

ROYAL BAKING POWDER

Absolutely PURE

Government Tests prove Royal Baking Powder pure and healthful, made from grape cream of tartar, absolutely free from alum or phosphatic acids and highest of all baking powders in leavening strength.

The Royal Baking Powder costs only a fair price per pound, and is cheaper and better at its price than any baking powder in the world. It makes pure, clean and healthful food.

Avoid Alum Baking Powders

"I am very strongly of the opinion that the use of alum and salts of alumina in food should be prohibited. It is well understood that the constant use of alum compounds exerts both a deleterious effect upon the digestive organs and an irritation of the internal organs after absorption."

EDWARD S. WOOD, M.D., Professor of Chemistry, Harvard Medical School, Boston.

It must be remembered that when alum baking powders are used in making bread, biscuit or cake, a portion of the alum is carried unchanged into the stomach.

Ten-cent, twenty-five-cent, cent-an-ounce powders contain alum.

CONTEMPT CASE IS PLANNED

Proceedings for Alleged Violation of Court's Order Against Councilmen.

FIVE WHO VOTED FOR GAS BILL SPOTTED

Councilman Says Measure is Valid and Green, It is Valid-Letter Does Not Accuse Councilmen.

W. M. Miller of the legal firm of Weaver & Miller, which is in charge of the gas ordinance, injunction case, has announced that he will submit affidavits to Judge Sutton Friday morning, setting forth the facts in the alleged violation of the restraining order by five councilmen, who attempted to pass the ordinance. The court will be asked to adjudge the councilmen, Huntington, Erbail, Beck, Schroeder and Evans, in contempt and punish them accordingly. An attempt may be made, also, to implicate Attorney W. J. Connell for giving of certain advice to the majority members.

Mayor Moore declines to make known his intentions about signing the gas ordinance, but has not returned it to the city clerk. If the mayor signs the measure he will be made a party in the contempt proceedings, says Miller.

Green Says Ordinance is Void. City Attorney Green declares the ordinance is void and has no standing. Attorney Connell states directly the contrary and asserts that the ordinance is good and will be in force and binding if his honor attaches his signature. Mr. Connell, also, laughs at the idea that the majority councilmen or himself can be proven in contempt of court whether the ordinance is found good or whether it is not.

City Attorney Green says: "The proposed ordinance granting a \$28 gas street lighting contract is void and of no effect because it was not read the third time by title in the council chamber as the rules of that body provide. The charter authorizes the council to prescribe rules for the passage of ordinances. This it has done, and these rules were not obeyed. Courts have held that such regulations are mandatory. I do not think the majority members of the council are guilty of violating the restraining order, which simply forbids 'passing and approving' the ordinance, because they did not succeed in passing it. Should the ordinance be valid they are properly guilty of contempt. President Zimmerman was right in refusing to entertain any motions on the question. Had he done so he would have been a party to a violation of the court's order and himself in contempt. If Attorney Connell told the councilmen that the court lacked jurisdiction in the matter, and in effect that the injunction was no good, I consider his action tantamount to advising the council to disregard the injunction, and, as an officer of the court, he is guilty of contempt."

Connell's Side of It. Attorney Connell says: "The five councilmen were not guilty of contempt, whether the ordinance is good or not. The court lacks jurisdiction in the premises, having no right to interfere with a proper and legal legislative act. I am able to show that the proposed act was legal, the gas company had bid on a price less than \$28 for furnishing gas to street lamps and maintaining the lamps, as required by the franchise. The franchise says nothing about the company furnishing the lamps, burners or mantels, and it is illegal for the city to make an additional price for these."

The "Bydall" ordinance, however, was passed and is valid. The charter does not provide for a reading of the ordinance by title or in greater than its creator. In the house of congress like this is broken every day it is in session. No one is guilty of any contempt and supreme court decisions will bear me out. Nothing further has been heard from the Cleveland syndicate which has asked for a new gas franchise and promises \$1 gas.

Hearing Friday Morning. The hearing in the proceeding in which the restraining order of the council was issued is to come up in Judge Sutton's court on the district court issue restraining orders on request of any party when a reasonable and proper showing is made. Later the hearing comes on the question of making the restraining order an injunction, either temporary or permanent. This is the phase of the case that will first be before the court this morning. Contempt proceedings, or at least a conviction, naturally would be contingent on the former proceeding.

LABORER KILLED AT WORK. Thomas Tierney Falls from Sixth Story of New Crane Building and Dies.

Thomas Tierney, aged 25, a single man, fell from the sixth story of the new Crane company's building, being erected at Tenth and Harney streets, yesterday afternoon and was instantly killed. He was wheeling a barrow filled with brick and slipped in some way, falling to the second floor. Tierney came to Omaha from O'Neill, Neb. at the time of the accident Tierney was standing between the handle of the barrow on the top of the building. He lost his balance and went down the barrow and brick following with a noise that was heard for some distance. As the floors of the new building have not yet been placed, the workman did not stop in his fall until he struck the floor of the second story, making a fall of four stories or about fifty feet. The man's neck, both arms and back were broken by the impact.

Coroner Brazier has taken charge of the body and has notified Tierney's people at O'Neill. Notwithstanding the unusual amount of building in Omaha this season the death of young Tierney is the first one to occur on any of the new buildings.

NEW CLOAK COMPANY HERE. Detroit Man Moves Into Farnam Street Quarters-Wright-William May Add One Story.

S. Frederick Berger of Detroit, manager and owner of the New York Cloak company, has secured a five-year lease on the quarters recently vacated by the Nebraska Shirt company, on Farnam street, near Sixth street. The company will occupy the place about October 1, with a line of ladies' cloaks.

The Wright-William warehouse may be made six stories instead of five, as was first planned. Plans are being drawn for an additional story, and it is expected to ask bids on the structure in about a week. If the new building is made six stories high the old building will be increased one story in height. The company will then have a six-story house 132 feet square.

CERTIFICATES OF REMOVAL. Conditions on Which These Will Be Issued by City Clerk for Primary Election.

LINCOLN MAN IS MODERATOR. Rev. J. Thomas Elected by Colored Baptists and Rev. H. D. Polk Recording Secretary.

The Nebraska and Eastern Iowa Colored Baptist association began its annual meeting yesterday at the Zion Baptist church, 228 Grand street, under auspicious circumstances. The principal business in hand on the opening day was the election of officers for the ensuing year, which election resulted as follows: Rev. J. Thomas of Lincoln, moderator; Rev. H. Curry of Council Bluffs, vice president; Rev. A. Alexander of Lincoln, treasurer; Rev. H. D. Polk of Omaha, recording secretary; Rev. J. A. Hingaman of Omaha, corresponding secretary.

Various committee reports were rendered and accepted yesterday. The reports show the association in a prosperous condition. The report on church work shows that the Zion church of Omaha increased its membership to the extent of seventy members during the last year and made improvements to the amount of \$1,000. The Mount Moriah Baptist church of Omaha reported that it has secured a new site near Thirtieth street and Capitol avenue and has prospered during the year. Other churches showed a favorable growth. The general work of the association has progressed splendidly during the year.

The meetings of the association will continue through Saturday, with services at the Zion church on Sunday. The delegates are being entertained in the basement of the Zion church by a committee of that church.

Rev. J. Thomas of Lincoln delivered the annual sermon last evening. He chose for his text, "They wounded Him in the head." Rev. Mr. Thomas' line of thought was that the devil, when he seeks to destroy any organization, strikes at death blow at the fountain head, knowing well that if the rank and file will be easier to capture. In this connection he brought out the importance of ministers of the gospel being ever watchful lest they be susceptible to the wiles of the devil and on the other hand, he implored the members of the churches to be ever loyal in supporting their ministers and help them in their battle against wrong. Rev. Mr. Thomas handled his subject thoroughly and made a decided impression on his listeners.

METZ IN JEWELRY FIRM. Associated with A. F. Smith as Successor to Reichenberg-Smith Company.

The Reichenberg-Smith wholesale jewelry firm is no more, and the A. F. Smith company has been organized in its place. Negotiations were closed yesterday whereby the A. F. Smith company acquired the business of the other company and L. S. Reichenberg and M. A. Reichenberg retired from the firm. A. F. Smith, who has been president of the firm, is president and manager of the new concern. Louis and Arthur Metz are interested in the business. The A. F. Smith company is one of the largest jewelry firms in the west and under the old name has been in business twelve years in Omaha. The business is to be enlarged this fall by the addition of more salesmen.

The Reichenberg brothers have not decided what they will do permanently, but for the present they will care for their real estate interests in the city.

MIXUP WITH DOG AND MAN. South Side Citizen Has Trouble Which End Only in Police Court.

According to reports at the police station, A. J. Leasure of 127 South Thirteenth street was a man of trouble Wednesday evening. The report reads that Leasure was walking along Thirteenth and Howard streets when he got into an entangling alliance with a dog. Then Ed Porter and Leasure fell on each other's necks, not especially to weep, but because of charges of disturbing the peace by fighting. At the police station Leasure reported that he lost his gold watch during the mixup with Porter. Detective Savage located the watch in a pawnshop and was told that the timepiece was pawned before the fight. In police court Leasure was fined \$5 and costs, while Porter was discharged.

We call your attention to our show windows now filled with these goods.

Monday will be the greatest carpet and rug bargain day ever known in Omaha. J. L. BRANDEIS & SONS.

Announcements of the Theaters. No more delightful comedy was ever written than George Ade's story of rural politics, love and the like, "The County Chairman," and this is to be the attraction at the Boyd theater for four performances, beginning with a matinee on Saturday. It is a case of laugh all the time, with just a few tears mingling for the disappointed love of Jim Hackler and Mary Rigby. But Jim proves himself the man all looked upon him as being, and takes a noble revenge on the man who had turned aside the current of his life. The main story deals with the love of Jim's partner, Wheeler, for Rigby's daughter, and the aspirations of Wheeler and Rigby to be elected county attorney. Hackler is the political dictator of his party, and he brings about the nomination of Wheeler against Rigby and then conducts the campaign along his own line. His political philosophy is gathered from the depths of his experience, and is surely the most entertaining. The town darkey contributes his share to the fun, and so does the Antioch drum corps and other characters. The whole is a continual delight. Seats are now on sale for the four performances. \$10.25

FUNDS TO REGULATE WORK

City Engineer Says He Will Pave No More Than Money Warrants.

NOT ENOUGH MEANS TO FINISH OUT. Complain that as Usual Street Improvement is Delayed Until Fall and Cannot Be Completed.

City Engineer Rosewater says the funds at the disposal of his department are inadequate to supervise and lay out the paving, sewers and other public improvements for which contracts have been made and which are to be constructed this fall. He has decided to do no more work than the money at his command warrants. The progress will be regulated, therefore, by the engineering department, which must lay out stakes, examine the ground and give orders for actual operations, besides keeping tab on the work and superintending the inspection.

"Things are going this year just as they have in past years," exclaimed the engineer, with a discouraged frown on his face. "Instead of arranging for starting various big jobs in the spring and working steadily through the summer the work is allowed to accumulate in the last two or three months of the year. Here we find ourselves with about thirty big paving jobs on hand and less than two months of open weather to do them in. The accumulation means that this department will have to do an immense amount of preliminary and inspection work within a short time. To do it right, so as to expedite the work, we would have to put on additional men and spend more money.

"I have tried to overcome the estimated shortage of about \$2,500 in this department by laying off part of the sidewalk force, but with the large public work contracts we will simply find ourselves swamped with work and without proper forces to handle it. At the beginning of the year I asked the council for \$2,000 to run the engineering department, but the allowance was cut down to \$1,500. Afterward the Advisory Board and Board of Public Works were abolished and much of the work turned over to the engineering office. The appropriations for the two departments, however, were not turned over and we are left to do more work than we bargained for at \$1,500.

BACK TO THEIR OLD HOME. Mr. and Mrs. Bennett Irwin of Gordon Will Go to Panhandle in Texas.

Bennett Irwin of Gordon, Neb., who for twenty-five years has been a prominent figure in that vicinity, is about to remove to Plainview, in the Panhandle of Texas. Mr. Irwin and his wife came to Nebraska twenty-five years ago, driving to Gordon from northern Texas in a wagon. The month was March and they, in common with other settlers, underwent many hardships. They outlived them all, grew up with the country and enjoyed a very fair measure of prosperity. Now they are going to settle in a new part of their old state because of the exigencies of the climate and also because Mr. Irwin is desirous of engaging in fruit raising.

"I have been a reader of The Bee for many years," said Mr. Irwin in the county clerk's office, where he was making his farewells, "and I am going to have it sent to me regularly at my new home. As has been the case, it will be an epitome of Nebraska news to Mrs. Irwin and myself. The Bee coming along every day will make it seem a little less lonesome until we again become acclimated."

Mr. and Mrs. Irwin expect to leave Gordon for Plainview on Sunday.

Mrs. William Hope, widow of the late proprietor of the Arcade hotel, has assumed the proprietorship of that hotel and will conduct it for the future. There are several years of the original lease yet to run. Mrs. Hope has had much to do with the management of the hotel in the past, owing to the illness of her husband, and is fully experienced for the work. There will be no immediate changes in the hotel staff. Chief Clerk Forsyth and Night Clerk Sam Carhart, the latter formerly of the Murray, will preside at the desk as usual. The hotel is modern throughout and enjoys a large patronage. The house will be conducted under Mrs. Hope's own name, J. A. Hope.
