Big Horn mountains. He has some great stories to tell of his trip, which was the first he had made into the heart of the Big Horn country. The party of which Captain McCulloch was a member traveled on horseback, but a large four-mule army Jackson, administrator of the estate of wagon was used for the camping outfit and Frederick Swanson against the Chicago, supplies. His experience on the hurricane Milwaukee & St. Paul Railroad company, deck of a bucking cow pony was the real wherein suit was brought for \$5.000 damthing, and several scars attest that he and ages, caused by the death of Swanson, who counts for having his left hand in a sling Pacific tracks August 9, 1901. by saying that a bear kicked him. Here A verdict was given by the jury for the is the way Captain McCulloch describes a railroad company. Exception was taken to rtion of the trip:

About the time we got near Finger Rock we struck a particularly crooked, rbarp, usep hill. It was almost straight up and down and covered with loose granite boul-dirs varying in size from that of a marble to that of a small meeting house. Before making the ascent it was necessary to re-move several of the larger boulders and hitch on the saddle horses. Again and again the effort was made to get up the hill and it seemed as if there was nothing to do but unload and carry part of the stuff over. The old driver was equal to the emergency, however, and with a burst of

Judge Munger handed down a memo randa opinion Tuesday granting the motion for a new trial in the case of Charles N. the pony were not always on cordial and was killed by the cars of the defendant at friendly terms. Captain McCulloch ac- the Martha street crossing of the Union

> the verdict and a new trial was asked for, on the ground of error in some omission in instructions to the jury regarding the high rate of speed the train was moving at the time of the accident. In his memoranda opinion Judge Munger reverses his

own ruling, saying: own ruling, saying: This error of the court is one which would have been manifestly corrected had its at-tention been called to the omission at the time, which was not done. It simply flus-trates the proposition that in future trials exceptions will have to be taken promptly at the time, before the jury retires.

GRISWOLD TO BE BURIED HERE Omaha Man, Murdered at Des Moines, Will Sleep at Forest

Lawn.

The body of George R. Griswold, the forner Omaha insurance man, whose body was found in the Des Moines river and whose death remains unexplained, was brought to this city from Des Molnes last night by H. L. Cremer and his sister, the wife of the dead man. Private burial services will be held this afternoon in Forest Lawn cemetery, Rev. Hopkins of St. John's Episcopal church officiating. Mrs. Griswold is staying at the home of Mrs. L. V. Stewart, 3512 Lincoln boulevard.

"Mr. Griswold's death was a plain case of murder," said Mr. Cremer, "The Des Moines police have investigated the affair closely and I believe have much information that has not been made public. The inquest is not completed and facts may be developed that will warrant arrests."

CORN SAFE IN MOST PLACES Crop Still Gives Great Promises of

Heavy Yield Along the Burlington.

The Burlington crop report for the last week shows that the wet weather has delayed the maturing of corn on the Lincoln livision, although the early corn is practically safe from everything but a hard freeze. Late corn will need good weather until Octiber 1. All corn except the very atest on the Wymore division is out of danger of frost, but should have at least two weeks of warm weather to put it in the best condition. In the vicinity of Pawnee and Burchard the corn was damaged slightly by hall and on the Beatrice ine the high water did some damage. On the McCook division the corn is in excellent condition and out of danger of frost. The largest crop of corn ever ruised on the McCook division will be gathered this

BAD BLOOD

INVITES DISEASE The blood supplies nourishment and strength to every part of the body when it is rich, pure and healthy. When from any cause it becomes diseased or weak it

cannot supply the nutriment the system needs, and the body is unable to resist the diseases and troubles that are constantly assailing it to break down the health.

I have used B. S. S. and found it to be an excellent blood purifier and tonic. My blood was weak and impure, and as My blood was weak and impure, and as a result my system became very much rundown and debilitated. I lost twenty or more pounds in weight, had no appe-tite and was in bad shape. Seeing B. S. S. advertised I began its use, and am well pleased with the results atter using it for some little while. My system and general health have been wonderfully built up, and I no not besitate to give S. S. the credit for it. H. MARTIN. Warren, O., 60 Second St.

Rheumatism, Skin Diseases, Scrofula,

Catarrh, Old Sores, Malaria, Contagious Blood Poison, etc., are the results of bad or diseased blood, and until this vital fluid is cleansed and made pure, strong and healthy, these diseases will continue. The greatest of all blood purifiers and tonics is S. S. S. It has been curing all diseases of the blood for more than forty

years by going down to the very root of the trouble, forcing out all poisons and impurities and building up every part of the system by its fine tonic effect. S. S. S. cures Rheuma

property turned over to the receiver. The case was appealed by the city of Plattsmouth to the circuit court of appeals, with the result that the decision of the lower court is reversed and dismissed and that the city of Plattsmouth shall have and re-

cover costs against the New Hampshire Savings bank. LAFOLLETTE TO COME HERE

Wisconsin's Distinguished Governor Senator May Lecture in Omaha Next Spring.

Managers of the lecture tour for Senator LaFoliette of Wisconsin are anxious to arrange for one lecture in Omaha while the distinguished reformer is in the west. Monday night one of the managers tele-

phoned to The Bee from St. Joseph, Mo. to inquire about the fall festivities and their possible bearing upon the ability to secure the Auditorium. October 3 is blank on the lecture program and it was the desire to be able to fill that in Omaha, but the management thinks it not possible to secure the Auditorium at that time: hence the gentleman who telephoned said he thought it probable they would have Senator LaFollette here in the spring.

ADVANTAGES ARE EVENED UP Grain Rate Equation Established Between Kansas City and Omaha

by the Railroads.

Announcement has been made of a change in grain rates, effective October 1, on grain o the gulf. Omaha has been enjoying a differential for some time over Kansas City in the exchange for grain destined to the north and south. Omaha has had an advantage of a cent and a half on grain to Minneapolis, while Kansas City has had the advantage of 1 cent on grain to the gulf. This will be changed and each will have the same advantage over the other. Omaha will have the cent and a half advantage on Minneapolis, while Kansas City will have a cent and a half on grain for

the gulf. BETWEEN ADAMS AND HOWELL Contest for Chairmanship of the Republican County Committee

Getting Close,

The contest for chairmanship of the

republican county committee, now that

Chairman Cowell declines to continue in

the place, seems to have been resolved

down between James H. Adams and F. S.

Howell, with odds in favor of the former.

The candidates have agreed to express s
