be very hot here. The employment and  
effective work of the teachers and in-  
structors assembled at the joint institute  
now in progress in this city. The in-  
structor Prof. W. M. Davidson, superintend-  
ent of the Omaha city academy, delivered  
a noteworthy address to the assemblage.  
The roll of attendance is still increasing  
and by Friday it is believed that the  
teacher both in Burt and Cuming counties  
will be enrolled. Miss Superintendent  
Education J. L. McBrien is announced to  
deliver an address tomorrow afternoon.

LEXINGTON.—The second annual Daw-  
son county chaunauqua opened this evening  
in Lexington park with a good attendance.  
The program was well planned and the  
possible convenience has been arranged for  
the visitors. The opening concert was by  
the Lexington High school orchestra. The  
program through the entire season, giving two  
concerts each day. Prof. E. J. Sax, mono-  
tonist, gave a fine rendition tonight and he  
also has been retained for the entire chaunau-  
qua. The next day today has been fine  
and everything indicates most successful  
season.

**WORK DONE AT CAMP COBB**

**Practical Instruction Given to Nebraska  
National Guard.**

**CAMP ADMINISTRATION IN THE MAIN THEME**

**Sanitary and Culinary Conditions the  
Object of Care and Lessons Along  
This Line Taught Officers  
and Men.**

The camp of instruction of the Nebraska  
National Guard, which has just terminated  
at Kearney, was in many regards one of  
the best ever held, and in no wise did it  
fall short of any. The success of the camp  
is particularly gratifying to the officers  
in command, for the reason that almost one-  
third of the men were in camp for the first  
time. This bringing together of untrained  
men under unaccustomed conditions and  
maintaining them without serious sickness  
or inconvenience, and at the same time se-  
curing a high degree of efficiency in the  
performance of military duties incident to  
the camp is looked upon as quite a feat.

General Culver and his aides determined  
on the organization of the camp to give  
special attention to the more practical  
side of camp life, and to push the purely  
theoretical to the background. It has been  
an unfortunate experience of the American  
volunteer soldier on being called into  
active service that much unnecessary sick-  
ness and discomfort has resulted from the  
lack of practical knowledge of camp ad-  
ministration. The men are ignorant of the  
methods essential to the best results and  
the officers have but vague and insufficient  
notions of what is required of them, and  
the result usually is the loss of many men  
through sickness and a general deteriora-  
tion of efficiency in the force before offi-  
cers and men are sufficiently trained to  
know how to properly take care of them-  
selves in camp. Under the new regulations  
the regimental commander is held for the  
general condition of the camp, the battalion  
commanders for the battalion quarters and  
the company commanders for the  
company quarters. In this way respon-  
sibility for the sanitary conditions prevail-  
ing in camp is easily fixed. The company com-  
mander must take care not only of the  
sanitary condition of his company quarters,  
but he is also responsible for the cuisine.  
This requires that he see to it that the  
proper amount of food is secured and prop-  
erly prepared for the table, and that all  
surplus rations are cared for and ac-  
counted for. He must see to it that no  
improper food is brought into camp, and  
that the company quarters are kept clean  
at all times.

**Good Health at Camp Cobb.**

It was to this practical camp administra-  
tion that attention was chiefly given at  
Camp Amasa Cobb. Strictest care was  
given to the points that would most affect  
the soldier's health, and under the rigid  
inspection of Colonel Billa and Colonel  
Evans, inspector general and surgeon gen-  
eral of the Nebraska National Guard, a  
highly satisfactory state of affairs was de-  
veloped. So excellent were the conditions  
that Major Hinkner, who was in charge  
of the field hospital, said on Monday that  
if the conditions that prevailed there had  
been in effect at the beginning of the  
camp he would have had not one-fifth of  
the cases he was called on to care for.  
As it was, the cases due to unsanitary  
conditions or food were very few. Articles  
of food that would tend to cause sickness  
were excluded from the camp. The men  
were thus given a practical illustration  
of the necessity of taking good care of  
themselves under the unfamiliar conditions  
of camp life, and the company officers were  
also taught the proper methods to go about  
securing what is furnished for the soldier's  
consumption in camp.

**Instructions for Officers.**

Major Cecil, Captain Palmer, Captain  
Welch and Lieutenant Hensel of the United  
States army were in camp, and devoted  
their time to the instruction of the officers  
in the minutiae of their duties, giving them  
practical lessons in everything that per-  
tains to the work of an officer of any  
grade. This instruction is of especial value  
and the lessons thus imparted are not likely  
to be soon forgotten. The officers of the  
regular establishment consulted without  
cessing and did not confuse themselves

solely to the officers, but gave much of  
their attention to the men. This instruction  
was along the lines of a soldier's duty, the  
result being a decided improvement in the  
manner and bearing of the men. In fact,  
Major Cecil, after the review by the gov-  
ernor on Monday, expressed himself as  
highly gratified by the improvement he  
noted in the appearance of the troops.

**Drills and Maneuvers.**

The theoretical and tactical side of the  
work was not forgotten at much time  
was spent in drills, this being left to the  
discretion of the regimental commanders.  
Plenty of work along the line of extended  
order drills, outpost duty and the like was  
given the men, and much good in the way  
of practical instruction was accomplished.  
On the day of the sham battle the maneu-  
vers were among the hills north and west  
of the camp, and the work was as nearly  
as possible under the conditions of actual  
warfare. Away to the south of the camp  
the rifle range, under command of Colonel  
McLaughlin, was in constant service, the  
Sea Girl team practicing steadily and doing  
some excellent work. One world's record  
was broken during the week and several  
other fine performances were noted. On  
Monday an average of 80 per cent was  
made. The world's record made was at  
skirmish firing, and consisted of a total  
of twenty-four out of a possible twenty-  
five at 500 yards. The five shots were fired  
in thirty seconds and the soldier making  
the run scored four bullseyes and his fifth  
shot was within a quarter of an inch of the  
bullseye. This is a wonderful performance  
and is not likely to be repeated soon again.

**Work of Signal Corps.**

The equipment of the camp was a source  
of great pride to General Culver and his  
staff. Under Captain Henry's direction the  
signal corps established a system of tele-  
phonic communication that not only  
brought the several sections of the camp  
within easy communication of each other,  
but permitted of connection with the Ne-  
braska Telephone company's system, so  
that it was possible by telephone to reach  
any part of the state. This was found to  
be a decided advantage, both by the com-  
manding officer of the brigade and by his  
executive officers, especially Quartermaster  
General Jenkins, who found it convenient  
in ordering supplies for the camp. He  
bought the soft bread used in Grand Island,  
and daily telephoned his order to the baker,  
having the bread sent out by express.  
Electric lights were furnished to illuminate  
headquarters and thus a new feature was  
enjoyed.

**Field Hospital Equipment.**

The field hospital and its equipment was

the point in which Colonel Evans took his  
greatest satisfaction. This place was  
equipped with the latest and most ap-  
proved of appointments, furnished by the  
United States government. The dispensary  
tent was furnished with a complete sup-  
ply of drugs and all apparatus needed for  
the compounding and dispensing of medi-  
cines; the hospital tent had beds provided  
with modern conveniences, with screens to  
keep out insects, and was equipped with  
a perfect system for filtering water and  
providing the patients with properly pre-  
pared food. It was in the surgical tent  
that the real delight for the doctors was  
to be seen. This was fitted out with one  
of the very latest of the regulation out-<
