Boys' Shoes Our Hobby

Yes, boys' shoes is a hobby of ours. We have made it a special study for years. We want all the boys' shoe business, and we are getting more of it every day. We realize the fact that boys require a stronger and better shoe than a man's—our boys' shoe that we sell for \$1.50 is made with a view to hard knocks—it's not the kind you ordinarily buy for \$1.50—it's better. Every pair warranted to give satisfaction. Saturday is boys' day at our store.

ON THE IRRIGATED FARMS

In the valleys of the Grand, Gunnison, North Fork and Roaring Fork Rivers and in the San Luis and Ucomphgre Valleys, of Colorado, and the Farmington district of New Mexico—farming, stockraising and fruit growing are carried on in a way that is a revelation to the farmer in the east.

For those who desire to make new homes, there is no other region that offers better advantages than western Colorado—a land of blue skies and sunshine, with a temperate and even climate, where the arid desert needs but to be tilled and watered in order to verify "blossom as the rose." Several illustrated publications, giving valuable information in regard to the agricultural, horticultural and live stock interests of the great western section, have been prepared by the DENVER & RIO GRANDE RAILROAD, and can be obtained by addressing
