Member Congdon announced that he and other members intended formally to ask the

Board of Fire and Police commissioners, at its next regular meeting, for the use o hose and men in testing the water pressure. He said that members of the commission had assured him the facilities would be extended. Mr. Congdon stated that in all probability an engineer from outside of Omaha, probably Bennett Williams, will be employed to supervise and note the test in company with City Engineer Rosewater. "The matter is important and forms a large part of the basis to our claim that hydrant rental bills should not be paid in

full as charged," said Mr. Congdon. On the recommendation of a committee the hydrant bills for the first half of the year, to collect which the water company has begun suit, were laid aside without action and instructions given the attorney to defend the suit.

Removal of a Hydrant.
