A committee of the cabinet consisting of Dr. Studt, minister of medical affairs; Herr von Suedde, minister of state and minister of public works; Herr Moeller, minister of commerce and industry; and Dr. von Bethmann-Hollweg, minister of the interior, has the direction of the preventative measures.

NEW LABOR WAR IN CHICAGO

Strike of Job Printers in the Windy City Reaches an Acute Stage.

CHICAGO, Aug. 31.—An acute stage has been reached in a new labor war in Chicago. Nineteen of the larger job printing houses of Chicago were without union printers today as the result of a series of strikes inaugurated by Typographical union No. 15 against members of the Typothetae, the purpose of the organization being to compel the Typothetae to accept the organization to accept the "closed shop" and to "fine" work. Further a strike was expected in case other houses under the same management at which strike action has begun as the result of posting notices of an intention to inaugurate a "closed shop" and "fine" hours where it is contrary conditions had been the rule. Pending such assistance to strike affected firms, the strike leaders pronounced the strike complete and declared the outcome a matter of endurance, a spread here to other cities not being contemplated for the present at least. Not counting other employees in the nineteen printing houses involved, printers to the number of nearly 50,000 are idle.

The strikers claim that eight large establishments will remain neutral, not accepting work for houses where strikes are in progress, and that in the eight and elsewhere, 2,500 members of the union would be at work, helping to supply funds for strike benefits. Among the establishments at which today the latest strike was inaugurated were Peole Brothers, M. A. Donahue & Co., and the Methodist Book Concern. Contrary to the assertion of the officers of the Typographical union, Secretary Hamm of the Typothetae says emphatically that he does not know of a single desertion and that the effect of the strike here would be overcome in short order.
