about three-fourths of its value and he had nothing but his statement and report to go on. "I did not say that the tools of the road were insured, and do not know that they were. The increase made by the board was, in its opinion, justifiable. The rolling stock was increased from \$1,025,000 to \$1,785,000. We had evidence sufficient to warrant us in making this advance."

Land Commissioner Polimer and Secretary Bennett will be called upon to testify Friday afternoon and was the cause of its total destruction. The buggy was overturned and partially disabled by the force of the contact, but when the horse, which became frightened, had dragged the vehicle over the sidewalk to the curb house steps, a distance of about 100 feet, it was completely wrecked.
