AFFAIRS AT SOUTH OMAHA

One of Twelve Voting Machines that Arrive is Exhibited.

GIVES SATISFACTION IN ITS TEST

City Clerk Gillin Sends Out Notices to Officers of Election to Call and Receive Instructions in Machine.

Twelve voting machines arrived Friday and with the exception of one, will be stored until needed at the November election. One machine was opened yesterday and set up in the police court room. S. C. Hamilton, a representative of the voting machine company, instructed the city clerk and other in the manner of the device. During the afternoon dozens of voters called to see the machine in operation. The city of South Omaha pays for eight of the machines and the county for four. The first payment is now due and calls for \$200, the balance of the payments are due on September 1 of each year for four years, the succeeding payments calling for \$1,000 each. It will be necessary for the council on Monday night to instruct the mayor and clerk to sign certificates of indebtedness for the machines. The certificates draw interest at the rate of four per cent from September 1 of this year. The total cost of the machines to the city delivered here is \$5,500. Clerk Gillin is sending out printed notices to officers of election to call at the council chamber either at 10 a. m. or at 8 p. m. on Wednesday September 12, to be instructed in the use of the machines. Mr. Hamilton has agreed to be on hand on that date to instruct election officers. After an election official has been properly instructed he is to be given certain cards showing that he is qualified to conduct an election with the machine. Those who saw the machine in operation Friday appeared to be well pleased with it, especially the counting feature which prevents delays in securing the official stamp after the polls are closed. One machine is to be placed in each of the twelve voting precincts in South Omaha.

Miss Miller's Condition Serious.

The condition of Miss Ella Miller of Gilmore, who was severely injured in a runaway accident at Twenty-fourth and Q streets Friday forenoon is considered serious. When an examination was made at the hospital by Dr. C. M. Schindel it was found that the skull had been fractured and that there were other injuries also. After Miss Miller had been taken to the hospital her relatives were sent for and they spent the afternoon and evening at the hospital. Late in the afternoon the hospital authorities held out little hope of the injured woman living through the night.

Lutherans Make Change.

Rev. Ralph Livers announces that the English Lutherans have made arrangements to hold services at Masonic hall, Twenty-fifth and N streets, each Sunday morning. Sunday school will be held at 10 a. m. and preaching at 11 o'clock. On September 17, the congregation will be organized. Dr. Yarger of Atchison, secretary of the church extension, and Rev. Slebert of North Platte, president of the English Lutheran synod in Nebraska, will be present on that date to assist in the organization. At this coming Sunday's service Rev. N. N. Livers will preach on "The Gentle Knock."

Public School Notes.

This afternoon at 2 o'clock the principals of the public schools will meet with Superintendent at the high school building. Arrangements for the first general teachers' meeting, which will occur soon after the schools open, are about completed. The Board of Education has furnished the superintendent's public and private office with forty-five copies of Prof. Holbrook of the University of Michigan, who is to have charge of the department of physics, has wired the board that he will arrive in time for the opening of the schools on Monday.

Repairs About Completed.

The repairs to the conduits to the bath rooms at the Young Men's Christian association were completed Friday afternoon. A new boiler has been placed in service and the plumbing given a thorough overhauling. Secretary Marsh made the announcement that the members of the association are now at liberty to use the bath rooms as much as they desired. All of the rooms have been given an overhauling and now present a neat and clean appearance.

Water Spoke Deep.

Grading contractors in South Omaha and vicinity are finding it a hard matter to work these days. One contractor said Friday that the rains had soaked the ground to a depth of fully eighteen inches and that it was impossible to operate a grading machine. Wheel shovels are being used a little, but the wheels sink fully six inches in the mud and consequently there is little work being done. Contractors are waiting for the ground to dry out before resuming operations, as no roadway can be made in the mud.

FRIENDS ADVISED US TO TRY PE-RU-NA.

We Tried It and Found It All That Is Claimed For It

Long and Distressing Catarrhal Trouble Relieved By Pe-Ru-na—The Tonic That Cannot Be Surpassed.

Mr. George Livingston, a prominent architect and builder of Los Angeles, Cal., writes from the Census Office building, Washington, D. C., as follows: "I do not hesitate, when I see a friend or acquaintance suffering from a cold that is stubborn and threatening to be chronic, to recommend Peruna. "It relieved me from a long and distressing catarrhal trouble and brought back the strength the disease had taken away. "I recommend it as a cure and a tonic that cannot be surpassed."

PERSONAL RECOMMENDATIONS BETTER THAN ADVERTISING.

How often we hear and read the expression, "A friend advised me to try Peruna. I tried it and found it to be exactly what I was looking for." At least ten times as many people have taken Peruna because a friend advised them to do so as have taken it because they saw it advertised. Advertisements, however attractive they may be made, cause only a small per cent of the sales of Peruna. It is the advice which friend gives to friend which sells Peruna. Peruna cures one person of some phase of chronic catarrh, and because of this cure a dozen other people are induced to take Peruna.

Attention Called to Pe-Ru-na.

Max J. Porras, alderman of the Eighth district, 35 Livingston street, New York City, writes: "Peruna is a national blessing. "My attention was called to it this fall when I had a gripe. Two bottles made a new man of me."

At the special meeting the stockholders unanimously re-elected as directors Ansel Oppenheim of St. Paul, T. H. Wheeler of New York and H. E. Fletcher of Minneapolis. NICK O'BRIEN A GENERAL MANAGER

Former Omaha Railroad Man Gets a High Position.

Circular No. 1 of the Panhandle & Gulf railroad, issued from the office of the president, A. E. Stilwell, on August 25, names Nicholas O'Brien as general manager of the line, with headquarters at Sweetwater, Tex.

The Panhandle & Gulf railroad is part of the Kansas City, Mexico & Orient, of which A. E. Stilwell is president and Edward Dickinson vice president. Mr. O'Brien will have charge of all the lines in Texas. Nick O'Brien is well known in Omaha, being the youngest son of the late General George Morgan O'Brien and having lived in Omaha since infancy. Entering the service of the Union Pacific railway as a messenger boy, he served in various capacities until 1891, when he was appointed superintendent of the Washington division, with headquarters at Walla Walla. He filled this position for three years, leaving there when that part of the line was cut off from the Union Pacific and went with the late William H. Baldwin, jr., to the Southern railway as superintendent of the first division out of Washington, D. C., the most important division of the Southern system, comprising 1,265 miles in Virginia and North Carolina. He remained in charge of this division until 1897, when the system was redivided and he was placed in charge of the Norfolk division (name since changed to Danville division), 808 miles, continuing in charge of this division till November, 1901, when his jurisdiction was extended to the Washington division, making a total mileage of 1,094. Mr. O'Brien remained in the service of

CARRIER PIGEONS FOR TABLE

Message Birds from Uncle Sam's Navy Find Way into Omaha Hotel.

BAND ON LEG SHOWS GOVERNMENT SEAL

"U. S. S. Booneville or Bennington" Appears on One Bird—Supposed to Have Come from Pacific Coast.

A number of pigeons were bought Friday morning from the David Cole commission house by the Murray hotel, and while dressing them it was discovered that two of them were of much larger size than the ordinary domestic pigeon, and on a leg of each of the large pigeons was a stout metal band branded with the words, "U. S. S. Carrier Pigeon." This consignment of pigeons were received by the Cole company from Sioux City, but further than this they could not be traced.

A few years ago the United States government undertook to utilize carrier pigeons for experimental messenger purposes, but these were only utilized on the Pacific and Atlantic coasts, the service being confined to the Navy department. On one of the bands is scratched "U. S. S. Booneville or Bennington," though the scratching is so nearly obliterated as to be almost undecipherable.

The question arises, where did these two carrier pigeons come from? The bands show that they have been fastened to the leg of a pigeon for a long time and the portion of the leg to which the band was attached is much abraded from constant friction. The birds evidently have been in cold storage for some time and it is possible they may have been received in a shipment from the Pacific coast.

The returns of the Britt-Nelson fight will be received at Ed Rothery's, 1111 and Harney, by direct wire, by rounds.

BIG TURNOUT IN FIFTH WARD

E. R. Duffie Endorsed by Club as Candidate for Supreme Judge.

Last evening at Young's hall, Sixteenth and Corby, the Fifth Ward Republican club held an unusually large meeting. Owing to the large number of candidates being present, President Christy was obliged to call on Vice President Watson for assistance. Among the candidates present were Messrs. Kubat, Cookell, Altstadt and Eastman, for Justice of the peace; Hensel, McGinnis, Casey and Wickerman, for constables; Mae and McKay, for coroner; Judge Dickinson and B. J. Thomas, for county judge; Tre and Ostrom, for commissioner; while D. M. Haverly for county clerk, W. B. Ten Eyck for police judge, A. E. Clarendon for county superintendent of schools and Tony Donahoe for sheriff were alone in their respective fields.

Victor Walker and A. J. Van Gilder, visitors from the Third and Ninth wards, each made a short talk and declaring themselves for "Tony" Donahoe for sheriff.

During the business part of the meeting W. L. Hierstead offered a resolution endorsing Judge E. R. Duffie for supreme judge, which was carried unanimously.

During the meeting the club was entertained by two young Fifth warders rendering mandolin solos.

LEVYS RETURN FROM ABROAD

Mr. Levy Says No Europe for Him So Long as United States Hold Out.

Marris Levy and family have returned from a three month stay abroad. They visited Germany, which is the home of Mr. Levy's youth, Italy, Holland and the larger cities of France and England.

"America is the best place to live," said Mr. Levy. "I cannot understand how any one who has been in this country for a long time, can wish to go back to Europe to live. They want the modern conveniences and comforts we have here. In many hotels which are considered first-class they have electric lights on the first floor, and in places you are lighted to bed with a candle. The railroad service is far inferior to ours. The servant class are all too obsequious, especially to Americans, bowing frequently and expecting a tip every time they bow."

Mr. Levy noted great building activities in the large cities of Germany, notably Berlin. But he found numerous smaller towns no larger than when he left thirty-five years ago. Skilled mechanics are in big demand in Berlin. The people of both France and Germany are in an unusually prosperous condition.

NATAL DAY AT THE CONVENT

Spiritual Rejoicing to Commemorate Mother Raphael's Long Term in Good Shepherds.

In honor of the entrance of Mother Superior Raphael into the Order of the Sisters of the Good Shepherd twenty-five years ago Friday was a holiday at the Good Shepherd convent at Fortieth and Jones streets. In the morning a solemn high mass, with Father Stone as celebrant and Father Stenson and Prof. Hamill as assistants, was sung. Mother Raphael received many congratulations. No other special events marked the anniversary, but was observed as a "day of spiritual rejoicing." The Order of the Sisters of the Good Shepherd was founded in France in 1841.

Truths that Strike Home

Your grocer is honest and—if he cares to do so—can tell you that he knows very little about the bulk coffee he sells you. How can he know, where it originally came from, how it was blended—or with what—or when roasted? If you buy your coffee loose by the pound, how can you expect purity and uniform quality?

LION COFFEE, THE LEADER OF ALL PACKAGE COFFEES, is of necessity uniform in quality, strength and flavor. For OVER A QUARTER OF A CENTURY, LION COFFEE has been the standard coffee in millions of homes.

LION COFFEE is carefully packed at our factories, and until opened in your home, has no chance of being adulterated, or of coming in contact with dust, dirt, germs, or unclean hands.

In each package of LION COFFEE you get one full pound of Pure Coffee. Insist upon getting the genuine. (Lion head on every package.)

(Save the Lion-heads for valuable premiums.)

Nervous Women

Their Sufferings Are Usually Due to Uterine Disorders Perhaps Unsuspected

Can we dispute the well-known fact that American women are nervous? How often do we hear the expression, "I am so nervous, it seems as if I should fly," or, "Don't speak to me," Little things annoy you and make you irritable; you can't sleep, you are unable to quietly and calmly perform your daily tasks or care for your children.

The relation of the nerves and generative organs in women is so close that nine-tenths of the nervous prostration, nervous debility, the blues, sleeplessness and nervous irritability arise from some derangement of the organism which makes her a woman. Fits of depression or restlessness and irritability. Spiritually affected, so that one minute she laughs, the next minute weeps. Pain in the ovaries and between the shoulders. Loss of voice; nervous dyspepsia. A tendency to cry at the least provocation. All this points to nervous prostration.

Nothing will relieve this distressing condition and prevent months of prostration and suffering so surely as Lydia E. Pinkham's Vegetable Compound.

Mrs. M. E. Stowell, of 103 Flatbush Avenue, Brooklyn, N. Y., writes: "I cannot express the wonderful relief I have experienced by taking Lydia E. Pinkham's Vegetable Compound. I suffered for a long time with nervous prostration, backache, headache, loss of appetite. I could not sleep and would walk the floor almost every night. "I had three doctors and got no better, and life was a burden. I was advised to try Lydia E. Pinkham's Vegetable Compound, and it has worked wonders for me. "I am a well woman, my nervousness is all gone and my friends say I look ten years younger."

Will not the volumes of letters from women made strong by Lydia E. Pinkham's Vegetable Compound convince all women of its virtues? Surely you cannot wish to remain sick and weak and discouraged, exhausted each day, when you can be as easily cured as other women.
