CONVENTION PLANK SHOULD BE MADE GOOD

Unsuccessful Sultor Appeals to Police Judge to Help Him Win the Love of a Chorus Girl.

(From a Staff Correspondent.)

LINCOLN, Sept. 22.—(Special.)—The resolution introduced at the meeting of the republican state committee last night by Victor Rosewater, providing that the committee should order the nominations for state offices in that by a primary election in conformity with the plan in the republican platform which recommends the enactment of a direct primary law, instead of by the old convention system, meets with the approval of the state officers who were here last night and with many others who are opposed to a direct primary. It is believed that the convention endorsed such a resolution it would be the proper thing for the state committee to adopt the primary system and thus show the good faith of the party in its platform declaration.

All of the state officers with the exception of Superintendent McEwen are out of town today, but last night Superintendent McEwen, Secretary of State Galusha and Land Commissioner Eaton were present at the committee meeting and each at the close of the meeting expressed himself in favor of it.

Superintendent McEwen said: "The committee should by all means adopt the resolution and hold primaries next fall for the selection of a state ticket. The republican state convention recommended that the next legislature enact a direct primary law and the state committee should by all means carry out that recommendation. The statement that the west end of the state would be discriminated against, I think will not hold good. Without passes it will be impossible for the delegates who are without means to come to a convention and that will mean only the wealthy delegates will come. The anti-pass law and the direct primary law must go hand in hand. The republican state convention has spoken on the matter and it is up to the party machinery to carry out its organization."

Deputy Attorney General Thompson said: "Without saying anything for or against the direct primary system I think by all means the state committee should declare itself for the primary to select the next state ticket. The republican state convention has declared in favor of a direct primary law and the recommendations of that convention should be put into effect as soon as possible. Only by doing that can the republican party keep the confidence of the people." Incidentally Mr. Thompson has carried out the recommendation of the convention on the anti-pass question by requesting all his passes to the railroads from which he received them.

Senator George Sheldon said: "I don't know that we need a primary system for Cass county, but the resolution recommending a primary election law was passed by the republican state convention and it should be put into effect by the state committee. Nothing should ever go into a platform unless the party is sincere about it and to show that the direct primary recommendation is not unbecome it should be put into effect at the first opportunity. Those who are opposed to a direct primary should have made their objections before the party went on record. There is nothing to do but to put the recommendation of the convention into effect."

A number of other parties of more or less prominence who were present, all in favor of carrying out the recommendations of the state convention.

Warner Names Committee.

Chairman Warner today announced the names of his executive committee as follows: First District—Byron Clark of Plattsmouth. Second District—Victor Rosewater of Omaha. Third District—Charles A. Kelsey of Neligh. Fourth District—H. C. Beebe of Osceola. Fifth District—Charles A. Robinson of Beatrice. Harry C. Lindsay will assist Treasurer Hennings in handling the cash and the chairman says the deficit of \$2,000 will be paid.

When Fred Abbott is elected a member of the Board of Regents of the State University.

When Fred Abbott is elected a member of the Board of Regents of the State University, the executive meetings of the board, at which is spent \$50,000 a year, will be at an end. Mr. Abbott is a newspaper man and naturally believes that all public boards should attend to their business in the line.

Several have asked me if I would be in favor of holding open meetings when elected a member of the Board of Regents, said Mr. Abbott last night. "I most certainly am in favor of the press being admitted to all public board meetings, and when elected a member of the Board of Regents I shall do all in my power to have all of the business transacted before the public."

Lover Appeals to Police Judge.

After following a theatrical company from town to town in a vain attempt to win the love of a chorus girl, William France, almost on the verge of despair, last night appealed to Judge Congrave to help him win the girl. France called at the judge's home at midnight and asked for a warrant for the arrest of Al Denier, a member of the "His Highness, the Bey" company, whom he believed was the girl's lover. France said that he had been following into various towns. As an excuse for the arrest he told the judge that Denier had threatened to kill him unless he let the girl alone and quit following the company. As a further accommodation to him, France asked that the girl be held here as a witness and not allowed to depart with the company. When Judge Congrave told France to see the county attorney the next morning the latter pulled out a revolver, which he pointed at the judge and told him he intended to use it on Denier when the two met again. It took some effort on the part of the judge, together with a little gun play of his own, to appease the irate lover and send him on his way. The show company, with the chorus girl and Denier, left town at 11:30, and what became of France could not be ascertained. He claimed to be a traveling salesman.

Quit Standard Oil.

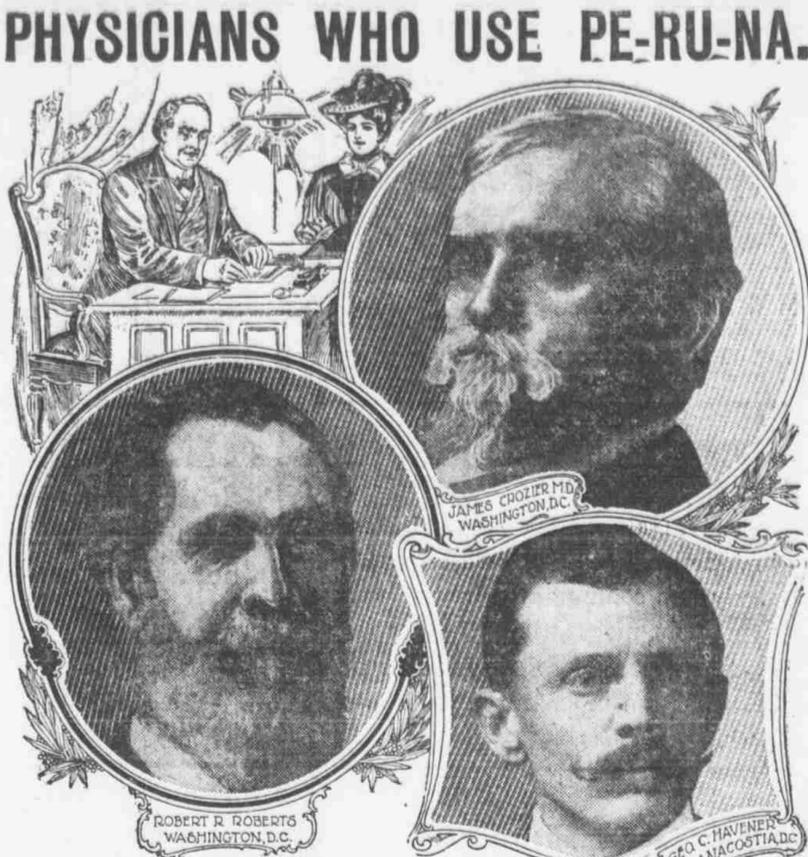

Frank Gamsel, who for fifteen years has been an employee of the Standard Oil company and for several years has been in charge of the business here, Mr. Gamsel has resigned his position with the company and is now engaged with the Marshall Oil company. He will still maintain his headquarters in Lincoln and look after the business here. Mr. Gamsel has been with the Standard company so long that he is known as well by the name of "John D" as he is by his own.

Matters in Supreme Court.

The following cases will be called for hearing October 3 in the supreme court of Nebraska:

Rosenberg against Chicago, Burlington & Quincy Railway Company; Heaton against Stanley, Dawson; Heaton against Wierman, Sheridan; Huber against Johnson-McLain Company; Douglas, Boyer against Lincoln Traction Company; Lancaster against Egan, Douglas; Continental Casualty Company against Buckle, Lancaster; Hickett against Bosart.

PHYSICIANS WHO USE PE-RU-NA.

ROBERT R. ROBERTS, WASHINGTON, D.C. and GEO. C. HAVENER, ANACOSTIA, D.C.

Prescribes Pe-ru-na to His Patients.

Robert R. Roberts, M. D., Washington, D. C., writes: "Through my own experience as well as that of many of my friends and acquaintances who have been cured or relieved of catarrh by the use of Hartman's Peruna, I can confidently recommend it to those suffering from such disorders, and have no hesitation in prescribing it to my patients."

Best Tonic He Ever Prescribed.

James Crozier, M. D., formerly U. S. Pension Office Medical Examiner, formerly on the Medical Board of Reference, U. S. Pension Office, in a recent letter from Washington, D. C., writes: "I have often prescribed Peruna in my practice for catarrhal trouble, and after giving it a fair test I can cheerfully recommend your valuable remedy for coughs, colds and catarrh in its worst stages. 'It is one of the best tonics I have ever prescribed.' Peruna has proven its merits thoroughly and overcome all prejudice."

Pe-ru-na Beneficial for Severe Cases of Catarrh.

George C. Havener, M. D., Anacostia, D. C., writes: "In my practice I have had occasion to frequently prescribe your valuable medicine, and have found its use beneficial, particularly in severe cases of catarrh."

Merit Commands Attention.

Usually, physicians are not in favor of proprietary medicines. It is only in cases where a proprietary medicine has by its superior merit forced itself upon their attention that the physicians will pay any attention to such medicines.

A Notable Exception.

They prefer to use the medicines which they prescribe. Now and then, however, a medicine becomes so popular that the people whom it cures are so numerous and manifest that the physicians do not hesitate to make public endorsement of it, and use it in their practice. Such has been the case with Peruna. Recognized by Physicians. For many years the physicians opposed it. After a while, occasionally one here and there felt constrained to use it. There are still many physicians who are opposed to Peruna, but the number of physicians who endorse Peruna, and who make daily use of it in their practice is rapidly increasing. Many Endorsements. We append a few letters received from such physicians. These are fair specimens of the kind of letters we are receiving from physicians who have used Peruna.

INDIANS' GUARDIAN SHORT

D. A. Kelso Found to Be in Debt to Johnson Estate More Than One Thousand Dollars.

PENDER, Neb., Sept. 22.—(Special Telegram.)—In the hearing of the application of the Johnson heirs for an accounting from D. A. Kelso, their guardian, it was shown that the guardian was short \$1,019.67 as far as the accounts have been examined. The hearing will be continued tomorrow, at which more discrepancies are expected. Kelso is a deputy sheriff and was appointed guardian of the estate of the Johnson heirs upon the death of their former guardian. His bond is signed by the First National bank of Pender and it is said suit will be started on the bond if the shortage is not immediately made good. Kelso was not in court this morning and it is alleged that he has skipped the country, being unable to raise the money said to be due the estate. The interests of the Indians are being represented by F. R. Millard of Harrington, Hiram Chase and Rev. Joseph Schell.

LUTHERAN SYNOD AT WILBER

Lessons Will End Sunday After Four Days of Conference.

WILBER, Neb., Sept. 22.—(Special.)—The thirty-third annual convention of the Lutheran synod of Nebraska is being held at Wilber. The first session was held Wednesday evening, when the Lutheran church at Wilber was consecrated to the worship of the true God. The address of the evening was made by Rev. Dr. Zarger of Atchison, Kan. Rev. F. G. Gotwald, representative of the Board of Education, made a splendid address on the subject of "Education in the Lutheran Church of America."

Albion Fair Great Success.

ALBION, Neb., Sept. 22.—(Special.)—As predicted yesterday witnessed the largest attendance at the county fair in the history of the association. The crowd is estimated at from 12,000 to 15,000 people. The receipts at the entrance gate were something more than \$1,800. The guileless wonder, Cate, failed to give an exhibition on account of her lame condition. To satisfy the crowd, however, she was led around the track and it was not hard to see that she was unable to go into a race. Several spirited horse races occurred. Prof. Jackson made a balloon ascension and it was one of the prettiest ever seen in this country. There was hardly a breath of air stirring and his ascension was almost immediately over the heads of the people. A game of base ball between Cedar Rapids High school and the Albion High school resulted in a victory for the latter.

We wish you would feel perfectly free to write the Doctor at any time. Ask him anything you wish to know about your hair. You will obtain the best medical advice free, and no one will see your letter but the Doctor. Address, Dr. J. C. Ayer, Lowell, Mass.

Testimonials? We can furnish them by the thousand. Here is one: For over half a century Ayer's Hair Vigor has been sold in every civilized land on the face of the globe. Is not this long, unbroken history of success the very best kind of a testimonial? Made by the J. C. Ayer Co., Lowell, Mass. AYER'S HAIR VIGOR—For the hair. AYER'S PILLS—For constipation. AYER'S CATHARTIC—For coughs. AYER'S AGUE CURE—For malaria and ague.
