Socialist Petition to Compel Placing of Their Candidates on Douglas County Ballot Taken Up in Supreme Court.

(From & Staff Correspondent.) LINCOLN, Sept. 19 .- (Special.)-The democrats of Lancaster county this afternoon held a county convention and by nominating some men who were not present succeeded in naming a county ticket and selecting delegates to the state convention tomorrow. Both W. J. Bryan and R. L. Metcalfe are on this delegation. John Wiseman, who was proposed for register of deeds, declined the honor with emphasis, because, as he said, he had been a candidate for years on a democartic ticket, had never been elected and was tired of it.

In their resolutions the democrats con gratulated the republicans on their platform and then went further and asked the legal department of the state to proceed against the issuance of street car passes, which the resolutions claim is contrary to s law enacted by a fusion legislature.

The populists held no county convention, but got together in a mass convention to-

The resolutions adopted by the democrats

are as follows;
We, the democrats of Lancaster county we, the democrats of Lancaster county, in convention assembled, congratulate the republicans of this state upon their late conversion as expressed by their condemnation of the free pass system in their last state convention. This doctrine of equal opportunities to all and special privileges to none is simon-pure democracy. We call upon the republican party of this state to prove jts sincerity by using the judicial machinery of the state to enforce the Gaffin law, which provides a penalty for the issuance of passes for political purposes, a law enacted by a fusion legislature. We beg further to call their attention to the enactment to be found on page 55 of Wheeler's statutes, prohibiting the issuance of passes over street car lines and providing a penalty therefore.

Resolved, That we reaffirm the principles of the democratic party as expressed in the last state platform.

Resolved, That we are in favor of a democratic doctrine of retrenchment and between that the state government can be run with equal efficiency for two-thirds the amount now expended.

Resolved, That we favor retrenchment in the several county offices to the effect that many of the office-holding sinecures be cut off and their unearned salaries be kept in the pockets of the people.

Resolved, That we deplore the death of our time-honored citizen and veteran democrat. Captain A. S. Godfrey, whose death occurred in this city last week. And be it further

Answer in Woodmen Case. County Clerk Drexel of Douglas county filed his answer to the petition of Attorney General Brown for a mandamus to compet the clerk to spread the assessment of the reserve fund of the Woodmen of the World over his records. In his answer Mr. Drexel sets up that the law has been complied with and that all the property of the order was included in the assessment of \$38,340 fixed by County Assessor Reed.

The answer, alleging that the reserve fund had been assessed, came as a distinct surprise to the legal department of the state, as it has been considered there was no question but what the County Board of Equalization had absolutely refused to con-
