J. L. BRANDEIS & SONS—SOLE AGENTS

ON THE IRRIGATED FARMS

In the valleys of the Grand, Gunnison, North Fork and Roaring Fork Rivers and in the San Luis and Uteupahque Valleys, of Colorado, and the Farmington district of New Mexico—farming, stockraising and fruit growing are carried on in a way that is a revelation to the farmer in the east.

For those who desire to make new homes, there is no other region that offers better advantages than western Colorado—a land of blue skies and sunshine, with a temperate and even climate, where the arid desert needs but to be tilled and watered in order to verify "bliss on the rose." Several illustrated publications, giving valuable information in regard to the agricultural, horticultural and live stock interests of this great western section, have been prepared by the DENVER & RIO GRANDE RAILROAD, and can be obtained by addressing

S. K. HOOPER, G. P. & T. A., Denver, Colo.

We manufacture our own trunks, traveling bags and suit cases. We make them of the best material. Our workmanship is unexcelled. We sell them for less than inferior grades would cost you elsewhere. If you buy of us you will get the best—you will save money—you will be better satisfied. Leather Bound Trunk Suit Cases, \$1.50, \$2.75 and \$10. We do repairs.

**OMAHA TRUNK FACTORY,** 1209 Farnam Street.

New fall and winter catalogue now ready.

## Makes Warm Floors

because it warms by circulation (takes in cooler air from floor, passes it around the heated parts of stove and discharges it at top of stove) Keeps the air moving constantly. Warm floors means healthy, happy children.

**Moore's 1905 Base Burner** has the most perfect air circulation system of any heating stove and will warm all the living rooms comfortably.

Moore's Three-Story System for Base Burners, entirely new, patented and used in Moore's Stores only. It warms upstairs rooms, the middle downstairs, and the heated parts of the stove and discharges the heated air into the living room. It has a saving of space. Absolutely no draft. Moore's is the most improved of all these burners.

Moore's Revolving Firepot prevents burning out and increases its life five-fold. It lights down and drains around to 11000 of an inch keep fire and save fuel.

Appearance, Moore's Base Burner is admired by all the householders and is admirably proportioned. Artistic decorations and mirror-like reflectors in its interior workmanship throughout. You get everything you need for your home.

Are you planning to buy either a heating or cooking stove? Be sure to see Moore's complete line—the latest—the most improved—the best for the purpose.

# HAYDEN BROS.

PEOPLE LIKE OUR WAY OF SELLING

On the payment plan. We sell lots and lots of stoves for spot cash but just as cheerfully sell on payments. Any size steel range or base burner at \$5.00 down and \$5 per month, or a cut price for cash.

Dr. Calal, a prominent German physician, called at our store last fall and in less than fifteen minutes selected and paid for one each of our largest steel ranges and base burners. After he had paid for them he said: "I know all about these stoves. I see them in houses where I have patients every day. Everybody speaks in the highest of terms of them."

This spring after passing through one of the severest winters we ever had, we asked the doctor how he liked his stoves. His answer was: "I considered them the best stoves made when I bought them and I haven't changed my mind. We have hundreds of testimonials like this and will give some more later on."
