BIOUX CITY, Ia., Aug. 15.—The Packers took the Jobbers into camp today for the fourth successive game, with a shutout, 4 to 0. But one hit was made off Newlin, and that was a lucky high one over the right field fence in the runth inning. For that matter, Jones of St. Joseph was not liberal with safe ones, and it was only the happy faculty of the Packers in bunch-ing their hits which enabled them to acore. Only six hits to safe territory were made, and these of these were ourselinable.

ing their hits which enabled them to score. Only six hits to safe territory were made, and three of these were questionable. All of the scoring was done in the fifth inning. Pulsifer bounded one over the head of Jones and was safe. He stole sec-ond and went to third when Nobilit lifted one in the air to left and anchored nicely at second on the throw. Carney flew out to Zink. O'Hara waiked and Starnagie drove in two runs by a single past third. Newlin waiked, Collins bunted, O'Hara being caught at the plate, and Sheehan brought in a brace with a double to right. That was all. Score: StOUX CITY. ST. JOSEPH. Magee, Ti Bransfield

able speculation as to the final outcome. Caldwell and Young belong to the old school and there is always a considerable number who look upon this class as has-beens, but Young demonstrated that he was not in that class by recently winning the city championship in singles from Scribner. Scribner was strong and fast and was touted by the younger set as a sure winner on account of his speed, train-ing and endurance, but Young defeated him by using his long head and literally running the legs off the younger by keeping him running to and fro across the back court. Entries from all sections of the nearby country, as well as the cracks from other cities, are coming to Secretary Wood and there is no longer any doabt that the en-try list will exceed that of any previous tournament of the middle west champion-ships. Recent rains have put the court at the Field club in perfect condition. These were so reconstructed this spring that a heavy rain has no terrors to the manage-ment, but it simply tends to make the courts so much faster. With six courts in upper so reconstructed the size of the specifies of some size the size of the sis of the size courts so much faster. With six courts in operation all of the time the Field club will present a bisy appearance all next week, as there is sure to be one or two exceptionally good matches on some of the courts all of the time.

Matteson, although a new comer this spring, has many admirers for the game that he plays and the match will be no walkaway for either side.
