ECZEMA ON BABY BOY'S FACE

Tried Many Remedies Without Any Benefit—Used Cuticura and Was Helped at Once—Now Picture of Health—Cure Permanent.

CUTICURA REMEDIES WORK WONDERS

"As I was reading the daily paper I saw a testimonial from one of your permanent cures by the Cuticura treatment. I know by experience your medicine is all it claims to be. I had a baby boy three months old and eczema broke out on his head and face. I tried several kinds of medicine without any benefit, and then decided to try Cuticura. I could see an improvement at once, and in a very short time he was entirely healed. He is now three years old and a picture of health, thanks to your great remedies. One of my neighbor's children was also cured by the use of Cuticura. She came to me to ask what I used for my baby, and I was more than ready to recommend Cuticura, because of the speedy cure of my baby. She found the same result that I did (signed) Mrs. Lottie Verage, The Brunswick, Rhineland, Wis., May 21, 1905."

CURED OF PIMPLES

"It gives me great pleasure to testify to the merits of the Cuticura Remedies. I have tried several treatments for the blood and complexion, but none gave entire satisfaction as did the Cuticura treatment. I advise all to give it a fair trial. My face was always filled with pimples and red sores until I used Cuticura. (signed) Wm. H. Brown, Covington, Ky., May 22, 1905."

ANOTHER CURE

"Cuticura Soap and Ointment cured me of a very bad skin disease from which I suffered for several months. I think Cuticura Soap and Ointment the best in the world for the skin and hair. (signed) Sadie Brown, 189 Pike St., Shelbyville, Ind., May 7, 1905."

HUNT REPLIES TO GONDEN

Insists that the Latter Speaks as Paid Agent of the Nebraska Telephone Company.

A. B. Hunt had this to say touching a recent signed article in The Bee anent the controversy over the proposed establishment of a second telephone system in Omaha:

"In answer to Mr. H. J. Gonden's denial that he was in the employ of the Nebraska Telephone company a year ago, I wish to reiterate what I said before, that he was employed in the interest of that company. As to the instructions Mr. Gonden may have received I am not prepared to contradict his statement, but it should be pointed out, however, that his version of these instructions looks a bit 'fishy,' to say the least. Mr. Gonden has gumption enough to know that he was being paid in behalf of the Nebraska Telephone company from money put up in advance. He also undoubtedly knew that his work was designed to defeat my proposition, then under way, as well as to discourage the entry of competition into other places.

"Surely Mr. Gonden is trying to crawl out of a very small hole when he pretends that he did not know in whose interests and for what purpose he was working. Just as he is now 'plugging' with all the cleverness at his command for the Nebraska Telephone company, so he is then doing its work. And the pretense that he is here now to visit his parents will deceive no one. The ordinary citizen will regard it as quite singular that he should arrive just as the independent telephone franchise is again to the front, and should at once settle down as the amanuensis and defender of the local monopoly. The citizens of Omaha are not to be so easily fooled. They can read between the lines what he is here for and by whom paid. He is just one of many other pluggers and curbstone orators working against competition and being paid for their work by the Nebraska Telephone company.

"There is the other deplorable feature of this campaign for the monopoly and that should be emphasized to the lasting disgrace of the people who conceived it. The Nebraska Telephone company has given orders to its telephone girls to each take with them three cards when through their work in the evening. On these they must secure signatures of three neighbors or friends before returning the cards in the morning. If they can get the signatures readily from
