Omaha's crowd Labor day compares favorable with and exceeds many at the big league games in the largest cities of the country. Des Moines turned out 2,500, and that great base ball city which White Wings once touted to the skies, managed to corrall 3,000, but Denver never saw the day it was the ball town Omaha is and has been ever since it entered the business.

Fourth Heat of Charter Oak Race.

HARTFORD CLASSIC IS UNFINISHED

Ench When Darkness Puts an End to the Sport.

HARTFORD, Conn., Sept. 5 - The opening day of the Grand Circuit races at Charter Mac, the Canadian queen, dropped dead in the fourth heat of the \$10,000 Charter Oak trot, the classic event of the meet. She fell about 200 yards from the finish when making a special effort to regain a lead which she gallantly held until rounding the last turn. She seemed to have lost her strength just when her driver was urging her to do her best, but she was exhausted and, dropping to the track, rolled over and died instantly. A veterinary surgeon attributes death to a broken blood vessel and horsemen who had been watching her declared she had acted strangely all the afternoon. At the tragic climax hundreds of team 272

All the finishes in the Charter Oak event were heart-breaking and the heavy condition of the track made it hard work for the horses. Darkness prevented the finish of the big event, after Angiola and Zephyr Betting on Fight is Ten to Seven in had each won two heats. The big crowd of 6,000 was keyed up to a high pitch when the fourth heat was finished. Zephyr was in great form in the first two heats, which were won in whipping finishes, but tired under the strain, and Angiola finished in front in the third and fourth in dashing style. Summaries:

WHO APPOINTS CUSTODIANS County Clerk Drexel Wants Law on Voting Machine Inter-

preted.

In the county clerk's office there is trouble. County Clerk Drexel and his deputy, who is preparing the official ballot. Frank Dewey, are in doubt. They want the county ommissioner districts defined, primarily,

and then they want to know who is to appoint custodians for the voting machines that are to be here on or about September 12. (They arrived Tuesday.) Until the county commissioners meet as a committee of the whole and reapportion the five commissioner districts in Douglas

county the clerk and his assistants can do nothing, for the reason that the old ward boundaries do not coincide with the new provisions of the law.

Twenty-eight box scores, comprising the National, American and Western leagues and American association games of Monday, were printed in The Bee Tuesday morning. Twelve were printed in another Omaha morning paper—just those games played in the Western league. A word to the wise.

Umpire Lack Western league. A word to the wise. without a call, it was suggested to Mr. Hofeldt that he should issue the call for convenience sake and to save the commission from any question of neglect. Mr. Hofeldt agreed with this suggestion and the committee of the whole may meet this morning.

County Clerk Drexel, discussing the ques tion of naming custodians of the voting machines, said:

"The law is somewhat indefinite, to say the least, but one provision of the voting machine law specifically provides that 'the officers or board having charge of the election,' as to supplies, shall do so and so. At another place it provides that 'the officers or board who adopted the machine' may employ 'one or more persons,' who shall be known as the voting machine custodians. "Does this mean that the county board

and the city council shall hire these custodians, or that the city and county clerks shall do it? Frankly, the terms of the law puzzle me, but I certainly am going to insist on every right I have under the law Harry Furay, who has been one of the torney for advice in this matter."
