Prices in All Lines Develop a Lowe Tendency.

PEACE NEWS HAS WEAKENING EFFECT

Wheat is Down and Corn Off About a Cent-Liquidation by September Longs Helps the Decline Along.

The fight over puts and calls is to come up for a vote before the Chicago Board of Trade Wednesday. The desire of those who favor the move is to amend the rules by discontinuance of the penalty clause. This, if adopted, will make it possible to trade in privileges in Chicago.

Expected Manifestation of Bullish Enthusiasm Does Not Follow Peace News.

VALUES ADVANCE SLIGHTLY, THEN RECEDE

Market Railies Near the Close and Final Prices Are Highest of the Day.

NEW YORK, Aug. 29.—To those who expected a tremendous manifestation of bullish enthusiasm to follow the peace news from Portsmouth, the course of today's stock market must have been somewhat disappointing. To be sure, the early announcement brought an upward spurt, in which the greater part of the list, including the Japanese issues, participated, but this movement was not well sustained, being followed by periods of duliness and some hesitancy. Operations broadened later and the momentous event was received with satisfaction by the banking interests, relief being expressed at the elimination of a very disturbing factor. The attention of these same banking interests will now doubtless be engaged in figuring upon the peace loans which it is generally assumed both Russia and Japan will find convenient to negotiate.

The conspicuous feature at the opening here was Canadian Pacific, which advanced to a new high record on buying credited to foreign interests. There was a renewal of recent pressure on Reading and some of the other coulers moved in sympathy, but later recovered. The Esse lasues, especially the common, exhibited unusual strength, the common making a new high record. Amaigamated Copper was strong, with another advance, the fifth within a week, in the price of metai. Of the other standard issues Union Pacific sold exdividend of his per cent was strong.

Although the news from Portsmouth be-

the price of metal. Of the other standard issues Union Pacific cold excilvidend of 15 per cent was strong.

Although the news from Portsmouth became known soon after noon, reports discrediting it were current and it was not until an hour or more that traders seemed to grasp its significance. Much of the buying that then set in came from the shorts, though the heavy purchases of the Japanese issues by foreign houses helped to carry prices higher. The better tone was well maintained, the closing hour bringing prices to the highest level of the day. Features of strength were the United States Steel shares, Pennsylvania, Reading, Southern Pacific and Chicago & Northwestern. A noteworthy feature was the strength of Americans on the London curb, following the closing of the regular market there. German banking interests were reported to have purchased round amonuts of Eric issues, as well as Japanese bonds. A reflection of existing mercantile conditions was found in the semi-annual statement of the Associated Merchants company, which operates a number of dry goods stores in this and adjacent cities. Its surplus for the period shows an increase of \$215,000. Amother heavy transfer of cash to Chicago was reported today, making a total of \$2,000,000 shipped to that center during the month.

The bond market advanced in sympathy with the rise in the Japanese governments. Total sales, par value, \$7,020,000.

United States bonds were all unchanged on call.

The following were the quotations on the

on call.

The following were the quotations on the New York Stock exchange:

ests. Buyers were in a bearish mood and bales, including 6,500 bales of American, were rather indifferent about taking on the futures opened and closed steady, loads sold, but the early market was very OMAHA WHOLESALE MARKET. loads sold, but the early market was very uneven and trading was slow, shippers and a packer picking up the stuff a load at a time. Generally the market ruled steady on the opening, but some logs looked higher, while others were steady and still others were lower. Tops mached \$6.024, for some good light weights, which was higher than yesterday, but the general rule of home, although of better quality than Momany's receipts were just about steady, except on the commoner kinds, which were lower. The market was long drawn our and it was late before a clearance was made, the close being lower.

ighter than last Tuesday and 11 care heavier than the corresponding day last year. The quality of the cattle was very good.

There were only a few native steers on a good strong demand from all sources and on the opening trading was active. Buyers wanted the cattle and went after them from the start, so that a fair clearance was made in good season. The actives were in hest demand and were picked up first at fully steady prices and in some cases the sales. Cows and trading in this division overlooked, but were picked up at about steady prices. After huyers had their more urgent orders filled they slowed up some and trading in this division of heckes. Cows and helfers were also the sales were higher.

Bulls, veal calves and stags were in about the close and through; in some cases the sales were higher.

Bulls, veal calves and stags were in about the same notches as year-claps, prices being steady. Supplies the sales were higher.

Bulls, veal calves and stags were in spot and ease the sales were higher.

Bulls, veal calves and stags were in spot and ease the sales were higher.
