While standing at the box waiting for the patrel, the Moulton woman broke away and started to run. Jones ran after her and started to run. Jones ran after her and told her to stop, but she wouldn't do it. So Jones struck her on the side of the sad with a club. She dropped to the street and took her ride to the station in a docile frame of mind. They were held on the harge of petit larceny.

Will Not Do.

The Murray hotel has tired of the Japanese bell boy experiment and gone back to the common American boy, white and colored. Clerk Hastings said:

"We gave the experiment a fair trial and it won't work. We had five different Japanese bell boys here, but they couldn't ance five to one. The American boy is a stayer, while the Jap is a quitter. We have had enough of the Jap bell boy busine

Electric Train Bulletin.

An ingenious electric train bulletin has a list of eligibles, by the Civil Service com- been installed by the Chicago & Alton Railway company in a number of its stations the matter, and have practically no say and in some of the principal hotels in cities and towns through which its trains run. Hence all applications for the position are | The device resembles a clock in appearance, simply a waste of time on the part of the a hand moves on a dial and indicates whether the train is on time, or, if not, how many hours or minutes it is late. All these bulletins in one town act simultaneously and indicate the same fact. The operator at the station controls them all, sing a device simillar to a telegraph instrument controlled by a telegraph key.

should consult Dr. Bransman at once

A well known railroad engineer on the U.P., cured of deafness, head noises and catarrh, writes: I have been troubled with catarrh of the head and throat, was inwking and spitting, nose stopped up; would take cold easily. I had constant noises in my head, which would almost drive me frantic, my ears would stop up, my hearing was bad, worse some days than others. I could see I was rapidly getting deaf. A friend of mine told me of Dr. Bransman curing ss many, so I went to him. His new system convinced me he could cure me, which has been done. I am now free from head noises, my hearing is prefect, my hearing is free and clear—to make a long story short. I am cured completely. I recommend Dr. Bransman to all railroad men who are deaf. men who are deaf WENCEL FRANTA. 227 South Eleventh St.

ELECTRICITY Cures deafness and head noises permanently by applying it to the ears. A mild current is passed through the ears reducing all inflammation, relieving all shrunken and thickened conditions of the ear drums. It also acts as a great nerve tonic, restoring and reviving every nerve fiber to a healthy condition.
