

"DR." JAMES MUCH SOUGHT

Jealous Stranger Cuts Wide Swath and Suddenly Leaves the City.

DETECTIVES WOULD LIKE TO FIND HIM

He is Wanted in Dayton, O., on Embezzlement Charge—Classed by Authorities as Confidence Expert.

After playing pussy wants a corner in Omaha for several days with the detectives "Dr." E. N. James of Dayton, O., has taken French leave of his whilom friends without so much as "by your leave" and just at a time when the plain clothes men were about to pounce down on him. The genial "doctor" is said to be wanted at Dayton, O., on an embezzlement charge, and he is classed by the authorities as a professional confidence man.

While, so far as can be determined, he left no debts behind him for his friends to mourn over, yet some of his escapades here were of such a character as to arouse the suspicions of some who had dealings with him.

An investigation at the leading hotels revealed the fact that Mr. James registered at the Murray last Thursday, saying he was a practicing physician and was in attendance at a meeting of doctors at Council Bluffs.

On the advice of circulars sent out by the police of Dayton, O., Omaha detectives, both private and city, have been on the watch for James for some time. His baggage is now being held awaiting his call or forwarding orders.

"Dr." James made a hit with some of the local automobile dealers as soon as he reached town. At the Powell-Bacon garage he made two appointments for demonstrations in an auto, after which he bought a Winton car and left a check for \$2,000, saying he would return for the car next day. The check was drawn on a bank at Dayton and signed "E. N. James." The Powell company still hold the check and auto. At the H. E. Frederickson garage Mr. James was taken out mysteriously in a car, but did not select a machine at that place.

Cuts a Wide Swath. During the few days "Dr." James was here he was out automobiling a great part of the time. He kept the local dealers busy getting out cars for him. On every trip he had one or more new friends with him. A domestic girl, who works at the home of a prominent Omaha family on South Twenty-sixth street, was out with Mr. James, and the story told is that the Dayton man had her garbed in new clothes and represented her to be an influential friend. The young woman was seen Monday morning and was loth to say anything against the "doctor," further than that he left her suddenly at the corner of Sixteenth and Farnam streets, told her to telephone his hotel the next morning, which she did, only to learn he had gone.

One and all say "Dr." James made a favorable impression while here. He dressed neatly, gave every evidence of culture and education and seemed to have an infinite knowledge of automobiles. He said he intended to go from here to Atlantic, Ia., where he would settle.

The amount of James' embezzlement at Dayton is said to be about \$10,000. The "doctor" wore Elks' and Sherrers' pins and patronized nothing but the best while in Omaha.

RACE WITH BEAR IN WATER

Albert Edholm Tells of Thrilling Contest in Boat Against Brain Swimming.

Albert Edholm has returned from a fishing trip through the wilds of northern Minnesota and Wisconsin. He reports the most enjoyable feature of his trip as a boat race with a swimming bear. He says: "One morning when I was fishing on Lake Grindstone, near Hayward, Wis., I noticed a dark object some distance in the lake. I asked the guide who was rowing my boat what it was and he said it was probably a deer crossing the lake and that by hard rowing he might be able to head it off from the shore and come up to it in the lake. Upon approaching nearer I imagine my surprise to find that it was not a deer, but a bear. I had never heard of a bear swimming and suppose it took to the water to escape hunters or dogs. The bear could paddle faster than my guide and we could not head him off, but came up quite close to him.

"When my guide saw that he was beaten in the race for shore he took up a small rifle which he had with him, but to his excitement let one of the cartridges get stuck in the barrel, but later managed to get one shot at the bear just as he came out on the shore. The shot went wild, just grazing the top of the bear's scalp and he bounded away up the bank and off into the forest. That's the closest I've been to a bear-skin rug since I lived in Wyoming."

MOTHERS' CONGRESS WOMEN

Mrs. Schoff and Mrs. Grice Are Due in Omaha on Twenty-Second to Make Addresses.

Mrs. Frederick Schoff, president, and Mrs. Edward G. Grice, secretary of the National Congress of Mothers, will pass through Omaha September 22 en route from the west to Philadelphia, and at their request a meeting will be arranged at which the work and aims of the congress may be presented in Omaha on that day. Mrs. Mary G. Andrews, the local representative of the organization, has called a meeting of the heads of the various women's societies for Thursday morning at 10 o'clock in the Young Women's Christian association rooms to arrange for the meeting. There probably will be a program with addresses by Mrs. Schoff and Mrs. Grice with an informal reception later. The meeting will be held in the afternoon at the First Congregational church.

While the organization of a local society is doubtless the desire of Mrs. Schoff and Mrs. Grice, the majority of the local women seem to feel that such an organization is scarcely practicable at this time, as the work of the congress is already being covered by the various local clubs and an additional organization would only divide the forces.

NEW WEST END RESIDENCE

Dwelling to Be Erected by Charles Harding Costing Twelve or Fifteen Thousand Dollars.

Charles Harding is having plans for a fine new residence on Thirty-eighth street, between Farnam and Douglas. It will be three stories in height and will cost between \$12,000 and \$15,000.

Chamberlain's Cough, Cholera and Diarrhoea Remedy.

There is probably no medicine made that is relied upon with more implicit confidence than Chamberlain's Cough, Cholera and Diarrhoea Remedy. During the history of a century in which it has been in use people have learned that it is the one remedy that never fails. When reduced with water and sweetened it is pleasant to take.
