joyed your visit. Let them feel that they really want you to come again. - 10-

Leaves from Fashion's Notebook. Plaits are introduced into the skirts of

onts. Clusters of buckles are noted on a stun-ning brondcloth coat costume. Pale rose, like and dull purple folds trim fetching gray cloth.

Costumes, as distinguished from suits, re long all around, though not with long trails. A symphony in ivory, apple green and full pale rose will adorn a coming dress of

brown broadcloth. There is infinite variety in the coat and skirt costume of the day, and evidently autumn and winter modes are to permit quite as much latitude in coat lines as has

Satin in all its soft, supple qualities is irraly established in favor with the auto-rats of fashion, both for trimming and or whole gowns, and one finds a number of extremely handsome models in a combina-tion of satin and cloth of the same shade. The tiny little shoulder cape has been re-vived and was worn not long ago at a re-ception. It was cut like the Hamlet cape and was fastened only to one shoulder. It was exceedingly graceful, but trying upon any but a tall, slender woman.

Elbow sleeves are more appropriate for summer than for winter, yet they are to be seen not only on handsome winter bodices, but upon the dreasy coats as well, and the protection of the lower arm is evidently to be left to large gloves in many cases.

The idea of the drooping veil, which in chiffon does suggest more or less the old-fushioned "weeper" once worn at funerals, is carried out with excellent effect in os-trich plumes. They will be much worn this winter, say the fashion makers, especially the long, full plumes.

Many frocks are made in more or less princess style. In pretty colored lawns where lace insertions are used the same lace, about half an inch wide, is set in around the waist and no belt is required. The bodices of these frocks are full and there is little of the generally recognized puncess effect.

The wool waist gains in favor over heavy The wool walst gains in favor over heavy linens and cheviots for cool weather. White is most desirable, but light colors are seen and plaids will be worn a great deal for in-formal occasions. The lingerie waist will be worn all whiter and soft silks have by no means lost popularity. Among the wool walsts batiste, flannel, mohair, albatross and volling are favorites. All of these except flannel wash perfectly and flannel is not impossible, if the hundress he an expert. impossible, if the inundress be an expert. Antique brooches are popular with artis-the folks as souvenirs to bring home from abroad. They are patterned after quaint old models. One beautiful brooch just sent to a local bride has a centerpiece of oval striped enys of a brownish garpet stone, surrounded by alternate pearls and beads of onys, similar in size and contour to the pearls. Each onys head has a tiny stripe of white across it. A graceful gold setting of substantial character, yet looking almost like filtaree, completes this brooch, the anys like a gem.

#### Chat About Women.

Miss Elizabeth Thielman, a Harlem (N. ) girl, has just completed two years works a street contractor, and she has made a roft of \$50,000.

Miss Mary Ross Potter, one of the best

Miss Mary Ross Potter, one of the best women educators in the country, has been appointed dean of Willard hall connected with the Northwestern university The president of the London Society of Women Journalists is Mrs. T. P. O'Connor, the wife of the member of Parijument of that name. She was been in Texas and educated at Washington.

Mrs. Anna Colgate, the widow of the great assay manufacturer, will build a coatly monument probably the most ex-pensive of the kind in the United States, over the grave of Dandy, her pet horse, which died recently.

Which died recently. Mrs. Mary Mapes Dodge, who has just died, took to literature when her husband died and left her to make a living for her-self and two sons. From the first she was successful and Mrs. Dodge used to say that her literary career was without a struggie

struggie. Mrs. W. S. Pratt of Atlanta, Ga., is said to be the only woman south of Chicago in the lumber trade. When the firm by whom she was employed wont out of business without losing a day hunting a position she opened an office and began operations. Today she is head of a firm handling 109 cars of lumber monthly. Mrs. Busenil Same bench the National struggie.

Mrs. Russell Sage has joined the National

\$100,000 from a well known man of the financial world, the money to be used in furthering the objects of the organization. The Connecticut woman, 25 years old, who has just dug a well fifteen feet deep who has just dug a well fitteen feet deep to aave bringing water from the neighbors, throws a vivid yellow light on the work of woman on a farm by her remark: "I rather enjoyed digging the well after get-ting baby asleep: it seemed such easy work. It really was like child's play, dig-ging that well, after the regular day's work of the farm was done."

work of the farm was done." Miss L. Bernie Gallagher, the assistant photographer in the National Museum at Washington, is the only woman in that branch of the government service, and her work has been singularly successful. She has been a most valuable aid to the vet-eran in photography. Prof. Thomas W. Smille, who for thirty-five years has been the photographer of the museum and who has photographer of the museum and who has photographed more eclipses, probably, than any other man in the country. Mrs. Elizabeth Joy, wife of ex-Congress-

than any other man in the country. Mrs. Elizabeth Joy, wife of ex-Congress-man Charles P. Joy of St. Louis, has be-gun a movement in Los Angeles for the es-tablishment of a school of philosophy, the Institution to be located in a temple of science to cost #1,000,000. The school will be devoted to the study of philosophy, ethics and physiology and its mission will be to prove that in nature there are no contradictions and that at the base of all warring factions of materialism and spirit-ualism, realism and idealism and monism, sensationalism and institutionalism, there is but one fundamental and universal prin-ciple which unites them all and absolutely accords with science. accords with science.

#### **Religious Notes**

Bishop James M. Thoburn, D. D., is to deliver the missionary lectures at Boston university school of theology the coming winter. Rev. Raymond L. Semens, pastor of the

Methodist church at Converse. Ind., at-tracts and holds the attention of his parish-ioners by serving ice sold lemonade during

services. St. Louis papers state that Rev. Charles Coppens, S. J. recently transferred from Creighton university to St. Louis university, will devote his time exclusively to literary work. Father Coppens is the author of several textbooks in use in schools. Miss Eleanor Williams of London, Eng-land, for twelve years a preacher of the gospel, occupied the pulpit in the Chatham Street Weish Baptist church in Pittsburg lately and made so good an impression that a move has been set on foot to call the young Englishwoman to the pulpit. Miss Williams says she will consider the offer Bishop Leighton, chairman of the Protes-Williams says she will consider the offer-Bishop Leighton, chairman of the Protes-tant Episcopal diocese of Delaware, has re-quested his clergy to be very careful in marrying strangers, at the same time ex-pressing his own determination to have nothing to do with runaway couples. Wil-mington, Del. has come to be a Greetha Green for elopers and the bishop means to do his part in discouraging such hasty unions. unions.

unions. San Francisco is to enjoy the distinction of having a temple erected within its lim-its for the worship of the breed of the Vedus-the only temple of that creed out-side of India, its home. The corner stone for the new temple was laid Monday with appropriate cremony at the southweat corner of Webster and Filbert streets by the Swami Trigunatita.

the Swami Trigunatits. The driving of the plies for the founda-tion of the new campanile in St. Mark's place, Venice, is finished; the work of sur-rounding the foundation by a wall ten feet thick is now going on, and next spring the building of the tower, according to Giotto's original, will begin. Also is progress are the reatorations of St. Mark's church, which are considerable, as much of the walls is unasite. The old mosaics will be replaced-not substituted by news ones, as has been reported.
