Fore Pavorable Weather in the Northwest for Crops.

BEARISH TENDENCY IN THE WHEAT PIT

Feeling in Corn is Stronger as Argentian Shipments Decrease-Europe Blds Close to Market-Grain Exports.

OMAHA, Aug. II. 1805.

A bearish tendecy developed in the wheat pit today as the result of better weather for harvesting in the northwest. At noon prices were off The ast Minneapolis and at the close a full 3c. The local market closed at the lowest figures of the day. September closed at Minneapolis and at the lowest figures of the day. September closed at Minneapolis and style.

With Argentina corn shipments falling off and the prospect good for continued domestic and export demand, the feeling in corn was strong. The morning cables brought bids close to the market at Chicago and New York. Twenty-nve londs of corn were sold at New York for export and y. September closed at 1854c, old Beptember at 254c, December at 444c, old December at 254c, December at 445c.

Cats had a small demand and a small range of prices. Prices were practically unchanged. New York reported seventy londs sold for export. September closed at 26c, December at 25c and May at 25%c.

Liverpool closed 1854d higher on wheat and 4d tower on corn. The firmness in wheat is due to the fact that French trade papers were admitting a large shortage in the north of France, together with unfavorable Indian news and smaller Argentina shipmonts.

The reaboard sold 20,000 bushels of corn OMAHA, Aug. 18, 1906.

the north of France, together with unfavorable Indian news and smaller Argentina shipments.

The seaboard sold 200,000 bushels of corn yesterday, including 144,000 bushels at New York, part No. 2, at 614,661540 for August and early September loading. A scarcity of spot corn was a feature, not a load being offered at New York, although considerable corn is on the road there. Chicago sold 26,000 bushels of cash corn yesterday for direct export. Argentina shipments of wheat last week were 1.675,000 bushels, against 1.062,000 bushels for the previous week and 2.264,000 bushels last year. Argentina corn shipments were 2.845,000 bushels, against 1.452,000 bushels five previous week and 3.784,000 bushels fast year. Exporters were after oats at Chicago yesterday and sales were 195,000 bushels. Baltimore sold 100,000 bushels and New York Sald bids were 4gc out of line. Primary wheat receipts were 695,000 bushels, against 51,000 bushels last year, while anipments were 456,000 bushels, against 518,000 bushels last year. Primary corn receipts were 608,000 bushels and ship-

silipments were 465,000 bushels, against 518,000 bushels last year. Primary corn receipts were 508,000 bushels and shipments 467,000 bushels and shipments 467,000 bushels and shipments of 144,000 bushels. Against receipts last year of 271,000 bushels and shipments of 144,000 bushels.

There was a reduction in freight rates from the Missouri river to Chicago yesterday of 4c per 100 pounds. The Great Western put in a flat rate of 7c as against a previous published tariff of 1ic per 100 pounds. The cut was not so sweeping as it looked." suys the Record-Herald. "On account of numerous elevation charges previously allowed by other roads, the actual tariff herestofore prevailing was only 14c per 100 pounds higher than that put in effect yesterday."

Liverpool Grain Market.

CHICAGO GRAIN AND PROVISIONS

Prices on Board of Trade.

CHICAGO, Aug. 18.—Clearing weather in the northwest eliminated speculative interest in wheat and left the market dull and easy. September closed it to down. September corn is up uc. Oats are off a shade. Provisions closed from Pac to 75% lower. An early indication of weakness in northwestern markets was reflected here by an initial decline in Septembers wheat of \$4,9% at \$23,983 u. A period of seiling at the outset forced the near option still further down the scale. Rains in the spring wheat districts having seemingly been responsible for the recent advance, its cessation was the signal for a return of hearish sentiment. September declined to 31 u and although some short lines were covered at that figure the market acquired no buoyancy. The close was easy, with September a shade above the low point at \$14,981 u. Bradstreet's exports of wheat and flour for the week were 1,09,000 bu, as against 1,073,000 for the corresponding week last year. Clearances of wheat and flour were equal to 71,000 bu, compared with 45,100 for the days last year. Primary receipts were 59,006 bu, against 20,000 bu, as a gainst 1,073,000 for she corresponding week last year. Clearances of wheat and flour were equal to 71,000 bu, compared with 45,100 for bix days last year. Primary receipts were 59,006 bu, against 20,000 bu, as a gainst 20,000 for discount and Chicago reported receipts of 25 cars, as against 256 last week and 125 a year ago.

A good demand for corn for export was the dominating feature in the market for that cereal. Prices were easier under scattered selling by small holders who were pessimistic under promises of a large yield. The taking on of a large line of old crop September delivery by a prominent commission house brought about a mid reversal of sentiment and advanced all deliveries. New September, which was down the acted and closed steady at 55%, closing steady at 25%, Local receipts for temorrow. Wheat, and this made an et loss of 25% c losing steady at 25%, coval receipts for temorrow. Prices on Board of Trade.

Features of the Trading and Closing Selling to Realize Profits Overbears the New Buying Demand

MARKET HAS A FIRM UNDERTONE

Progressive Duliness is Manifested as the Trading Progresses-Bank Statement Causes Hesttation.

NEW TORK, Aug. IR.—Precautionary measures to preserve profits in the shape of selling to realize overbore the new buying demand today and gave the stock market of the day of realizationary long as a whole. NEW YORK. Aug. IR.—Precautionary measures to preserve profits in the shape of selling to realize overbore the new buying demand today and gave the stock market of the day a reactionary tone as a whole. Some question as to the possible effect of the outcome of the peace conference at Portsmouth and the large inroads of the week on the cash reserves of the banks emphasized the disposition to reduce commitments. The market continued to show firm undertone, which was manifested by the progressive duliness of the trading as prices declined. The selling, in fact, was not pursued aggressively and the market had its points of possible strength as well, although these were few in number and without the prevailing effect that has been seen on previous days of the week. The pushing up of a few stocks was obviously for the purpose of sustaining the rest of the market during the process of profit-taking. The perception of this fact diminished the effect of the advances. St. Paul was the conspicuous instance of early strength and it was made to open at a wide advance over last night, while active selling began almost immediately at all other points in the list. Late in the day an enormous accumulation of Pennsylvania set in and this served to hold the level of prices for a time at other points. Reading also went to a new high level during the day. This about exhausts the list of strong stocks among the active market leaders. Otherwise the pressure to sell was quite general, but was most marked in the latest speculalive favorites. The renewal of the dispute over freight rates between the coast and gulf lines was a disturbing factor upon sentiment and the outbreak of yellow fever at new points in the south also was disliked. The sustained firmness of Japanese and Russian government securities kept up the belief in financial circles in an ultimate agreement on a peace treaty at Portsmouth, but the lafluce of the conference had its part in inducing profit-taking saless to the interior of something over \$4.00,.00, was the predomi day.

Bonds were irregular. Total sales, par value, \$3.550,000. United States 3s advanced & the old 4s % and the new 4s 12 per cent on call.

on call.

CATTLE—There was a light run here even for a Friday, only about thirty-nine loads being received. The receipts show a decrease of about twelve loads as compared with last Friday and a decrease of seven-Houston 11.88,860 17.7 | loads being received. The receipts slow as Colared to St. 5,000 18.5 | colared to St. 5,0

cows.

the trade in the big sheep barn today and the market continues in the same satisfactory condition that has been noted for some time. There were sixteen cars reported in, one billed direct to a packer, leaving fitteen cars on sale. The receipts consisted meatly of killers and there was only a small feeder end offered. There is a good strong demand for both sheep and lambs, anything coming in being picked up quickly, as buyers are hungry for supplies. The receipts for the last tendays have been light, creating a good strong market. Heavy receipts could be easily handled with no reduction in prices.

The market was a little stronger than yesterday and the receipts were picked up in good season.

Feeder buyers were up against it again today, there being little or nothing for them to work on. The feeder demand is strong and there are plenty of buyers walting to fill their numerous orders.

Quotations on fat sheep and lambs: Good to choice old wethers, \$5.597.5; good to choice was, \$5.597.5; good to choice old wethers, \$5.597.5; good to choice old

Wool Mnrket,

BOSTON, Aug. 18.—WOOL—The Boston
Commercial Bulletin tomorrow will say of
the wool market; The market is generally
quiet, but some dealers report a fair business in a smaller way. The trade's principal activity is the receiving and distributing of new wools. Australian and South
American wools have not had an active
call, while fine pulled wools have sold
wherever shown. A little 1906 contracting
in Idaho, Wyoming and Nevada prices offered and the attitude of growers does not
at the present promise any general contracting. The foreign markets are extremely strong and stocks are light. The
London wool suictions open September 19.
and the first important Australian sale will
be held at Adelaide on September 19.
The shipments of wool from Boston to
date from December 28, 1904 according to
the same authority, are 147,872,147 pounds,
against 134,512,951 pounds at the same time
last year. The receipts to date are 248,901,
104 pounds, against 202,477,942 pounds for
the same period last year.

ST. LOUIS, Aug. 18.—WOOL—Steady; medium grades, combing and ciothing, 2562
21c; light fine, 21677c; heavy fine, 18922c;

Mi.10674.1242; L. 34.15; R. 34.5267.30c; W. W.

35.15.

NEW YORK, Aug. 18.—COFFEE—Futures
opened steady at a decline of \$510 points,
owing to liquidation promoted by somewhat
disappointing cables and a desire to take
recently accumulated profits. The close
was steady unchanged on August and 5610
points lower on other positions. The
weather in Brazil was reported warmer
and receipts at the ports were reported of 67,500 bags, including September at 7,5567.30c; March, 7,80c;
May. 7,95c; July, 8,65c. Spot, steady; No. 7
Rio, 812.

Bry Goods Market.

NEW YORK, Aug. 18.—DRY GOODS—
Bleached goods started another upward
movement in the dry goods market today,
when prominent lines were moved up Mc
per yard. Buyers consider prices on
ing the first indication of the control str. Lootis, Aug. 18.—Wool.—Steady; medium grades, combing and clothing, 266 21c; light fine, 256 25c; heavy fine, 18622c; tub-washed, 326 25c.
LONDON, Aug. 18.—WOOL—A sale of Cape of Good Hope and Natal sheepskins was held here today. The efferings numbered 144,483 skins, in fair condition. Competition was weak and prices declined 4674d.

Foreign Financial. LONDON, Aug. 18.—Money today was in fair femand to meet calls amounting to about £5,000,000 but afterwards it was easier. Discounts were steady. The Stock exchange was quiet and healtating owing to the uncertainty regarding peace prospects as well as to the fact that many dealers are away for the holidays. Consols to the uncertainty regarding peace prospects as well as to the fact that many dealers are away for the holidays. Consols
eased slightly, but recovered slightly, and
kindred securities were upheid. Home rails
were uneven. Americans opened dull and
undecided and moved slightly on either
side of parity, the gains, however, predominating. New York, Lake Erie & Western
was the feature; Norfolk & Western
was the feature; Norfolk & Western and
Now York Central, and Ontario & Western
improved. Union and Missouri Pacific feli
off. There was a general drop later owing
to profit taking, but the market railied
somewhat in the last haur and then reacted
and closed weaker. Japanese imperial 6s
of 1904 were quoted at 16i.

Dry Goods Market,

NEW YORK, Aug. 18.—DRY GOODS—
Bleached goods started another upward movement in the dry goods market today, when prominent lines were moved up the per yard. Buyers consider prices on all cotton goods have gone too high. Today they confined purchases to small lots for immediate use. Prints were again in heavy demand; stocks at first hands are exhausted. Cotton goods of lower and medium counts are advancing despite the dium counts are advancing despite the
