(From a Staff Correspondent.) LINCOLN, Sept. 8 - (Special)-The state fair is over and trains late this evening and tonight were full of tired, though antisfied. Nebraskans homeward bound. The attendance today was not so large as yesferday, though a good crowd was out, considering it was the last day. As soon as the whistles tooted that it was 4:30 o'clock and everything was off exhibitors began to take down their wares and before tomorrow night the grounds will be The crowds yesterday and to day saved the day for the fair board and it is probable there will be no deficiency. Tim advertising exhibits and the agricultural exhibits this year were better than ever before and in all respects the fair seemed to give entire satisfaction. Owing to the interest taken in the ball games. it is likely this will be a permanent feature of the gathering. President Mellor who is not long from the pitchers' box himself, conceived the idea of a ball game and it proved a drawing card.

Holcomb Not a Candidate. Chief Justice Silas A. Holcomb will not be

a candidate for re-election. Last night he authorized the statement that owing to the condition of his health he would not be a candidate for the democratic nomination and if the nomination were tendered him he would be compelled to decline it. Judge Holcomb expressed his gratitude to the people of Nebraska for the honors they have given him and said he expected as a private citizen to work for the best interests of the state which has been so good to him. When Judge Holcomb's term is ncluded the first and the last of the old band of populists will have passed out of official life in Nebraska. Judge Holcomb is still confined to his home, but is slightly Improved and expects soon to be able to

The announcement in the State Journal yesterday morning that he would not be a candidate was without the authority of the state chairman and has greatly incensed him. To a Bee reporter today Mr. Burgess "I have never told a living soul whether I would be a candidate or not, and I am not yet ready to say whether I will be a candidate or not; but the intimation in the Journal that I was going to assist another party to become chairman is without foundation and is malicious. I wish that you would publish a correction of the statement so that the members of the committee

An Educational

The term "Opening" has descended to such flippant uses in Omaha's com- , mercial history as to be almost wholly bereft of its intended significance. As we use the word it is pregnant with educational interest. The time is come when progressive clothiers must lend the aid of their experience toward educating the people in the art of clothes selection and the rela-

tive values of materials and workmanship. So much clothing is manufactured and advertised that the average reader is lost in the maze of conflicting announce. ments and buys where he happens to wander. Results in many cases are dispiriting

WASHINGTON, Sept. 8 .- The criminal rosecution of Morris Busch, a contractor, ordered today by Acting Secretary of War Oliver. This action is contained in a direction to Judge Advocate General Davis . to prepare the necessary papers for this osecution and submit them to the Department of Justice.

Busch holds a contract with the quarternaster's department of the army to furnish fur cape and gauntlets, to be delivered at the Schuylkill arsenal, Philadelphia. The order for prosecution is taken on the strength of a report recently made by Major F. S. He also stipulates that if any inferior articles are furnished the government by Contractor Edwin H. Taggart, under his contract of October 8, 1902, he shall be required to replace the inferior goods under penalty of a civil suit for the recovery of the money paid.

The report of Major Strong regarding conditions in the Schuylkill arsenal has led o a suggestion from the inspector general's department, which has been made an order by Secretary Oliver, for an immediate investigation of the important depots containing army supplies. These are located
