WEATHER IN THE GRAIN BELT Cool Wave General from Mountains to River. OMAHA, Sept. 2, 1906.

The wave of cooler weather, noted over the extreme upper Missouri valley and northwest in the last report, has spread northwest in the last report, has spread over the entire Missouri valley and cooler weather is general this morning over the central valleys from the Mississippi river well to the mountains. Heavy frost occurred in the British provinces and light frosts were general in Wyoming. Cooler weather will prevail in the central valleys tonight and light frosts are possible as far south as northern Nebraska and northwest wa-

GRAIN AND PRODUCE MARKET to 336d. December, 48 946d: January, new.

CHICAGO GRAIN AND PROVISIONS

Prices on Board of Trade. CHICAGO, Sept. 2.—Wet weather in the northwest was the principal cause for a tirm wheat market here today, At the dose December was up \$5c. Corn was up \$6c. Oats and provisions are practically.

isc. Oats and provisions are practically unchanged.

The wheat market was firm the entire session, at the opening the December delivery was a shade to be higher, at five to Si43518. Throughout the spring wheat belt additional rain had fallen during the night. This fact largely accounted for the firm undertone that prevailed in the pit. Late in the seasion the market gained fresh strength from the announcement that Buffalo millers were buying hard wheat here. Covering by shorts carried the price of December up to Si436354c. The market closed firm, with December at Si46854c. Primary receipts were liberal, arrivals at all points today, Lois.000 but, compared with 772,000 but, a year ago. Minneapolis, Dujuth and Chicago reported receipts of 68 cars aguinst 240 cars last week and 294 cars a year ago.

For July the lilinois Central shows a heavy net decrease lilinois central shows a heavy net decrease, due quintiess to the yellow fever plague. A compliation of traine returns from all the leading roads for the half-year shows the enormous increase of \$70,00,000 in gross over the same period last year. Naturally this improvement is less apparent in the net gains, because of the increased operating expenses and cost of material and labor.

Cattle Hogs Sheep. Kingun Mike H Mike Haggerty Other buyers

LONDON, Sept. 2.—The supplies of money exceeded the demand in the market today. Rates were easy. Discounts were from despite the cheap money. Trading on the Stock exchange was quiet but moderate investment buying and the strength of Japanese imparted steadiness. Consols at the opening hardened fractionally, but eased later. Americans opened weak, but the consideration of the papers of the cent lower level induced fresh buying, which, with Wall street support, caused a hardening all around. Prices are eastern points, the market here looked firm, Japanese was the most active amongst the foreigners. Internationals were steady under continental support. Japanese imperial 6s of 1904 were quoted at 16.

BERLIN, Sept. 2.—Prices on the Bourse were well and the summer of the papers of the summer of

The cow and heifer trade for the week was very satisfactory, a good, strong demand prevailing nearly every day and considerable activity being a feature of the trade. Buyers were after cattle and conditions favored selling interests all along. Prices on the good kinds were log life higher, while common grades were about steady.

Bulls, veal calves and stags were just about steady with the close of last week and there was a fair demand for the stuff.

Stockers and feeders continue in strong demand and the market for the week shows considerable improvement. Feeder

FORLY DE PULTURS—Prime and the second of the

DRUIDING FINACIAL REVIEW

For the information of parties who may be interested in speculative securities we have made arrangements with Mr. F. G. Druiding of Chicago, an expert writer on financial topics and delineator of stock exchanges probabilities, to furnish a weakly review of the salient features of current financial topics gleaned from the various exchanges.

We desire, however, on the part of The Bee to disciaim all responsibility for the accurateness of any forecast Mr. Druiding may make concerning future prospects of any investment or enterprise.

All special inquiries about the present or prospective value of any particular security should be addressed direct to Mr. F. G. Druiding, No. 234 First National bank building, Chicago, III.

CHICAGO, April 2.—Even though speculators have ignored favorable industrial developments in all lines, and prices have been broken, nevertheless, even the most conservative financial writers who are favoring the bear side admit that only the most dire circumstances can ultimately effect the upward trend of the market. Bear savoring the bear side admit that only the most directrounstances can ultimately effect the upward trend of the market. Bear savoring the bear side admit that only the practically their only arguments.

One financial writer of international merit even goes so far as to justify his pessimism by declaring that the time for reaction has come because the American appeople may not be trusted to continue to elect presidents who stand for conservative financial merit even goes so far as to justify his pessimism by declaring that the time for reaction has come because the American appeople may not be trusted to continue to elect presidents who stand for conservative financial merit even goes so far as to justify his pessimism by declaring that the time for eaction has come because the American appeople may not be trusted to continue to elect presidents who stand for conservative for the financial merit even goes so far as to justify his pessimism by declaring that the time for the fina
