## HOMPSON BELDEN & GO

Y. M. C. A. Building, Cor. 16th and Douglas.

Roosevelt's proposition looking to an agree- of the labors for peace, in whose beginning ment of peace.

Emperor Nicholas has communicated to the president through Ambassador Meyer at St. Petersburg his response to Mr. Roosevelt's latest suggestions. That response was received by the president today. Its specific terms are not disclosed here. It is known, however, that Russia declines to pay to Japan an indemnity in any amount or in, any form.

Whether the decision of the Russian em peror will destroy remaining prospects of an agreement of any sort between the rep resentatives of Russia and Japan remains yet to be determined. The crisis, as indicated in the dispatches last night, probably will be reached next Monday afternoon, to which time the peace conferees today adjourned The Russian emperor has spoken, it remains now for the emperor of Japan to decide whether further con cessions shall be made or whether indeed the conference at Portsmouth shall continue longer in its efforts to find a basis of agreement between the powers.

As heretofore indicated, the president has communicated directly not only with the Russian emperor, but also with the Japanese government. It is not revealed whether it is his intention further to conmunicate with Japan, but it is quite certain that he will not relinquish his hope of a peaceful adjustment of the pending FREEDOM AT THE ELECTIONS differences until the final dissolution of the conference.

Rouvier Confers with Jusserand. PARIS, Aug. M .- Premier Rouvier had long talk at the Foreign office today with M. Jusserand, ambassador to the United States. Its nature has not been disclosed, but it is presumed that it related to American affairs and to the general status of the negotiations at Portsmouth. However, the government is not giving any outward signs of activity in connection with the peace sonference, owing to the sensitive- of the interior strictly limiting the powers ness of French relations with Russia. In- of the prefects to the extent of their puniformation from officials at St. Petersburg tive authority, which insures the independshow that Ambassador Meyer's meeting with the emperor lasted only ten minutes and was not productive of notable results The brevity of the meeting is looked upon as an unfavorable sign. Nevertheless, government circles believe that Russia's inability to raise more money for war purposes will prove a decisive factor in compelling the conclusion of peace. Since the French bankers recently refused a new loan on account of the uncertainties of the war their attitude has become more uncompromising against a prolongation of the struggle. This is due to the dangers of depression in the enormous French holdings of Russian securities should the war go on indefinitely. Therefore, since the Paris money market is practically cut off for more war funds, it is the view in the highest quarters that peace has strong chances of realization through the financial

inability of Russia to continue the war. The Bourse today became sensitive over unfavorable reports from Portsmouth. Russians declining 50 centimes and bonds of 1904 losing a franc. The market closed weak owing to the depression in Russian

securities. Asks Rockefeller to Pay Jap Bill. PARIS, Aug. 21.-Owing to the reports from Portsmouth indicating that the quesion of peace between Russia and Japan hinges solely on Russia paying an indemnity to Japan, the Matin has cabled tonight a remarkable appeal to John D. Rockefeller. at Cleveland, O. The appeal in part fol-

The question of money threatens to un-loosen afresh and with redoubled violence the securge of war. President Roosevelt is making noble and heroic efforts to end a struggle between two nations whose popu-lations amount to one-seventh of the entire population of the globe. His initiative honors America in the opinion of civilized nations.

nations.

The question arises as to whether another American would not share the glory- of Mr. Roosevelt and complete his work by overcoming the sole obstacle now hindering peace. He would thus demonstrate the might of money in powerful and generous hands.

hands.

The Matin constituting itself spokesman for this sentiment addresses the richest citizen in the world.

The appeal concludes with lengthy arguments showing the immense benefits such an act would confer upon civilization. CLEVELAND, O., Aug. 26 .- Mr. Rocke-

feller declined to make any statement tonight regarding the cablegram from the Paris Matin, which was received early in roughly conscientious, and when the great the evening at Forest Hill, his summer struggle comes, as it will; as it must come

Kaiser Enters Denial. BERLIN, Aug. 26.-The Associated Press today received the following communica-

tion from the Foreign office; The Foreign office empowers the Associated Press to declare that all reports of the opposition of the emperor to the mediation of President Roosevelt are absurd. The emperor regards the endeavors of the president with admiration and takes the greatest interest in the success

Dr. White today certified to Dr. Heber country. A leading Gothenburg paper says, among other things: "The fact that Consul Bergh is a Norwegian by birth ought not to have anything to do with the windows. That there had been loss whom he believed to have been infected this matter. He should remember that he of life was not known until a search of the pride of every one in Council Bluffs and in Memphis. On a report to the health is an American consul in a Swedish city. and this being the case it ought not to make any difference whether he was born in Norway, Madagascar or Patagonia. There is something called common, simple nation over the affair. Dr. White has popular decency, which a consul must pos-

In another paper the next day Consul never thought of demonstrating; how could Vincent Guerico, in Memphis, at 249 North any sensible person for a moment believe him to be such a fool. The whole matter was due to oversight. His clerk was en joying a vacation and he was consequently so overwhelmed with work that he could rot possibly find time to read the newspapers, and therefore he had no knowledge of the arrival of the king.

Another Side to Story. This episode reminds us of a similar case. Mr. Victor E. Nelson of California, ex-consul at Bergen, Norway, was a native of Gothenburg, Sweden, and a gentleman, Leeville, at the mouth of Bayou La- urbane and accommodating, as is also Con-ST. PETERSBURG Aug. 25.—The fears fourche. Dr. Devron reports 223 cases of expressed by the liberals that elections to yellow fever now under treatment and a Swede by birth, and was appointed Ameriboston, Mrs. Martin and their 10-year-old the earth. All points will count, the greater happened? Why, blood is thicker than water, as the saying boes, and while he executed his duties as consul ably and satisfactorily he was compelled to resign his position because he did not please the Norwegians. A feeling of dislike was engendered by the mere fact that he was a Swede by birth, and this feeling grew and became so acute that the good people of Bergen hardly knew anything too mean to say about Mr. Nelson. He was persecuted in every imaginable way, and disreputable stories were published in the newspapers about him. He was even accused of embezzling funds entrusted in his care by the American government and intended for pensioners, or something similar, and the fact that he secured a certificate to the contrary from the State department and proved himself entirely innocent did not help matters in any way. He had to resign. Now he has brought a legal action against the New York Herald (Paris edition) for libel. The first hearing will be in October next.

#### LABORER LOSES BOTH LEGS Trying to Board a Freight Train When He Falls Under the Wheels.

John J. Potts, a laborer from Nashville. Tenn., fell under a Union Pacific train in the yards at Fifth street about 5 o'clock yesterday evening and received injuries was trying to get on the train to ride over to Council Bluffs. Both his legs were crushed so badly that they had to be amutated just above the ankles, and he reand body which the attending physicians believe will cause his death.

But little is known of the man, he having came, to the city but recently in search of work. He has a sister living in Nashville by the name of Mrs. B. L. Slinkard. He is about 25 years of age.

attended by Dr. Smith of the Union Pacific and Police Surgeon Langdon.

Management Proposes to Introduce

New Feature Into Popular Event.

The annual carnival which opens at Council Bluffs Monday, September 4, promises this year to be more attractive than ever As heretofore it is to be held in the beautiful park in the center of the city, which is the envy of the residents of other cities. With this ideal location as a basis it is planned this year to make the carnival a living reproduction of the story book, "Enchantment." The usual carnival attractions are to be so presented as to carry out this idea, while a number of new features in

keeping with the idea will be introduced. Beautiful as the place is in the daytime it will be doubly so at night, when the park will be brilliantly illuminated and the rushing through the corridors, aroused all natural beauty of the place enhanced by elaborate decorations.

> Balloon Race, Fireworks Balloon, r New Singer and Other Attractions.

The balloon race and "fireworks balloon" at Krug park will be given this afternoon and evening. Between the hours of 4 and 6 o'clock George Young, the aerial bridegroom, and Vev Huntley will race to the clouds and then make parchute jumps to the county returned from a two weeks' trip to Canada to look over farm lands. They were all pleased with the country. at Krug park will be given this afternoon

MEN'S CLOTHES ARE PRACTICAL. Loose Garments, Giving Freedom and Ease Are the Fushion. The following is an open letter to the citizens of Omaha from this city's most fashionable tailor, in which he gives the public some valuable information on the

fall and winter styles of men's clothing: "In regard to the styles and cloths to be used this fall I would say: The general make-up of men's clothes for the coming season will be loose. The mode of cutting and ninking men's coats and overcoats with freedom and ease is not a "fad," but the direct result of necessity, in order to obtain more comfort for the wearer and longer life for the garment. Full chested, broad, easy shoulders and draped bodies. not close fitting, are the sensible, as well as the fashionable garments of teday, and when shaped carefully to fit the neck and shoulders of the man who is to wear them,

are ideal in every respect. Blacks and blues always occupy a conspicuous place among the fabrics used for men's suits-this season perhaps, more especially so, than for many past seasons. Dark blue serges, especially the better grades, absolutely free from cotton, promise o be a great favorite for the coming fall and winter season. Unfinished worsteds and goods of that character, we make into garments that should be found in every man's wardrobe.

Our entire line of medium priced cloths are cassimeres and chevious and are fashioned into fancy designs by the use of stik for decorations. Large plaids in fabrics which it is feared will prove fatal. Potts of this character will be much in evidence for the coming season. priced, hard faced worsteds that we show are made by the best mills in the business, The fabric is all wool with the exception dived other injuries about the face, head of the color threads that are used for decoration, which are mercerized. Our higher priced cloths are almost entirely hard faced worsteds, the decorations being entirely fancy worsted threads and silk,

absolutely free from qotton.

The "Brown fad" of last season has been toned down to brown mixtures and He was taken to St. Joseph's hospital and fabrics with brown decorations, and green shades and styles with green decorations, and solid grays, narrow and broad weave, have been introduced as the new color designs for the fall and winter season of 1905 and 1906.

the earth. All points will count, the greater height and the quicker descension. Manager Cole will present a gold medal to the winner. At 3 o'clock a large basket filled with fireworks and attached to the largest balloon will be sent up and set off.

Miss Mande Rockwell, the California goods for the fall trade.

# DOCTORS FOR MEN

It is a serious thing that men contract diseases or weaknesses, but the most serious results quickly follow neglect or improper treatment.

quickly follow neglect or improper treatment.

Is your health shattered, your vitality exhausted, and are you crushed under the depressing burden of some searet weakness or wasting disease? Private diseases and weaknesses of men are their worst enemies. They produce starting weaknesses, cause debilitating drains, destroy sexual instincts, cause agonizing urinary troubles, and rob men of priceless manhood and health. It is humiliating to know that your manly strength is slipping away—to know there is some private disease or weakness lurking in the system, and realize that your nervous system is tottering under the strain. Perhaps you no longer enjoy your daily labors or duties, your nights are restless and unrefreshing, and each day you realize more and more your physical impediments and weaknesses, and you have neither the strength or ambiltion to maintain your position among your fellowmen.

While it is terrible to be in this condition, it is still worse to allow such trouble to progress and make still more serious inroads upon the constitution, for it would then fill your whole life with failure, misery and wee. We have devoted many years exclusively to treating this class of diseases, attended with the greatest success, and have gladdened the hearts of thousands of young and middle-aged men who were plunging toward the grave, restoring them to perfect specimens of physical manhood, fuil of vim, vigor and vitality. We are thoroughly conversant with every mante detail connected with such cases, and encourage and counsel the patient by good advice, while skill and medicines restore him back to health, strength and happiness.

We cure quickly, safely and thoroughly.
