

BARNES DECLINES TO ACT

Primary and Woodmen Assessments Must Wait for Another Judge.

CAN DO NOTHING WITHOUT ANOTHER JUDGE

Neither Case Likely to Be Given a Hearing Until Supreme Court Meets for Regular Term in September.

From a Staff Correspondent.

LINCOLN, Aug. 19.—(Special.)—Judge J. B. Barnes of the supreme court was in Lincoln this morning having just recently returned to the state from a vacation trip to Wyoming and portions of western Nebraska. Judge Barnes said he would issue no alternative writ in the Douglas county primary election case and neither would he issue an alternative writ in the suit to compel County Clerk Drexel to add the Woodmen of the World reserve fund to its assessment. "Nothing could be done in the cases until at least two members of the court are here, so there will be nothing done until the first meeting of the court, in September. The hearing in the grain case is set for September 18.

Judge Barnes reports a most delightful fishing trip in Holt county, where he said he caught all the trout the law allowed. "On several days," he said, "we caught as many as the law allowed and had to stop and sit around until the next day before doing any more fishing."

The fishing party consisted of Judge Barnes, Charles Kelsey, Commissioner Jackson and E. F. Gilman, and other parties from Bloomfield, Creighton and Nebraska. During his trip Judge Barnes also visited his son, who is practicing law at Casper, Wyo. He will not leave the state any more before court meets.

Auditor No Check on Regents.

According to opinion of the Auditor Cook, the money appropriated for the use of the university can be spent by the regents without being audited by the auditor and when the voucher is presented to the auditor it is his duty to issue the warrant. This conclusion Mr. Cook has arrived at after searching through the statutes for some excuse for refusing to issue warrants asked for upon the authority of the Board of Regents. It is a question whether the statute covering the expenditures for the state university does not conflict with this section of the statutes.

Section 4, article IX, the legislature shall provide by law that all claims upon the treasury shall be audited and approved by the auditor and approved by the secretary of state before any warrant for the amount is issued.

Provided, that a party aggrieved by a decision of the auditor or secretary of state may appeal therefrom.

Inmate Go to Norfolk.

A load of female patients numbering thirty-five was taken from the Lincoln Hospital for the insane to the Norfolk asylum this morning, with Superintendent Alden and three attendants from the Norfolk institution in charge. These patients will fill one of the cottages at the Norfolk asylum, two cottages having already been filled with men. Dr. Green of the Lincoln asylum has been insisting that Dr. Alden take more of the women patients, as nearly two-thirds of the over 600 patients are women. Alden just as persistently insisted on taking the men, as they would be useful to him in putting his institution and grounds in shape. Today, however, Dr. Alden had to take the women.

Wants Tax Levy Reduced.

This morning C. O. Whedon filed an appeal to the district court asking it to force the Board of County Commissioners to cut down the levy from 3 1/2 mills to 7 mills. He says that last year he petitioned the court to cut the 15-mill levy made by the board in two, because the amount that was asked was extravagant and unnecessary for running the county for 1904.

This year, he states, the value of the taxable property has largely increased and 7 mills is ample to meet the demands. He says that he has been taxed one-fifth on property in the county, being assessed at \$40.00.

Mr. Whedon filed this appeal to the Board of Equalization shortly before it made the 3 1/2-mill levy for the current year. It was turned down and now he appeals to the district court for relief. In his appeal last year he lost out.

Disagree Over Light.

James T. Smith and Anderson Williams became involved in a quarrel whether they were burning gasoline or coal oil in the lamp in their room, with the result that a fight started. Williams, so it is claimed, jerked out a knife and did a little carving until Smith got it away from him. Then Williams backed into a room and locked the door and prepared to stop the flow of blood which had started during the fight. About the time he heard Smith at the door telling what he intended to do to the woods, going through a second story window without paying any attention to the glass. He landed on the roof of a one-story building badly cut, and both men were later arrested. Smith broke through the door just as Williams left through the window. Both are colored.

Rain Damages Bridges.

The tremendous rain of Thursday night, which reached the proportions of a cloudburst in the northeastern portion of Lancaster county, caused the destruction of at least \$10,000 damages to bridges and culverts. About 90 per cent of the bridges and culverts have been swept away.

Hundreds of structures were washed away in the report of a delegation of citizens of that section who came into the office of the county commissioners this

afternoon to give the details of the loss and to consult about repairing the damage. The precincts affected by the record-breaking rainfall are Oak, West Oak, Little Salt and Elk.

New System in Crop Reports.

Deputy Labor Commissioner Bush has about completed the establishment of a system of gathering crop statistics, which he thinks will make the reports of the bureau of statistics as accurate as it is possible for such statistics to be. He has secured the names of ten responsible men in every county in the state and a majority of them to whom he has written have consented to become correspondents of the bureau and send in estimates of crop. A few have already sent in their estimates and these are surprisingly similar when it is considered the men are in different parts of the various counties. The average of these estimates will be the estimate for the county.

Guard Team Goes to Shoot.

Adjutant General Culler returned this morning from Kearney and left this evening to go as far as Chicago with the National Guard team on its trip to the national target shoot at New Jersey. The team is composed of the best men representing both regiments and several companies: Colonel W. R. McLaughlin, team captain; Major J. M. Birkenr, team coach; Major Fred Geiger, Lieutenant E. H. Mullenwey, Lieutenant S. E. Est, Sergeant R. E. Burt, Sergeant P. F. Willott, Corporals R. D. Merseback, Jacob Balderson, G. S. Joyce, R. C. Shankland; Privates Conrad, Wegner, William Duffy, H. B. Hobbs, R. E. Young, D. H. Davis, Edgar Bridges and J. F. Brian. General Culler expects the team to make a good showing.

The Hessian Fly.

Although the Hessian fly proved to be less destructive to small grain than had been feared in the early spring," says Prof. Lawrence Bruner, a sufficient number of the larvae has matured nevertheless and have gone into the "flax-seed" stage to make precautionary measures necessary at this time if we would be perfectly certain that no harm shall come to the grain sown this fall.

Since the insect lives over summer in the stubble and issues sufficiently early in the fall to deposit eggs on early sown grain, it becomes necessary to destroy it while yet in the "flax-seed" stage. This can be done by either burning the stubble or plowing it under thoroughly and deeply during the present month. Every farmer should accordingly see to it that all stubble of wheat, barley and rye is thus treated before the flies can issue. If this is unavailing, those who have not yet plowed the stubble can be almost entirely destroyed in a single season. Co-operation, however, is absolutely necessary and the work must be done before the flies issue, as suggested above. Late planting is also recommended to avoid the worst effects of the fear of interference by an early winter.

WITNESSES FAIL AT SCRATCH

Four Men Charged with Burglary Escapes for Lack of Evidence.

WEST POINT, Neb., Aug. 19.—(Special.)—The preliminary hearing of the four men charged with the burglary of Schmitt Bros' clothing store has been concluded. At the conclusion of the evidence and the arguments of the counsel the court announced that there was not sufficient evidence to warrant the binding over of the defendants to the district court and thereupon discharged them. From what has been learned the conclusion of the case is that the witnesses in the case were tampered with. Before the examination began a number of witnesses were eager to tell what they knew and were certain of identifying the defendants. After the hearing their memories failed them altogether and they were conspicuous for their absence. The general impression is that they were intimidated by the gang that infests the village of Crowell and that a good job of house cleaning is in order. In searching for the stolen goods Sheriff Klokke unearthed sufficient plunder to stock a large general store. The gang should be cleaned out.

Wheat Suffers, Apples Prosper.

OSCEOLA, Neb., Aug. 19.—(Special.)—There is not much grain being marketed here with the exception of corn. The market price of wheat is 67 1/2 cents, which is 2 cents lower than last report. The quality about here throughout the fall and winter is reported to be good. They are not dropping as much as reported and many of the trees are so full of the fruit that they have to be propped up, especially in the orchard of Colonel Gregg, in the outskirts of the village.

Cartridge Mangles Boy's Fingers.

BEATRICE, Neb., Aug. 19.—(Special Telegram.)—Clarence Laab, the 13-year-old son of J. O. Laab, who lives southeast of town, was badly hurt last evening by the explosion of a dynamite cartridge. He was playing at a sand bank where some workmen had dropped a cartridge with an ounce of dynamite. Picking up the cartridge he began picking at it with a pin and an explosion followed. His left hand was mangled so badly that the thumb and forefinger were amputated. A piece of flesh was blown out of the forehead and he was also badly burned about the face. It is thought he will recover.

Arrested on Bootlegging Charge.

BEATRICE, Neb., Aug. 19.—(Special.)—Charles Burney and George Tuttle were brought here from Salem by United States Deputy Marshal Haman, charged with selling liquor without a license. On a hearing before Commissioner Babby, Burney was released. Tuttle's hearing is set for tomorrow.

Freight Car Crushes Boy's Hands.

FREMONT, Aug. 19.—(Special Telegram.)—Jacob Freiden, a 7-year-old son of Samuel Freiden, had his right hand mangled and the last three fingers of his left cut off while attempting to catch on to a freight train on the Union Pacific about 3 o'clock this afternoon. He was playing with a number of other boys when he passed, moving slowly. A boy who was with him says that Jake tried to catch on to about the middle car and he fell down. He was taken to the Fremont hospital. The hand will have to be amputated at the wrist and the ends of three fingers the other taken off.

Victims of Scalding Dies.

NORFOLK, Neb., Aug. 19.—(Special.)—Martin Machmuller, a young farmer of 20 years, near Norfolk, has succumbed to the terrible burn which he received two weeks ago in a barrel of scalding water. Plunging head foremost in the barrel of boiling liquid while loading hogs, preparing to scrape the animals after killing and before butchering them, Machmuller was himself scalded from head to foot and when, after having been taken out of the barrel, he was almost literally skinned alive. His flesh had been so cooked in the water that it peeled off in huge chunks with the garments. For two weeks Machmuller suffered intensely and his death today came just as his family had begun to believe he would recover.

RUSH FOR LAND IS OVER

Many Tracts Entered at the North Platte Office Last Week.

SEVERAL SECTIONS STILL TO BE TAKEN

Parties Made Up from Eastern Part of State to Hold Land in the Western Part.

NORTH PLATTE, Neb., Aug. 19.—(Special.)—The rush for one-section land in the land office here is practically now over, although a few entries are made each day. About one hundred and fifty sections were filed all together. There is left yet for filing about 100 sections, most of which is located through the western portion of the county, but the entries seem unusually generally to want to stay as close to the railroad as possible, and hence allowed the land further north in McPherson county, to be vacant, although it is considered to be better land. For a time there has been a rush for land for homesteads, who scoured the country for miles making their choice, and then returned to file. The land is best suited for grazing purposes, and this is the object in mind with most of the settlers. It is reported however that an Omaha entryman, sought for someone with whom he might make a contract to plow up, and plant the whole of his section to fall grain. Most of the sections have been taken up by the railroad and various crops, but the homesteader who expected to find full sections of which every acre could be immediately put to crops was mistaken. Not many had that idea however. Those who traveled over it claim that they found the soil established residence, and just ready to be cut for hay.

A considerable number of the entrymen came in groups, and would arrange and get a number of sections together, so that they might have the advantage of their friends. Quite a large settlement at Edgar people did this north of Ogallala about twenty-five miles, and about a dozen families of married men, did likewise about twelve to fifteen miles above Paxton. The latter declare that they will put in their land as soon as circumstances permit, and will have a school established, and a general settlement of the country.

The attitude of the cattlemen, is considerably more polite since the wholesome influence of the government has been applied, and they who have by threats and intimidations kept out entrymen heretofore, will no longer give trouble.

Quite a number of contests are expected against entries made last spring where the entrymen have not established residence according to law, as it is stated that not half of them have moved to their land, or in any way improved it. An official of the department of the interior stated that land openings were usually if not always the case that never made good, and that seems to be about the proportion of the February entrymen, whose claims now become subject to contest.

About 100 sections of splendid grazing land was secured, in the North Platte land office district.

LAW HOLDS CREEK IN CHANNEL

County Commissioners Are Restrained from Changing Its Course.

DAKOTA CITY, Neb., Aug. 19.—(Special.)—The county commissioners and County Clerk W. L. Ross, were this morning, upon the convening of the board, served with an injunction, with the injunction restraining them from changing the natural course of Elk Creek, or from diverting its waters. The injunction is the outgrowth of a petition filed by Thomas Sullivan asking that the course of Elk creek be changed from its present course to the river, so as to flow into Jackson lake, which it was thought would prevent the overflow of several hundred acres of valuable farm land every spring. The parties affected seem to be about evenly divided on the matter. The grounds on which the injunction was issued were that a majority of the members of the board of county commissioners were disqualified from acting on the matter by reason of their owning lands affected thereby, and in violation of their direct personal interests therein.

Chase County Booming.

IMPERIAL, Neb., Aug. 19.—(Special.)—Chase county is booming. During the last six months about 20,000 acres have been sold to eastern Nebraska men. Many are securing for themselves good homes for a small amount of money. The land has advanced 50 per cent in the last two months.

There is a good yield of small grain of all kinds; wheat is making an average of thirty to forty bushels per acre; oats are heavy, with barley equally as good. Wheat is selling for 68 cents a bushel, and corn for 40 cents. The only drawback to the farmers are having some trouble in getting machines to thresh their grain.

This county had five creamery stations with an average of 100 cans per day. Many of the farmers who have purchased land will move out on their farms this fall or next spring.

This county has not had a failure in crops for the last eight years. With these existing conditions Chase county will soon rank among the best of the western counties in the state.

Nemaha Institute Closes.

AUBURN, Neb., Aug. 19.—(Special.)—The Nemaha county institute, which has been in session all week, closed yesterday. There was an enrollment of 118 teachers, and all the public school teachers of the county were in attendance except five, and the reasons for non-attendance of these were known to the county superintendent, County Superintendent George D. Carrington, Jr., had supervision over the institute, assisted by Dr. H. R. Holbrook of Pittsburg, Pa., who is teaching pedagogy, the exceptional work of the institute. Superintendent Simpson of the Auburn school has had charge of the classes in geography and agriculture. Miss Majors was the instructor in the primary department. During the week interesting lectures were delivered by Professor Martin of Nebraska City, Professor Crabtree of Peru and Dr. Holbrook. The institute was also entertained by Professor Chas. Pierson, an educational work in the Philippines; where he has been an instructor for the last four years. The institute in all respects was a very successful one.

Freight Car Crushes Boy's Hands.

FREMONT, Aug. 19.—(Special Telegram.)—Jacob Freiden, a 7-year-old son of Samuel Freiden, had his right hand mangled and the last three fingers of his left cut off while attempting to catch on to a freight train on the Union Pacific about 3 o'clock this afternoon. He was playing with a number of other boys when he passed, moving slowly. A boy who was with him says that Jake tried to catch on to about the middle car and he fell down. He was taken to the Fremont hospital. The hand will have to be amputated at the wrist and the ends of three fingers the other taken off.

Victims of Scalding Dies.

NORFOLK, Neb., Aug. 19.—(Special.)—Martin Machmuller, a young farmer of 20 years, near Norfolk, has succumbed to the terrible burn which he received two weeks ago in a barrel of scalding water. Plunging head foremost in the barrel of boiling liquid while loading hogs, preparing to scrape the animals after killing and before butchering them, Machmuller was himself scalded from head to foot and when, after having been taken out of the barrel, he was almost literally skinned alive. His flesh had been so cooked in the water that it peeled off in huge chunks with the garments. Bed room furniture—in removal sale we have reduced prices on all bed room furniture—reductions ranging from 10 to 33 1/2 per cent. Fancy odd rockers—Now is an excellent time to make selections from our stock of fancy rockers, in all woods, at reductions from 15 to 33 1/2 per cent.

We want to impress upon you the fact that reductions are all bona fide. It is surely an excellent purchasing opportunity for anyone in need of house furnishings. The reductions apply on furniture of every description, all carpets, rugs, draperies and curtains.

interfered with the growth to a great extent, and that it is now probable there will be no more of a crop than there was two years ago.

WOOD RIVER—Station new residences have been built in Wood River since January 1 and it is probable that eight or ten more will be started before the end of the year. Besides these new buildings, several thousand dollars has been spent for other improvements.

WEST POINT—Carl Heller, aged 50 years, a pioneer settler of Cumming county, died here this week, with fifteen minutes of the supplies of St. Paul's German Lutheran church, Rev. A. E. Gelsinger, officiating. He was a native of Prussia and a stomachic trouble.

BEATRICE—The Gas County Teachers' institute convenes in this city Monday, August 21, for one week. The instructors are Superintendent Fulsom, Superintendent Davis of Beatrice, Superintendent J. W. Seaton of Waboo and Miss Eugenia Kimball of Minneapolis.

STROMBERG—The annual camp meeting of the Swedish M. E. church is being held here this week, with fifteen minutes from this and other states, besides many from all parts who come here to camp for ten days. Rev. Mr. G. W. Lincoln of Lincoln, is conducting the services.

BEATRICE—The price of wheat has increased 1 cent the last two weeks, the price being 70 cents. Corn remains steady at 41 cents and oats at 20 1/2 cents. But little grain was marketed yesterday, and the count of the muddy condition of the roads. The demand for many grains is good.

WOOD RIVER—Several new rowboats have been ordered by telegraph for Wood River lake, near Silver Lake, and are being shipped here. A large pavilion has been built for the use of the board of health. Plans have already been made to have the river dredged.

DAKOTA CITY—At the special election to vote on the proposition of issuing \$25,000 bonds for the erection of a new school building, the voters voted, eleven against the proposition and 149 for it. School will begin August 28 and vacation early next spring as possible.

WOOD RIVER—Preparations are being made for the feeding of a large number of sheep at this point. Already many of the feeders are being sent to the feeders and the prospects for a large crop are so good that a successful season for the sheepmen is insured.

BEATRICE—Mrs. Isabel Greer of this city died yesterday afternoon at her home. Mrs. Greer is a remarkably well preserved woman, taking a lively interest in the affairs of the church, and was very active. She attends church regularly and does her own housework, as well as to her friends and attend to her shopping.

FREMONT—Mary Carey and Carrie Reynolds, the two sisters, were arrested yesterday on a charge of stealing \$50 worth of goods from a millinery and dry goods store at Dodge. The girls were taken to the jail. The girls were taken to the jail. The girls were taken to the jail.

BEATRICE—This section was visited by a good rain early this morning. The crops are being well watered, and the large wheat crop just harvested the farmers are very pleased with the results. The crops are being well watered, and the large wheat crop just harvested the farmers are very pleased with the results.

STROMBERG—The funeral of Miss Olive Erickson occurred yesterday from the home of her father, Mr. and Mrs. O. E. Erickson. The services were conducted by Rev. Mr. Morley of Tobias, a long time friend of the family and former pastor of the Norwegian M. E. church here. Her brother-in-law, G. W. Greer, manager of the Indian ball team, came from Michigan in time for the funeral.

BEATRICE—The Beatrice labor unions held a meeting last night and arranged the program for the Labor day picnic to be held at the fair grounds on Monday, August 21. The Lincoln delegation will arrive in Beatrice on the morning of September 4 on a special train over the Burlington, accompanied by a brass band. The party, it is expected, will be a very successful one.

HARVARD—The funeral of Mrs. Philip Scher was held from the home of the deceased, a mile west of city, this morning, and was largely attended by friends of the family. The deceased was in the sixty-seventh year of her life and the mother of thirteen children, eleven now living, all of whom, with the exception of the youngest, had preceded her in death. Her six sons, acting as pallbearers.

LEXINGTON—The Dawson county chautauque is increasing in interest. The weather is all that could be desired. The cause of the chautauque is a measure of Governor Fuik was in a measure overborne by the presence of Congressman G. W. Greer, who gave a very interesting and well illustrated lecture on Norway by special request, instead of his own lecture on "Russia Adrift."

FAIRBURY—The republican county convention of Jefferson county to nominate a county ticket and elect delegates to the state convention was held last night. The only fight appears to be over the office of county treasurer, four candidates being named, J. H. LeRoy, A. F. Smith and C. G. Catlin. As they are all of this precinct an agreement has been made to hold a primary election Monday and divide the vote of the delegates to the county convention among the candidates in proportion to the votes each receives at the primaries.

Starting Evidence

is daily advanced of the curative powers of Dr. King's New Discovery for Consumption, Coughs and Colds, 50 cents and \$1. For sale by Sherman & McConnell Drug Co.

Daylight Robbery in Chicago.

CHICAGO, Aug. 19.—A daring daylight robbery was perpetrated here today, when H. G. Board, assistant treasurer of the Press and Sign company here, was waylaid and robbed by two armed men. Mr. Board was going to the office of the company from a bank with the currency for the weekly pay roll. He was accosted by two well-dressed men. One of the men pointed a revolver at him and the other struck with a billy. He fell to the ground and a valise containing the money was taken from him.

TREATY IS "UP TO" CHINA

Peking Hears that America Will Not Treat Until Boycott is Stopped.

GOVERNMENT WILL DO ALL THAT IT CAN

Promises to Suppress All Illegal or Disorderly Actions, but Cannot Control Other Action of the Boycottees.

PEKING, Aug. 19.—Afternoon.—It is learned here upon good authority that the American government has notified China that all negotiations for a new convention to discuss the Chinese exclusion act will be discontinued until the anti-American boycott is stopped, and has also given notice that China will be held responsible for any loss sustained by reason of the boycott.

The Chinese authorities state that they will take energetic steps to stop everything of an illegal or disorderly character, but that they cannot stop the boycott.

No Information at Washington.

WASHINGTON, Aug. 19.—No information can be obtained at the State department concerning the treaty negotiations alluded to in the above dispatch. The matter of holding China responsible for losses sustained by American citizens, it is presumed, refers to instructions sent to Minister Rockhill directing him to inform the Chinese government that the United States would insist upon the fulfillment of treaty stipulations.

The Chinese minister showed great interest in the dispatch, but would make no comment upon it.

FIRST TELEPHONE TAKEN DOWN

Instrument Made According to Scientific American Plan for Practical Use in England.

LONDON, Aug. 19.—(Special Cablegram to the Bee.)—The comparatively modern date of the invention of the telephone is demonstrated by the announcement that what was probably the first telephone used for practical purposes in England has just been taken down. It was constructed by the late Alfred Cunningham and his brothers between the old town hall, Devizes and Southgate house, the residence of the Cunningham family, and was made from the de-

editions and illustrative sketches which Ellison contributed to the Scientific American.

Reids Are "Visiting Round."

LONDON, Aug. 19.—Whitely Reid, the American ambassador, and Mrs. and Miss Reid, have gone on a three weeks' tour of the country houses of their English friends and will make part of the journey in a motor car. The first visit will be paid to the earl of Dartmouth, at Patchell house, Wolverhampton, and the next to the duke and duchess of Somerset, at Malfon Bradley, Bath, where they will stay until Wednesday. Mr. and Mrs. Reid, immediately on the conclusion of their round of visits, hope to entertain at West park, the beautiful estate of the late Earl Vyner at Amphil, Bedfordshire, which the ambassador recently leased.

All Well.

The least thing wrong with your bowels, makes you sick. Dr. King's New Life Pills may you all well. 25 cents. For sale by Sherman & McConnell Drug Co.

FORECAST OF THE WEATHER

Fair Today in Nebraska, Partly Cloudy and Cooler Tomorrow—Fair in Iowa Today.

WASHINGTON, Aug. 19.—Forecast of the weather for Sunday and Monday: For Nebraska—Fair Sunday, Monday, partly cloudy and cooler.

For Iowa—Fair and warmer Sunday, Monday, fair.

For South Dakota—Fair Sunday; warmer in extreme west portion; showers and cooler at night or Monday.
