AFFAIRS AT SOUTH OMAHA

Complaints Are to Be Filed in Court Against Three Election Officers.

ALLEGED TO HAVE NEGLECTED DUTY

Results of County Canvass in Several Precincts Impress the City Officials with Need for

Action.

Once more the attention of the mayor and council is forcibly called to the necessity for appointing sober and competent election officers. The canvass of the vote at the recent primaries was completed Saturday by the county clerk. This can vaes resulted in the throwing out of the entire vote cast in the Second precinct of the Fifth ward and the finding of palpable errors in the Second precinct of the Fourth ward. In the case of the election officers in the Second precinct of the Fifth ward complaints are already drawn and are to he filed in the county court today against Patrick Brosnihan, Cornellus O'Brien and William Telford, charging neglect of duty and intoxication while on duty.

It is thought that if these complaints are pushed and the delinquent election officers punished it will have a good effect on other election boards in different parts

Very soon now the council will revise the entire list of election officers and it appears to be the understanding that more care in the selection of names will be taken since the scandal attached to the

With the registration to come yet extreme care should be taken by members of the council to select competent men. Each member of the council selects voters from his ward to serve and the list is approved by the council as a body. Voting machines will be in use at the coming election and men who are willing to serve for the sum puid are really hard to find. out an effort is to be made to weed out some of the old timers who have held jobs on election boards for years and who are in no way qualified to sit as judges or clerks of election. If there is a general revision of the list, as now contemplated, suitable men may be secured, as the hours will not be nearly so long as before. The long bours have been a drawback in the past, but now there is some hope of geting good men to serve, at least the atmpt is to be made.

Cunningham Resigns Presidency. Frank H. Conningham of South Omaha has resigned as president of the Rural Free Delivery Carriers' association. Mr. Cunningham was endeavoring to serve as the president of the association for a third term and was elected by western delegates to the annual convention held at Indianapells last week. His re-election raised such a storm that he resigned. Mr. Cunningham was at one time a rural carrier president of the national association association, with headquarters in this city. of the rural carriers' convention, as only schools. three free delivery routes run out of South Omaba.

Pinne Polishers Are Smooth. In the arrest of three young men who at a small cost the police think that they have captured a trio of crooks. When arstealing every little thing they could to raise funds. Reports at the jail last night showed that operiof the trio, Davis, had stolen a ring and a ranor strop from a lodging house on Twenty-sixth street.

Captain-Shields is satisfied that the men land and return later and rob the houses they had marked. A can of the polish had left it. An inspection shows it to be the cheapest kind of stuff and guaranteed case piano. The trio will be charged with vagrancy in police court today.

Tindall Reception Tonight. Sunday Dr. Tindall preached his farewell ermon at the First Methodist Episcopol their work. church and this evening he will be tendered a reception at the home of Mr. and

Byron Smiley is assisting City Engineer
Beal in setting stakes for the curiding on
Missouri avenue.

The work of stringing electric light
wires from South Omaha to Fort Crook is

now going on rapidly.

George Parks says that he will commence seday repairing the stone pavement at Twenty-fourth and A streets.

Twesty-fourth and A streets.

Rev. F. M. Sisson is expected here from Norfolk this week to take charge of the First Methodist Episcopal church.

This evening members of the Lotos club will hold a meeting at the office of Senator Gibson. Twenty-fourth and M streets.

The Arises school building at Twenty-first and S streets has been placed on its foundation. and S streets has been placed on its founda-tion and is being used for school purposes.

Police reports show that there has been less drunkenness is South Omaha, this month than for many soonths past. Even the brewers report business dull.

The sewer bond ordinance is expected to be presented to the City council this evening is order that the proposition may be voted on at the November election.

WAS THIRTY YEARS IN NAVY

Retired British Captain Confesses He Was Sever in a Battle at Sea.

Captian William Freeman, late of the Captian William Presman late of the British mays, was a guest Sunday at the Paxton. The captain spent the day viewing a few points of interest. In the afternoon he went to Fiorence and took much interest in the water works. Testerday was the captain's first visit to Omaha or this part of the United States. Like most Britishers visiting the west for the first time, he was too full of impressions to express himself. He admitted however, that he had heard of Omaha, but had not the least idea of the extensiveness of the city. least idea of the extensiveness of the city.

Patalities Prevented. After an accident use Bucklen's Arnica Salve. It prevents fatal results. Heals cuts, burns, sores. Se. Sold by Sherman & McConnell Daug Co.

Minnie and John Brieget of Council uffs, were arrested at 1126 last night, at 5 South Tenth gtreet, and lodged in the 15 Jail, under charge of being fugitives on justice. They have been under incoment for arson in Council Bluffs.

OUR LETTER BOX.

Mr. Davidson's Apology Not Accepted. OMAHA, Sept. 28-To the Editor of The Bee: I received a note at the moment of this writing on the case of alleged "discipline" of an unruly boy in the Train school, which says:

which says:

If ever your pen was called upon to defend a poor 15-year-old buy from four able-bodled women, unworthy of the name, it certainly is called upon now. If this is not "crucity to animals" I never knew a case, Such women are not worthy of the position of teachers, and should be dismissed.

And this from one of the most prominent

tizens and merchants, whose children were born in Omaha and educated in the public schools in the days when this kind of brute force in them had been driven out after a hard and continuous battle against it by the Omaha Herald, of which I was then the editor. It gives me no pleasure, but sincere regret, to interpose in a matter so serious. Superintendent Davidson is reported as having said:

Insofar as I have investigated the case,

over desks and chairs, is true.

The very fact that the teacher was forced to call three others to her assistance is sufficient evidence of the violence with which she had to contend in enforcing discipline. I respectfully say that Mr. Davidson's apology for the violence and cruelty that was practiced upon this in-year-old boy is not accepted. The attempt to account for the bruises, marks of which were found upon his person, by saying that he gave them to himself by "throwing himself wildly on the floor and over deaks and chairs," is so utterly ridiculous that it will not bear a moment's serious considera-

I am truly serry to knew that corporal punishment has been creeping back into the public schools by a kind of stealth that has left the fact largely unnoticed. It required just such a case as the one the people are now considering to again the people are now considering to again. arouse public opinion against it. I do not blame the teachers in this instance, or in any other instance, as I do the principle of corporal punishment as a measure of after a great agitation, recently condemned it by a crushing projectly, and I send with this a respectful appeal to the honorable, the Board of Education, to abolish it ut-

terly in the public schools of Omaha. I am quite familiar with the pleas and arguments in support of brute force to enforce obedience to teachers in the schools. I answered them all more than twenty years ago to the satisfaction of an intelligent public opinion. I have many valued out of South Omaha and was the first friends among our teachers who are so competent and worthy I would not willelected. Nearly a year ago Mr. Cunning- ingly wound their feelings, but I say to hum was removed from his position as them, and I say to others, and to all who rural carrier by the postmaster general, are in authority, that the bludgeon must be but continued to serve as president of the made to give way to that holy law of kindness which should ever rule over the Little interest is taken here in the actions vicious and the disobedient in our public GEORGE L. MILLER.

OMAHA, Sept 24,-To the Editor of The Bee: As a subscriber and wellwisher for went about the city offering to polish planes your efforts for good government I beg to say your editorial of yesterday was misleading. The line of demarkation as berested the sharpers had no money but were tween United States waters and Canadian waters is governed by international law, which means the three mile limit and in Articles | Open | High. | Low. | Close | Yes'y. bays three miles from headhand to

FUNDS FOR THE NEW TEMPLE Substantial Addition Made by Temple Israel Congregation at Its Annual Meeting.

Temple Israel congregation held its annual meeting Sunday, at which time the following officers were elected for the en-

rated some time ago. Before the meeting adjourned the sum of \$5.000 was pledged to the building fund, which already amounted to something over \$10.000. As soon as this fund has reached the necessary proportions to insure success, ground will be broken for the new temple, probably early next sea-

From here the captain proceeded south Sunday evening.

Captain Freeman served in His Majesty's many for thirty years, but never was in a many for thirty years, but never was in a many engagement. He was retired last spring and is now making a tour of the yearly Meeting. The annual session of the Indiana Yearly Meeting, the largest body of Chakers in the world, will begin in the yearly meeting house. Conference of Friends.

CRAIN AND PRODUCE MARKET

Cables Higher, but All Domestic News is Bearish.

STEADINESS CHARACTERIZES TRADING

Weather Ideal in Wheat and Corn Belt-Feature of the Corn Market is Heavy Buying of May Option.

OMAHA. Sept. II. 196. Wheat was steady. Foreign markets were all higher again this morning, but cables brought no builish news of importance. brought no buillan news of importance. Domestic advices were all bearish. The weather is ideal throughout the American and Canadian wheat beit. Receipts at Minneapolis and Duluth were 80 cars ever the same date last year. September closed at 85c. December at 85cc and May at 87cc. The heavy buying of May corn by the Chicago interest which is active on the long side of wheat was the sole feature of the corn market. The weather is perfect for finishing the crop. A large business was worsed yesterday and advices from Kansas City state that sales for December-January shipment from the gulf were heavy. Receipts ran about as expected. September closed at 625c old September at 55cc. December at 65cc and May at 45cc. old December at 65cc and May at 45cc. Onts were quiet and steady. Trade was not so large as the past two days. There are no immediate prospects of any material change to the volume of receipts and

fered.

Regarding corn the Inter Ocean says:

"May corn has been bought all week by the
Armour-Lichstern combination, according
to the figures made by pit operators, and
some placed their purchases as high as
7,000,000 bushels. The price is up 2c from under strong provocation, can control her temper against dangerous and cruel abuse of this kind of authority, and all experience proves it. The great city of New York, the home of the vicious and the vice, after a great artistics.

Prices on Board of Trade.

Prices on Board of Trade.

«CHICAGO. Sept. E.—Almost unprecented stendiness characterised prices touny on the Board of Trade, opposing influness neutralizing each other. Wheat finished at precisely the final figures of yesterday. Corn. cats and provisions were
also in nearly perfect equilibrium. Quotations for each at the close showed practically no change.

In the wheat market fluctuations in prices
of all deliveries were confined in a range. In the wheat market fluctuations in prices of all deliveries were confined in a range of bc. The volume of trading was extremely sinall. Weather in the northwest was again favorable for the movement of the new crop. Evidence of this was found in the liberal arrivals at Minneapolis and Duluth. Receipts today at these two points totaled 1,045 cars, against 645 cars the currenceding day a year ago. Higher prices ing quota ions on December were unchanged to be lower at \$50.0850. and the nathest point reached during the day was \$54. The market closed steady with December at \$50.0 Clearances of wheat and now were equal to 72.00 bu. Primary receipts were 1.54.00 bu. compared with 1.58.00 bu. a year ago. Minneapolis. Duinth and Chicago reported receipts of 1.00 cars a year ago. Trading in corn was active and, notwithstanding the exceptionally favorable weather for the maturing of the crop the market was strong, more especially the May delivery. The cause of this firmness was active demand from a leading built. It was estimated that total purchases made by that one interest amount to over 1.000. as estimated that total purchases made that one interest amount to over 1,000, bu. Commission houses and longs were es sellers. There were, in addition, module sales for short account. The market osed practically at the highest point of a day. December opened unchanged to higher at 61,945%, and up to 63% and osed at 63,65%. Local receipts were cars, with 13 cars of contract grade. Liberal receipts had a weakening effect in the outs market. Elevators and comission houses were quite free sellers Cash Liberal receipts had a weakening effect on the oats market. Elevators and commission houses were quite free sellers. Cash houses reported liberal acceptances from the country and this tended to depress values. December opened unchanged at 29-c. soid off to 185,625c and closed at the lowest point. Local receipts were 25c cars. Provisions were steady on small receipts of hors. Shorts were the chief buyers. At the close January pork was off a shade at \$12,56012.574; Lard was up a shade at \$6.00 Ribs were down 24c at \$4.475.

Estimated receipts for Monday: Wheat, 70 cars; corn. 53 cars; cats. 67 cars; hogs, 25,508 head.

18. Western cattle suffered even a

decline than this and show a loss for the week of logon.
There was a fairly heavy supply of cows was all bought up every day, aithough at lower prices. Cows were in lairly good de-mand all the week, but buyers were bear-ish and insisted on lower prices. On the medium grades, which suffered most, the market was off logich, while the good kinds held up a little better than this. Camers were in better demand and clos-ing prices show that values are not more ing prices show that values are not much rent than they were at the close of last

Week. Bulls, veal calves and stags also shared

week.

Buils, veal calves and stags also shared in the general weakness and were generally lower for the week.

Stockers and freders were in very large supply all the week and there was considerable call for the cattle. Buyers, however, were bearish the latter part of the week and insisted on lower prices. On the good, fleshy kinds that showed quality, prices were about logiste off, but the common grades were slow in moving at prices right around a quarter lower.

HOGS—There was a fairly good run for a Saturday, about fifty-five cars being on sale. Forty cars of the receipts arrived early and were picked up in good season, but fifteen cars did not get in till well along twoard noon. On the good light stuff the market held up in good shape and prices were fully steady, but the rough heavy hogs were slow sale and buyers were indifferent on that kind. Salesmen with heavy stuff were forced to make some concessions and trade ruled 1465c lower on the opening market. There was considerable activity, but after the more urgent erners had been filled and most of the light stuff disposed of buyers laid down and trading became slow. On the late market the heavy hogs were decidedly slow and buyers did not seem to care about taking them on except at a big decline and the closing market was a flat dime lower, although light weights ruled sleady as noted above. The built of the hogs sold at \$2.25. them on except at a big decline and the closing market was a flat dime lower, although light weights ruled steady as noted above. The bulk of the hogs sold at \$2.50 pm. With good loads selling up to \$2.50 pm. With good loads selling up to \$2.50 pm. With good loads selling up to \$2.50 pm. The hog market at the present time is in a rather peculiar condition. Buyers claim, and they seem thoroughly imbued with the idea that prices are too high under existing circumstances. That being the case they let slip no opportunity to pound the market, which makes the trade on a good many days dull and gives a bad impression of the market. Last week they met with considerable success in their bearish tactics, but this week all they have accomplished is to make the market slow and dull some days, with the closs weak on most every day. The low point last week was on Thursday, when the hogs sold on an average at \$3.14. From that day on till Wednesday of this week prices were a little higher every day, the total gain amounting to 25c. On Thursday the market broke about loc, but recovered some of the loss on Friday so that today the market is about where it was at the close of last week.

TIME TRAP FOR SCORCHERS Camera Contrived in England Reveals the Speed of Automobile Flyers.

To ascertain the exact speed at which motor cars are traveling is often a question of great importance to the general public. who suffer by reckless motoring, and cf equal importance to conscientious and careful motorists, wno wish to obey whatever the law on the subject may be. To meet

NEW FORK, Sept. 21—WOOL-Market steady; domestic fleece, 2623c.

ST. LOUIS, Sept. 22—WOOL-Steady; which a motor car is traveling, two or medium grades, combining and clothing, 263 which ight fine, 21623c; heavy fine, 18622c; time recording cameras referred to ca If the police wish to know the speed at which a motor car is traveling, two of the time recording cameras referred to can be placed at each end of a "trati" tance between the points where the cameras are located having been accurately measured. The plan is for the camera to take actual photographs of a car, including the people on the car, as it passes the selected spots, recording the time of taking to the fraction of a second. This gives the speed and means of identification of car and occupants. If the watch be synchrontied, the decision arrived at must be ac-

cepted as accurate. It is proposed, one English journal states, that when a driver is summoned for exceeding the speed limit he be furnished with the photographs of the car entering and leaving the "trap" and the time records and have an opportunity before appearing In court to measure the length of the trap and calculate from this data the time actually taken in traversing the distance and from this the rate of speed. The description in part is as follows:

"With this camera it is possible to take photograph of any rapidly moving object passing any given point, the shutter speeds

placed the watch in the case it can be scaled (not locked) up, and it is impossible for the person in charge of the same to tamper with the watch without breaking and destroying the seal.

"The camera thus makes a record that can be produced in court, and if carefully stored can be referred to and reproduced

HAD AN AWPEL TIME.

But Chamberlain's Colic, Cholera and Disrybnes Remedy Cared Him. It is with pleasure that I give you this nsolicited testimonial. About a year ago when I had a Levere case of measles I got suught out in a hard rate and the measter settled in my stomach and bowels I had an awful time and had it not been for the use of Chamberlain's Colle, Cholera and Diarrhoes Remedy I could not have possibly lived but a few hours longer, but thanks to this remedy I am now strong and well. I have written the above through simple gratitude and I shall always speak a good word for this remedy -Sam H. Gwin, trayeling salesman for Concord Nursery, Con-

Merchandles and Specie.

NEW YORK, Sept. 28 — Total imports of merchandles and dry goods at the port of New York for the week ending today were valued at \$14.581.74 Total imports of specie at the port of New York for the week ending today were \$41.35 milver and \$54.74 gold. Total experts of specie from the port of New York for the week ending today were \$58.79 sliver and no gold.
