BANQUET FOR THE WOODMEN

(Continued from First Page.)

tion of this reserve fund of the Woodmen impose and why should it be taxed at all? This order is not of the west, but of the east, I favor the enforcement of all laws with discretion. I do not wish to criticize our state officials, but we have too many laws enacted and too few enforced.

Asks No Special Favors. Sovereign Commander J. C. Root gave a short history of the early struggles of the order and its founding here in Omaha and took occasion to introduce each member of the executive council in the most complimentary terms.

This order has now nearly 4000 members and occupies the second place in the fraternal order of the world. It has \$3,000,000 in securities deposited in the safety vaults of the First National bank of Omaha and deposits in other banks of nearly \$100,000.

Other members of the executive council who spoke in a similar strain were E. B. Lewis of North Carolina, W. A. Fraser of Dallas, Tex., and J. E. Fitzgerald of Kansas City. This concluded the speechmaking, after which Mr. Watters moved that the matter be embodied in the address of the Commercial club, with the recommendation of this meeting that the club take such action as it may deem necessary.

CLEARING SKIES IN HUNGARY

King-Emperor and Coalitionists Are Near an Understanding.

FEJERVARY WILL BE APPOINTED PREMIER

Rumor that Elections Will Be on a Platform Providing for Universal Suffrage.

BUDAPEST, Sept. 29.—The situation is becoming clearer and bolder. It is accumulating that both the coalition leaders and the king-emperor are earnestly endeavoring to find a way out of the difficulty. Statements have been issued, emanating, it is understood, directly from the entourage of the king-emperor, denying any intention on the part of the coalition leaders to organize a national assembly, and an article from the pen of Francis Kosuth will appear, in which the leader of the coalition will state that he and his associates want to Vienna a week ago with every peaceful intent, but that they were not given an opportunity to demonstrate to the king-emperor that the coalition does not contemplate any obstinate adherence to its demands and that the Hungarian nation wishes to live at peace with Austria.

It is believed by well-informed persons that General Baron Fejervary will be re-appointed premier, with the right to carry out the elections on a platform calling for universal suffrage and that by this means a government majority will be secured in the Hungarian Diet.

The leaders and the king-emperor realize the same way out of the present situation must be reached at an early date as otherwise the economic condition of Hungary will become so bad that serious disturbances cannot be avoided. If indeed a real revolution does not break out, the public execution is almost every day owing to the impossibility of making any regular collection of taxes and the payment of the officials, teachers and railroad employees is becoming more difficult.

Canak Is Called to Vienna.

The fact that Count Albert Canak, president of the upper house of the Hungarian Diet, has been summoned to an audience of the king-emperor next Saturday is not considered here as implying that the count will necessarily be invited to form a cabinet. On the contrary there is a strong opinion that the count is to be invited to form a cabinet.

STRIKE ON GRAND TRUNK

Fifty Switchmen at Elsdon, Ill., Go Out to Enforce Demand for Better Conditions.

CHICAGO, Sept. 29.—Fifty switchmen employed at Elsdon, Ill., struck tonight because their demand for a written agreement as to hours and wages was refused by the officials of the road. The men declare that they are well organized and that today the strike will spread to other points. The officials of the road declare that they expect no such action. The strike delayed the departure of freight trains for a short time, but all of them went out with but a trifling delay. There was no interference with passenger traffic.

Gambling Rooms Raided.

The police raided the rooms over C. Carman's saloon at 11 o'clock last night and found in the place and nine men who were playing a poker game interrupted. They were mostly young fellows and gave fictitious names on the register. Two tables of a fifty make, twenty decks of cards and nearly a half-dozen of chips were confiscated and taken to the station.

Finde Money and Spends It.

Fred Butler, who works at the Millard hotel, was arrested last night on a charge of grand larceny. L. Hilbert, who works at the Millard yesterday morning for the purpose of taking a bath, and while there lost \$50. He was so positive as to where he had lost the money that a search was made. On investigation suspicion was centered on Butler. When brought face to face with the fact that he found the money he confessed that he knew to whom it belonged had determined to keep it. He concealed it somewhere and spent \$10 of the money. When taken in hand by Detectives Drummy and Maloney he produced the money he had not spent, saying he had no idea he was committing a crime.

WARRANT OUT FOR E. G. GREEN

Man Who Shot Pacific Express Messenger Is Charged with Felonious Assault.

DECATUR, Ill., Sept. 29.—Following a visit from Special Agent Irel of the Pacific Express company, John Ryan, the express messenger wounded in a duel in an express car Wednesday, swore out a warrant today for Edward G. Green, charging assault with intent to kill. The warrant is in the hands of the sheriff in Decatur. Green is in the hospital. His condition is serious with chances of recovery about even.

Pacific Express officials decline to make a statement, but seem to think Ryan had suspicions by the time Bennett was rescued. Green contemplated robbery in the car. They have officers looking up Green's recent record at Chicago and Hammond. Their action toward Green is likely to be determined by what is learned. The belief that Green rode all the way in the car is growing. It is not believed that the fact that Green had a loaded revolver is regarded as suspicious. Ryan continues in the hospital, but is recovering.
