Lucy J. Springer began suit for divorce yesterday from Warren Springer, to whom she was married in this city July 31, 1993. She alleges that within six months of their marriage her husband abandoned her. She also charges him with beating her in a also charges him with beating fler in a cruel and inhuman manner and asks the custody of their minor child.

Work on Telephone System.

The Council Bluffs Independent Telephone company is going ahead rapidly with the construction of its system. Yesterday Rt awarded the contract for the equipment of its exchange to the American Telephone company of Chicago. The contract involves mething over \$30,000.

The exchange will be located on South Main street at the head of First avenue on the property now occupied by the office of the Fenion-Wickman Coal company. The deal for the purchase of the site from the Harl-Hass Drug company has been con sumated and the erection of the exchange building will begin next month.

Contractor Wickham has laid a mile of the underground conduits. This work. which includes about five miles of conduits, will cost upwards of \$20,000. The company has received several carloads of poles which are piled in its grounds alongside the Great Western tracks. If the work proceeds as favorably as at present the company expects to be able to make connections with the outlying independent lines by the first of the year.

The company has decided upon using the manual and not the automatic systems as at first contemplated.

Sues City for Fire Damage. The Walker Manufacturing company, whose factory at Tenth avenue and Twelfth street was destroyed by fire last spring. has filed original notice of suit in the district court against the city of Council Bluffs for \$40,000 damages. The company alleges that the city was responsible for the clogged condition of the hydrants in the immediate vicinity of the factory which delayed the firemen in getting water on the

When the firemen reached the factory the night of the fire and coupled to the hydrant nearby they were unable to open the valve. They were compelled to take the hose to another hydrant a considerable distance further away and in the meantime the blaze grew to such proportions that it was impossible to subdue it. It was contended the night of the fire that if the hydrant to which the firemen first coupled had been in working order the blaze could easily have been extinguished with but a trifling loss to the firm.

Telephone Assessment Delayed. County Auditor Cheyne yesterday ceived a communication from A. D. Davidson; secretary of the state executive council, stating that it was probable it would be unable to complete the assessment for tele-

DECISION IN MANAWA CASE

Judge Scott Sustains Contention of Property Owners Outside Resort.

HOLDS ACTION OF COUNTY BOARD ILLEGAL

Execution on Judgment Held Back by Notice of Motor Company It Will Appeal from Superior Court Findings.

Judge Scott of the superior court handed own his decision in the Manawa fence litigation yesterday, The decision is a sweeping victory for the property owners at Madawa, who opposed the closing by the motor company of several public ther oughfares which traverse the Lake Manawa

A year ago or more Judge Scott on the application of certain property owners at Manawa ordered the street railway company to remove the fences which it had erected across a number of public streets and avenues. The supreme court affirmed Judge Scott's ruling, but last April the Board of County Supervisors, on application of the street railway company. dered the streets in controversy and others vacated and the street railway company put back its fences. This resulted in Chrisman, Robards, Beck and others, the plaintiffs in the former litigation, bringing certiorari proceedings in Judge Scott's ourt, attacking the validity of the action of the county supervisors and also in Alder man A. G. Gilbert bringing an injunction suit to restrain the supervisors from vacating or attempting to vacate any streets in Manawa or Regatta Place.

In the certiorari suit Judge Scott holds that the proceedings of the Board of Supervisors on April 22, 1906, were without proper jurisdiction and are null and void and the same are ordered annulled and set aside.

Streets Involved.

The streets, highways and alley: ordered vacated by the Board of Superv. or and now ordered opened by Judge Scott are:

All that part of the street in the plat of Manawa park known as Portland avenue, lying west of Third street, and that part of the street in the plat of Manawa park, known as South Fourth street, south of Park avenue.

All that part of the street in Regatta Place known as Regatta avenue, lying west of the street in the town plat of Manawa park; known as Main street.

All that street in the plat of Manawa park known as South Third street, south of Portland avenue.

The alleys in blocks 27, 28, 29, 30, 31, 33 and 34, of the plat of Manawa park.

The street known as Boulevard in plat of the twon of Lake Manawa known as Manawa park, from the south line of the plat of Manawa park to its intersection with Main street of the county road.

In the injunction suit of Gilbert against now ordered opened by Judge Scott are:

In the injunction suit of Gilbert against the Board of County Supervisors and others the court enjoins the Board of Supervisors, and the members thereof, and their succes sors in office, from closing or attempting to close, or to make any order with ref. erence to vacating or closing any of the following described streets and alleys in Manawa Park addition.

Park avenue, Yacht avenue, Shell avenue and the streets and alleys tying between, in the said Regatta Place, and First, Sec-ond, Third, Fourth and Main streets, Bouleond, Third, Fourth and Main streets, souls-vard and Park avenue. Portland and Lake avenues, and the alleys between said streets, all in Manawa Park addition above described.

Execution under the judgment was no issued yesterday, as the attorneys for the street railway company applied for a super sedeas or stay of proceedings and the hear- offered articles for sale. The merchants of ing on the application will be held by Judge Scott this morning. The street rail way company, it is said, will appeal, but what action the county supervisors will take will not be determined until the meeting on September 4.

Almost a Hundred Attend First Day of Convention.

The opening sessions yesterday of the eighteenth annual meeting of the Medical lociety of the Missouri Valley were marked by an attendance of close upon 100 mem- husband, who was milking in the barn when bers, the largest for several years. The man is in a serious evening before the members boarded the cars for Lake Manawa, where the visitors were the guests of the local medics at a was terribly shocked. Wild's shoe store fell smoker. The opening session was called to a victim to a thunderbolt. The plate glass order by Dr. V. L. Treynor of this city, chairman of the committee on arrangements, and a short address of welcome was made by Mayor Macrae in his dual capacity as chief executive of the municipality and member of the society. Dr. William Jepson of Sloux City, president of the Iowa State Medical society, made a happy response and then the meeting settled down to business such as the reading of reports of the several committees and other routine work. The election of officers, however, was postponed until 11 o'clock this morning.

A particularly interesting feature of the opering session was the annual address of the president, Dr. S. Grover Burnett of Kansas City, who took for his subject "Oslerism Bearded; or, a Study of Age in to Des Moines from Omaha and ject Dr. Burneti said:

Ject Dr. Burneti said:

I am proud to know that an organization so great, active and influentital as the Medical Society of the Missouri Valley disdains political intrigues and cliques in its executive management. It gives her members not only the stamp of workers for the best interests of the society, but the stamp of gentlemen allied in a thoughtful and common cause. In other words, it indicates that we are still thinking, and that we have not yet reached the Oslerian epoch of the "comparative uselessness" of men above 4e years of age, and that none of us are nearing a peaceful departure by chloroform.

We know that man's tissues have their greatest compensatory powers up to 35

phone and telegraph companies in time to cartify same to the Board of Supervisors at the latter's meeting in September. The state executive council, Mr. Davidson states, suggests that the board take the last year's assessment as there possibly would be but few changes and these could be easily rectified later before the tax is spread on the books.

The Board of County Supervisors will meet Monday, September 4, to fix the tax levy for 1806.

David T. Stubbs Gives Bail.

David T. Stubbs Gives Bail.

David T. Stubbs cashier of the Citizens' Gas and Electric company, charged with embershing nearly £300 bond. The bond is a "syndicate" one, some fifteen of Stubbs' friends subscribing for \$100 and \$200 each in order to make up the required amount.

N. E. Plumbing Co. Tet 230. Night, Fig. Basing our reasoning upon the physiological truth and to which the generality of man must bow submissively. Accepting these facts, is there proof of the "comparative uselessness of man after do years of age! In a few cases I would years of age! In a few cases I would say yes, but in general I phone and telegraph companies in time to greatest compensatory powers up to S certify same to the Board of Supervisors and 40; at this age they stand the greatest at the latter's meeting in September. The steam pressure. Also that giving away of

all pause in reverential meditation. It impresses us; it is complete.

Basing our reasoning upon the physiologic rise and the pathelogic recession, can we say that the world in seneral would lose little if the leading minds were consigned to the funk heap at 40? No, the world cannot afford to lose its early thought that becomes fully ripened in the sunshine of experience between 40 and 50 years of are. The report of Dr. Charles Wood absect the society had

they were locked up.

What the executive council has been fearing has materialized and the publication of the state census is likely to be held up by an injunction secured by the temper pany, and his attorney stated he would ance people of Atlantic. The people of Atlantic are divided and are fighting over the question of whether or not the city is. large enough to support saloons with the consent of half the voters. Now they have father, Jonothan Holeton, three miles west asked for an injunction against the publication of the gensus till the courts have decided the matter. It is feared this will greatly delay the publication which was to have appeared the last of this year.

Program for Flag Ceremonies, Adjutant Newman of the G. A. R. today issued the program for the ceremonies attending the removal of the flags to the air tight cases on the first floor of the state house. The ceremonies will be held Wednesday next beginning at 10 o'clock and General Weaver will be the principal speaker. The veterans will meet an hour before in the senate chamber to name the details to bear the battle flags that are fast crumbling to shreds. Companies A and F of the guard of Des Moines will form the escort. The program will consist of an invocation by Rev. A. L. Frisbie. music by the government Indian band, address by General Weaver, song by Mrs. Jesse W. Cheek, address by Governor Cum-

No Revision Yet. The usual custom of holding three or four hearings a year on freight classifica-

tions will not be followed this year by the railroad commissioners and the only hearteam composed of players from Walnut ing will be the one in December in preparaand Hancock were picked up and the game tion for the January publication of the classification list. Not to Stiffe Competition.

At the meeting of the railroad commissioners today it was decided that there must be free competition in the matter of erecting grain elevators. Up to this time the board has frowned on the proposal of farmers' organizations to erect elevators where there was already an elevator that took care of the trade. The railroads have also to the commission opposed the erection of elevators by farmers' companies, claiming there was little profit in the business The commission had before it the letter of a railroad and in its reply established a new policy and that is that the farmers shall have the right to erect elevators in competition with the line elevators.

Many Exhibitors Here. The State fair grounds already present a lively appearance. A great many of the exhibitors are on the grounds, especially in the machinery exhibits. A large shipment of cattle reached the grounds late today and the first of the horses have arrived. Governor Packard, who has charge of the cattle exhibit, said today that there would without doubt be the best cattle exhibit the fair has ever had.

Governor Cummins Busy. After speaking every day this week except Monday, Governor Cummins speaks today at Primghar, tomorrow at Belle Plaine, Sunday at the Epworth league convention in Newton, Monday at Monticello and Tuesday and Wednesday will be in Des Moines to attend the Governor's day and flag ceremonies at the State fair and the state house. He will have other speeches next week over the state.
