NEGRO KILLED AT NORFOLK that by White Man Who Escapes and Omaha Boys Held as Witnesses.

NORFOLK, Neb., Aug. 24.-(Special Telegram.)-Asking for a drink of whisky an unidentified negro was murdered last night by an unidentified and uncaptured white man.

Up to a late hour today no trace of the murderer had been found. Police officers now believe that they had the murderer in their clutches during the early hours of today in a freight car, but he was not arrested. There were two of them, soaking wet from the rain, who had crawled into the car for a bed. After officers had found them and left them the description given by the Omaha lads, eye witnesses, seemed to fit the fellows. The body of the murdered negro will prob-

ably be sent to the State medical college at Lincoln, as he has no friends here. Vernon Turner, 2415 Emmet street, and Roy Beer, 2305 Vinton street, Omaha, each aged 16, were with the murderer when he

ot. They are being held as witnesses. It was thought that the murderer had been caught at Fremont, but this proved false.

Mrs. Turner says her son left home last Monday afternoon at 4 o'clock, but she did not know of his intentions of going away. When he did not return at night she did not give the matter very serious thought, she stated, as the boy has gone away on numerous occasions to "see the world, going on one occasion as far as California. The Turner boy made the acquaintance the Beer boy when the two familie neighbors. Mrs. Turner has no knowledge, she says, of the man reported to have been with the boys at Norfolk, but thinks the man to have been some one the boys met on the way from Omaha.

Mrs. Turner left for Norfolk Thursday afternoon. An inquiry at the Beer home Thursday afternoon failed to develop any further news regarding the matter. His father stated that the boy had not been home for several months and the first intelligence he had of his whereabouts was the report given him by The Bee of the nothing of the matter at all other than in connection with the case.

LAYS BLAME ON THE OMAHA DEALER

Regents of University Do Not Think Appropriation for Administration Building Will Lapse with the Month.

(From a Staff Correspondent.) LINCOLN, Aug. M .- (Special.) -- Senator Fries of Valley county was in Lincoln last night, having just recently returned from a visit to California points. Senator Fries is just now feeling the public pulse, preparatory to announcing his candidacy for the republican nomination for governor. When asked concerning the prospective proceedings to be instituted against the alleged number trust by the attorney general at the conclusion of the grain suit, Senator Fries said:

The state association of lumber dealers will welcome a suit to be started by the attorney general or any one else. You see we have been through the mill once and a judgment was secured against us. That aught us a lesson and we at once burned up our old constitution and by-laws and reorganized in conformity with the laws. Every move we have made has been made after a consultation with attorneys who know their business, so a suit against the association will not injure us. The assodation is not doing business contrary to

Before going to California Senator Fries nade a trip back to his old home in Virginia where he attended a reunion of the Fries family, at which were present 500 persons of whom 250 were named Fries and the other 250 or thereabouts were descendants of the family. "The occasion was certainly a Fries out," said the senator in telling about. Locates Trouble in Omaha,

Should Attorney General Brown start proeedings to see whether the lumber dealers of Nebraska are organized to shut out the little dealers and control trade and prices he will, in all probability, secure some evidence from among the members of the Lumber Dealers' association, who, will tell some stories against the big lumber dealers in Omaha which will materially help him.

NEW YORK, Aug. 24.—Fourteen opera singers, on their way to San Francisco, arrived in this city today on the steamer Sicilia, from Genoa and Naples.

IMPURE WATER

Is the Direct Cause of Typhoid, Malaria, Dysentery, Cholera Morbus, the Fatal Hot Weather Complaints. Duffy's Pure Malt Whiskey is Prescribed by Doctors Everywhere as a Sure Preventative.

If you are going to the seashore or countryide for your summer vacation don't fail to take a bottle of Duffy's with you. The greater share of the summer hotels and country farmhouses depend almost entirely upon impure wells and worm-eaten disterns for their water supply. True, in most cases the drinking water is filtered, but think of the millions of tiny, minute germs which escape even the finest screened filter and cause typhoid, cholora morbus and bowel trouble. Examine a seemingly pure glass of drinking water under a powerful microscope and you will be horrified to find the water swarming with disease germs. ASS OF D. ...
