## WITHIN FOUR DAYS' RUN BY STEAMBOAT TO ST. LOUIS

FIRST section of this pipe line now on the ground and paid for. Franchise

are now at work at Cherryvale and heading for Kansas City, and every hour brings this company nearer its goal. To rush the work and help pay for the second section of this great pipe line the company will sell stock at the sac-

rifice price of \$120 per one thousand shares until \$96,000 more cash is raised. Hundreds of investors have already taken stock at this price. So you pay no

for pipe line secured clear through to navigable waters. A force of men

M ISSOURI river pipe line will save company \$800 per day and place our oil on the markets of the world free from any possible robber companies. THIS PIPE LINE MUST BE AND WILL BE BUILT. Backed by one great refinery now completed and sufficient production to feed it for 100 years means great profits for every person who is fortunate enough to secure stock in this great enterprise. . It has been the history of every refinery with pipe lines to navigation to pay enormous dividends. . This company will do the same.

ground knows that the stock of the Uncle San Oll company, with its great refinery completed and its thousands of acres of oil and gas lands and a large production of oil already secured, should sell for at of already secured, should sell for at least 20 to 25 cents per share. However, this company has a great work to do, and every day the pipe line remains uncompleted the company will lose the equal to 1809 per day, or, in other words, the pipe line would earn us this amount of money if we had it completed. Now the company has been determined on building this pipe line from the start, and where there is a will there is a way. So, regardless of the great assets back of this stock, the company is offering the investing public a fortune maker in this stock. As before stated, the company desires to raise at least 180,000 without delay. We now have on our mailing lists over 7,000 probable investors. This announcement will appear in about 100 of the leading papers in the nation. It will be read by over 15,000.000 people. The stock is worth almost double what the company asks. The reason we make this sacrifice is pisin, for we can take this money and at this time crowd to completion this pipe line and make it all back, and at the same time make every investor happy over his investment in stock.

This stock Should Be Sald in Fifteen.

As stated the Unce Sam company company asks.

This stock Should Be Sald in Fifteen.

As stated the Unce Sam company company and at the same time make every investor happy over his investment in stock.

As stated the Unce Sam company company and the same time make every investor happy over his investment in stock.

This Stock Should Be Sold in Fifteen Days.

The time to secure a good investment is when it is offered. We are in a business in which there is over 300 per cent profit. We have now passed the experimental stage and have a great manufacturing enterprise and one that is growing stronger every hour. We now have over 5,000 stockholders, representing every state and territory in the union, and we also have stockholders in Canada, Old Mexico and the Philippine Islands. From the four corners of the globe investors who have an eye to making big profits have purchased this stock liberally, and a great many of them will double their holdings in the next two weeks. There are over 300 different deals pending right now. Some of them are large. This allotment should all be sold in fifteen may under these conditions.

Topeka Will Help This Company in Order to Have Our Pipe Line Run

Topeka, the capital of Kansas, and a cliy of nearly 50,000 people, is full of man-ufacturing enterprises. It is right on the pipe line route to the Missouri river, or, in other words, the company will not have to ufacturing enterprises. It is right on the pipe line route to the Missouri river, or, in pipe line route to the Missouri river, or, in other words, the company will not have to vary the line much to put, it right at Topeka city limits. The second pumping station will be located at Topeka if the pipe line is built that way. The Topeka Commercial club now has the proposition under advisement and with this club's indorsement the chances are good to raise \$75,000 from the citizens of Shawnee county, who will be greatly benefited by such a pipe line.

The Very Minute the Topeka Deal Is Closed Stock May Be Advanced to 18 Cents Per Share.

When the Uncle Sam company wants money it offers a deal that investors can

CASE TO TEST PRIMARY LAW

party. The act violates the constitution, section 2, article ill, which provides that no bill shall contain more than one subject and the same shall be clearly expressed in its title, and no law shall be amended unless the new act contains the section or sections so amended, and the section so amended, and the section so amended in the constitution is violated because it is provided in the act for registration, the appointment of cierks and judges of election and for the primary, separate and distinct acts under one title.

The said primary act does not prohibit the filing of certificate by respondent, and McGilton will be in Lincoin Friday or McGilton will be in Lincoin Friday or

Drugs Still Get Into Penitentiary.

A. H. Gould, the Bellwood bank wrecker,

now in the penitentiary, has been charged

with selling morphine and cocaine to other

prisoners at the state institution and has

been severely reprimanded by Warden

Beemer, who could not punish the man

because he only had the word of other

convicts as to the guilt of Gould and con

vict testimony is not sufficient for the

prisoner under the influence of morphine

and upon questioning him the prisoner said

he had bought the drug from Gould. The

latter, he said, would hide the drugs in the

broom corn, and when the convicts paid

him the money he would tell them where

they could get the goods. Gould denied

the charge and in the absence of more

proof the warden could do nothing but rep-

(From a Staff Correspondent.) LINCOLN, Aug. 17 .- (Special.)-Without permission of the court an original action was started in the supreme court this morning which will settle the constitutionality of the Douglas county primary election law which was enacted by the late legislature. Clark Adair, nominated by the socialists of Douglas county for county clerk, through his attorneys, Leigh & Magney, filed a petition for a mandamus to compel County Clerk Drexel to place his name upon the official ballot, the county clerk having refused to do so because Adair was nominated by a convention instead of by a primary, in accordance with the provisions of the primary election law. Just when the case will be taken up by the judges no one seems to know, as all of them are out of the state at this time. It is understood that County Attorney Slabaugh will file a demurrer to the petition and both sides will then prepare briefs to be presented to the judges upon their return to the state. Before an original suit can be filed in the supreme court permission must be secured by the parties from the judges, but owing to the importance of

Soldiers.

case on the docket. The petition attacks the constitutionality of the law in the following particulars:

That it violates section 22 of article i of the constition, which provides that all elections shall be free, and there shall be no hindrance or impediment to the right of a qualified voter to exercise the elective franchise; that the law requires all candidates for nominations to pay the county treasurer 1 per cent of the salary attached to the office to which he aspires before he can be voted for. It requires any person, if his vote be challenged, to state what party he affiliated with at the last election and if he intends to support the candidates of such political party at the next election and if he supported a majority of the candidates of the party at the last election. It provides that no candidate can get on the ballot unless the party with which he affiliates cast 1 per cent of the total vote at the last election, in the state, county or subdivision or district in which he seeks election. No person can be upon the ballot as the candidate of more than one political of the law in the following particulars:

The Whole United States is Our Field. The banks of the country are full of idle noney. There are thousands of investors

As stated the Uncie Sam company now has four drills at work and is rapidly bringing in additional producing wells.

Drill No. 2 at Work. The Uncle Sam company plans to produce all of its own oil. Drill No. 2 is at

work on proved lands in the north (Peru) this locality and aiready has three first-class producing wells. The grillers are now busy in this neld. Stop and consider the number of wells these four drills will com-plete in a year and you will realize that this stock must grow in value from day to day. Don't wait until a lot more wells are completed and expect to buy this stock at present prices.

Drill No. 3.

This drill is at work on the "Uncle Sam-Central" property, just north of Cherry-vale, where there are already seven wells under the pump. This is on proved grounds and several more good offers are assured. The "Central" is valuable prop-

rels per day not over three-quarters of a mile north of where this drill is going down, while directly south, about half a mile, there are two more very large producers. This drill is going down in rich oil territory, so you see No. 4 rig is drilling in oil territory where we are likely to secure a 200-barrel well. The Uncle Sam company will build another refinery at some pany will build another refinery at some pany will build another refinery at some point in Oklahoma and will start at least three more drills in that part of the oil fields during the next sixty days. It is important to every investor to keep in mind that these four drills go deeper every

me jump to 30 cents per share. There is promised to be selling refined oil by this well now flowing (not pumped) 125 bar-time. It has kept its promise. One great

Expert Pipe Line Man Will Be at Work When You Read This Announcement, While many others have talked about hullding pipe lines, Uncle Sam Refinery company has been working right along. Every week it has unloaded additional miles of pipe along the main trunk line to the Missouri river. The pipe for the first section is now on the grounds and workmen are just commencing to connect it up. The telegram printed herewith was sent to our expert pipe line man on August 5. It ex-

more than others by buying now.

minute and run night and day. Doesn't it look as if the Uncle Sam company was doing just what it has always promised, namely, securing its own production. Would not it be a good plan for you to secure one thousand shares at \$120, or 5,000 shares at \$550, before these drills bring in some big wells and advance the price of stock?

Over 30,000 Acres of Oil and Gas

Can Complete 150 Wells Per Year. It is important to remember before you the company has proven ground for thou-sands of oil wells and that with the present four drills alone we can complete 150 wells every twelve months. The income from our refined oils will pay substantial dividends and run ten drills after pipe line is completed. Better buy some of this stock and hold it a year or so and give the company time to complete its great work.

Stations will be installed at once at Monthly the Complete and Running Night and the Cherokee Nation, South of Bartlesville.

Stations will be supprised to see the stock of the Cherokee Nation, South of Stations and Tank Cars on the Cherokee Nation, South of Stations and Cherokee Nation, South of Stations and Cherokee Nation, South of Statio Wichita, Concordia, Hutchinson, Salina and Topeka, Kan. From these points the Uncle Sam company will be able to market a greater part of their refined oils from the Cherryvale plant. Several tank cars are now on the road to Cherryvale and many more will soon be shipped. The company will be able to deliver all of its oil in its own tank cars or pump it through its own pipe lines. From 1,000 feet under the ground it will take the oil through its different departments until it is ready to burn in your lamps or heat your furnaces. Missouri river we can reach the central United States unhindered and free over the Missouri and Mississippi systems. If necessary we can ship the oil by steamboat clear down the river to Memphis, where we can load it on occan steamers or go further down in the event those we desire to reach do not come that far. No one can interfere with our river barges on the Mississippi.

To increase our production and insure sufficient oil to supply this pipe line from our own wells the company now has four drills at work and will soon

start more. Company will complete 300 offers during next sixteen months and build two more refineries, and also complete this great pipe line. It is a

strong, practical, growing manufacturing proposition, paying as it goes and marching step by step to victory. It is backed by over five thousand stock-holders who stand for a square deal, representing every state and territory in the Union, also Old Mexico, Canada and the Philippine Islands.

linois, Iowa and Missouri, we have an linois, lowe and Missouri, we have an average of 200 stockholders in each state. These friends will come mighty handy and will be right on the spot to protect their interests in the event that underhanded work is attempted against this company, of which there is very little danger with our large number of stockholders, as the company is now in a position to present a petition, even to the national government, which would have weight in the interest of a square deal.

Don't Delay in Sending in Your Order

The stock of this company is offered to sell. And will sell, and sell fast, at these prices. Don't delay your order for the company is crowding the work and Kansans are buying this stock faster now than ever before. When you join this company remember you join a band of men who are working in good faith for the success of one great independent company which is to be free forever from trust domination. We are depending on the liberty-loving people of Kansas and adjoining states to stand by us and to help us out, and judging from the past when remittances have run as high as 15,000 in a single day, we know it will be but a short time until the stock is all placed, pipe line completed and the company be on a great money-making basis. Now is the time to help this good cause along and at the same time secure property that will grow in value while you sleep and pay your children dividends after you are gone. The stock of this company is offered

BEATRICE-A trunk belonging to the Lone Star Carnival company which had been stolen from a Burlington car was found in the weeds near the old brick yard

excellent concerts. The company are often known as the Omaha Commercial Mandolin club (colored).

A leading feature of yesterday's program was the lectures of Hon. G. A. Gearharton, "Dangers that Threaten our Civilization" and "Foot-prints of the Centuries." By had personal magnetism he held the throughtful attention of his audience throughout his entire lecture. His oratory is brilliant and powerful.

FEVER KILLS HOLT COUNTY HORSES

rived in the city at 11 a. m. and was met at the depot by the instructors and a representative body of citizens. At 2:30 p. m. he delivered an eloquent lecture in the marriage of Charles Jeffrey to Miss Nelle Smith at the home of the bride's parents, one mile west of town. About thirty relatives and a few near friends witnessed the ceremony as performed by Rev. H. W. Cope of Adams.

TEKAMAH—Preparations are being made for the Old Settlers' reunion to be held here August 25. A W. Jefferies of Omaha will deliver the address. Two ball games are scheduled for that date with the Fremont team. As the railroads give a reduced rate a large crowd is looked for.

duced rate a large crowd is looked for.

BEATRICE—Reuben B. Gretsinger, a former resident of Beatrice, died at his home six miles northwest of Diller Sunday morning, aged 22. He leaves a young wife, whom he married only two months ago. The funeral was held yesterday afternoon from the Presbyterian church at Diller.

SUTTON—The fiftieth anniversary of Mr. and Mrs. S. C. Ulift was celebrated last evening at the family home. They came to Sutton from Urbana, Ill., many years ago. They were the recipients of many valuable presents, gifts from a large number of relatives and neighbors who were present.

WYMORE—Horses have already begun to arrive for the races to be held here next arrive for the races to be held here next week. The track is in excellent condition and experts have expressed themselves as believing it would be the fastest track in the state in a short time. All indications point to a successful meeting next week. AUBURN-A large crowd atlended the German-American picnic yesterday. The weather was very hot, the crowd large and the shade poor, but every one seemed to have a good time. Judge S. P. Davidson of Tecumseh made the principal address. Rev. John H. Dirks spoke in German. Good music was provided. The principal amusement provided was two match games of base ball, but as the games took place out in a scorching sun very few witnessed them. AUBURN-A large crowd attended the in a scorching sun very few witnessed them.

BEATRICE—The marriage of Miss Ivy
Mae Gamble to Mr. Joseph L. Webb was
solemnized yesterday at 2 p. m. at the
home of the bride's grandmother. Mrs.
Sarah Gamble, Rev. N. A. Martin officiating. None but relatives witnessed the
ceremony. After a short wedding trip the
young couple will make their home in
Chicago, where the groom is attending
the Bennett Medical college. He is a son
of Dr. J. L. Webb, one of Beatrice's oldest
physicians.

TECUMSEH-The congregation of the TECUMSEH—The congregation of the Tecumseh Christian church has called Rev. A. L. Zink of Carroll, Ia., to the pastorate. For some time Rev. C. W. Cooper of Bethany has been pastor, serving this city half time and the church at Severance, Kan., half time. Mr. Cooper is attending the university at Cotner and is not able to put in much time here. The church desires a resident pastor, hence the change. Rev. Zink will serve the Tecumseh congregation but half-time.

TECUMSEH—It looks as though Tecumseh is to have the second telephone sys-

TECUMSEH—It looks as though Tecumseh is to have the second telephone system. H. H. Herndon, a representative of the Independent, the company which operates the automatic 'phones in Lincoln, is in the city endeavoring to secure a franchise from the city council. Mr. Herndon announces that the Independent company will build a line from Lincoln to Kansas City at once, and later will endeavor to put in local exchanges in many of the cities and towns along the line. At present the Bell company has a monopoly of this city and almost of the county, oly of this city and almost of the cour having webbed the district with wires.
