PA GETS FIRST FROM DENVER

Omaha Beata Bill Everitt and Family in Close Game.

NOT AN ERROR MADE BY EITHER TEAM

McCloskey and Schaub on the Slab Do Good Work and Are Supported in Gilt-Edge Style.

It is just this way: Bill Everitt and his bunch of compatriots wanted yesterday afternoon's game at the Vinton street ball park in the worst kind of way, as the Denver team is after the Des Moines aggregan like a March have in the race for the pennant, and R would be a double source of pride to Denver town to see Cantillon's boys bite the dust. The boys from the sountains played the game from first to last, but were unable to get anything better than 3 to 2 from the Champions.

One of the most prominent features of the game was that Buck Thiel was passed to first by Schaub four times, which was every time Buck came to bat.

Another little feature-a vain piece of dirty ball playing-was an attempt of Bohannon to switch the ball on Schaub in the fifth inning when Bassey went out. Carter, who was on the line, noticed Bohannon's sleight-of-hand work and Umpire Schuster told Bohannon to throw in the ball he was holding out.

Schipke's One-Handed Stop.

Schipke brought himself into the spotlight in the fifth by making a fine one-hand stop off Schaub, while Welch in the sixth made a bold dash for Robideaux's high fly, catching Robideaux out and preventing the score being tied. Thiel made one of his pulsating leaps for a high one sent up to the clouds by Belden in the first and thus shut out on run, as Hartzell was coming down the baslines from second like a pig on ice. How ard's cheering three-bagger in the sixth brought in Schipke from first. McClosky made two wild pitches, one of which al lowed Perrine to get from first to third in the fourth, Perrine scoring when Everett went out from short to first. But Mac held the visitors down well and walked but one of them.

The visitors went into the second inning with sleeves rolled up and every indication of scoring, but their three hits availed nothing. Perrine sent the ball over third, Schipke made a pretty stop, but could not ecover himself in time to negotiate with the runner. Everitt popped out a leftfeld grounder, and Schaub reached first just half a second before Schipke could throw the ball to first. Perrine tried to take advantage of the opportunity by running home, but retired his side by being saught on a throw from Gonding to Freese.

MERCURY WORSE THAN THE DISEASE

The effects of Mercury and Potash are worse than the effects of Contagious Blood Polson, for which these minerals are generally used. They cannot cure the disease, and in addition set up a poison of their own, producing dyspepsia, by drying up the gastric juices, salivation, mercurial rheumatism, and often kores, necrosis of the bones.

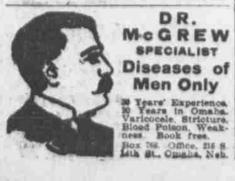

Bowling Green, Ky., Mitchell House, Bowing Green, Ky., Mitchell House. Gentlemen:-For over four years I suf-fered greetly from a severe case of Con-tagious. Blood Poison. I wentsto Hot Springs, staying there four months at a big expense. I then consulted physi-cians, who prescribed Mercury. Noth-ing did me any good, in fact the treat-ment proved more harmful than benefi-cial. Thus I continued to suffer for four years. I mentioned my case to a friend what is a mentioned my case to a friend, who told me that S. S. S. had certainly cured him. I at once commenced its use, and in six months could find no trace of the disease whatever. This was about two years ago, and there has been no signs of return. D. M. SANDERS.

S. S. S., a remedy made from roots, herbs and barks, is the only known an-tidote for Contagious Blood Poison. In thoroughly and permanently eradicates the poison from the blood so that no sign is ever seen of the disease in future S. S. S. builds up instead of tearing dowr system, as do Mercury and Potash and when it has cured the disease every part of the body has been toned up purifying and tonic effects. also removes any effects of the mineral treat-

a particle of Mercury, Potash or any other mineral. Home treatment book and any medical advice will be given without charge,

Cantillion in any form is not to be hankered after, even with a Tebeau as the alternative. It is simply a procession from this out in the National race. New York is fifty-two points ahead of Pittsburg and the hatter is seventy-six ahead of Chicago, which in turn is thirty-four anead of Duffy's Phila team. There is practically no race left in the league for any position. Hurray fer Kerry Patch, bejabers, and agin we may, hurray. That noble balliwick in the heart of St. Louis, where neighborly housewives toss scalding water at each other and friendly husbands sling. Dilly greeting—that emeraid isle of der New Faderiand which has produced some of the most brilliant stars in the base ball firma-ment—old Eill and-Jack Gleason and even our own Bill Schipke—has dazzled the world once more with the glory of one of its noble sons. Harry Kane, a southpaw pitcher for Savannah in the Southern league has pitched thirty-seven games this season in which he allowed but 134 hits, less than four to a game. He won sixteen and lost eleven of the games. He is regarded as the premier pitcher of the Dixle league. Hurrah for the only place on earth where the Dutch and Irish lie down together. Speaking of Kerry Patch recalls one time mosced of some of the bast second hase-man was captain of the Lucas league tagen in St. Louis. The team though com-posed of some of the bast individual glasseck and old Joe Quinn in the bunch could not win the games and Kerry Patch, which wasn't so many miles from the Gass avenue park, where this league played, conceived the idea that Dunlap was re-to partake of Kerry Patch scond hase-mone night Fred was invited out, as it were, to partake of Kerry Patch is hough com-for some days after that, being detained at a nearby hospital. But the Kerry Patch remedy—though it served to create a more wholesome regard for the social amenities of that unique section, did not help the standing of the Lucas team any.
