> Its superiority is unquestioned. Its fame world-wide. Its use a protection and a guarantee against alum food.

Alum baking powders are detrimental to health. In most foreign countries their sale is prohibited. In many states in this country the law requires that alum and alum-phosphate powders shall be branded to warn consumers that they contain an unhealthful ingredient, while in the District of Columbia, Congress has forbidden absolutely the sale of food that contains alum.

Alum baking powders may be distinguished by their price -one cent an ounce or from ten to twenty-five cents a pound.

PRIMARY ELECTION FORUM.

Donahoe for Sheriff. OMAHA, Sept. 14 .- To the Editor of The es: I am glad that The Bee has given its readers a chance to express their political opinions through its "forum col

As republicans we must consider several points regarding our candidates, viz., the men, their moral and physical stamina, their qualifications for the office, their record, past and present, their availability before and after the primaries and the con fidence their appearance inspires in the minds of the people. And then we must remember that local politics demand clean men-men who will strengthen the ticket after it is nominated, and when elected be a credit to the party and themselves.

Now, I will come to the question of sheriff of Douglas county, in the hands of the democrats for the last six years. It is necessary that we nominate a man who has the above enumerated qualifications. Such a man we find in the person of A. J. (Tony) Donahue, candidate for the republean nomination for sheriff. Now, Mr. Editor, I desire to say that I

have known Mr. Donahoe for about eight years and that we have a mutual acquaintanceship of several hundred people in this county, and I have never yet heard one word against him from any one.

My judgment tells me that the people of Douglas county will nominate him for the office September 19, and when they do, the republicans of Douglas can rest assured that they have made no mistake, for the "Fontanelle club" will not "knife" him, the "machine" cannot and the Civio Federation has nothing against him, and with his magnetic personality he makes friends with all he comes in contact with. Another thing occurs to me before I close: "Tony" has no relatives holding office, has never held office himself and has no apologies to offer any one. Let the people decide. I am yours respectfully, BEN J. STORM,

Haller for Judge. OMAHA, Sept. 14 .- To the Editor of The Bee: Permit me to say a few words in regard to the very important office of county judge.

Having known Mr. C. W. Haller for a number of years, I can truthfully say there Fisher & Lawrie has been invited to speak is no more honest or upright man than Mr before the Real Estate exchange next Haller and if nominated and elected he would make an excellent county judge. M. FEIERMAN.
