Great Northern Overland Train is Robbed Near Ballard.

DYNAMITE FORCES THE EXPRESS CAR

Through Safe Opened and Money Taken, but Messenger Says He Docan't Know Amount of Cash Taken.

SEATTLE, Wash, Oct 3-The Great orthern overland train, leaving Scattle last night, was held up and the baggage and express car opened with dynamite about five miles from Ballard. Three men are known to have done the work. Two boys who got on the blind baggage here as soon as the holdup began, entered the passenger coacnes and began holding up passengers. They were captured. They say two of the men were on the blind baggage when they covers, fine ribbed cotton, heavy or medium got on and the third got on at Ballard. All were dressed with rain coats and slouch hats. So far as reported no one was killed but Charles Anderson, express messenger was slightly injured. Manager Warling of the Great Northern Express company, said last night, he did not know the contents of the safe, but believes it was a small sum. After securing the contents of the safe the three men started off in

The train was flagged near the brick yard and as the engineer slowed up two men with rain coats climbed over the tender and presented revolvers to his head. When the train stopped the engineer was instructed to pull ahead, which he did for several hundred yards, when he was again commanded to stop. Two of the robbers then jumped off, making the engineer and fireman do the same and all marched to the baggage car door. The messenger was commanded to open the door and, refusing, an extra heavy charge of dynamite was placed against it and exploded. The explosion tore the car almost to pieces. The safe was then blown open. The train was delayed two hours and a half and then pulled into Edmonds, making a brief report before proceeding to Everett.

The two boys claim they never met the holdups until they got on the train and are in no way connected with their work. The idea to hold up the passengers occurred to them after the explosion. Sheriff Smith has started out with a posse. A reward of \$5,000 was offered today by the Great Northern Express company for the capture and identification of the rob-

Deputy Sheriff Scott said today that so far as he knew only \$346 in cash was taken from the safe. No statement has been made regarding express matter. Conductor Makes Report.

PORTLAND, Ore., Oct. 3,-Conductor Grant's report of the hold-up shows that at least seven men were engaged in the robbery. The conductor believes there were other men further down the track, but they did not take any part, possibly because the train stopped too soon. When once inside the car the robbers began six sticks, the second of twelve and the third of eighteen.

While the robbers were engaged on the safe, the two boys who had been riding on the blind bargage slipped off and went through the train attempting to hold up the passengers. They had no guns, but took advantage of the timidity of the passengers while the shooting was going on outside.

The boys, who gave their names as WASHINGTON, Oct. 3.-John Mitchell, Frank Alfred and Roland Gibbs are now in president of the United Mine Workers of jail at Everett, A passenger on the train America, had an interview with President says their method while going through the sevelt today by appointment. Lytton's fine old melodrama suits the uses of Mr. Mantell and his company very dynamiting, the first explosion being of well. Its sonorous sentences and eloquently rounded periods flow pleasantly from their tongues, while its atmosphere of intrigue and counterplot, with its element of "heart interest" and the like, charm those who would not seek the modern substitute to

feed a desire for the romantic that never dies while man breathes. Mr. Mantell well embodies the great statesman who held the helm of France at a time when the king was too weak to wield the power. It is Richelieu in his declining years that Lytton chose to enliven his drama, and in this view he is presented by the star. Feeble in body, but undaunted in soul, and with his mind still teeming with the thoughts that made him in his day the foremost man in all the world, Richelieu plays the little game of politics and love and wins. The well known lines are de livered with fine effect. The robust voice that roared a third Richard almost as leonine as the first is softened to a richly toned organ that delights the ear with its mellow cadence; it sinks to a whisper in his feebleness, yet when roused it rings clear and stern, denouncing the culprits and pronouncing doom. It is a wonderful voice, that of Mantell, and splendidly managed by him. Kind and loving to those

Banda Rossa at the Auditorium.

While the Auditorium was not crowded last night there was a great audience present nevertheless to enjoy the musical program given by the Banda Rossa. The principal attraction was the oratorio of "The Resurrection," given in the second part, but the first part of the program was an exceptionally pleasing one. The band was most cordially received in a number of selections and encores were generously responded to. "La Cieca." from Ponchielli's 'La Gioconda," was sung with charming effect by Miss Bessle Bonsall, who possesses a charming contralto voice of rare ompass and sweetness. Excavation Contract.

The board of directors of the Young Men's Christian association met Tuesday afternoon to consider the bids for grading and excavating for the new Young Men's Christian association building. There were several bidders, but their proposals were unexpectedly high and no action was taken at this meeting. The matter was, however, referred to the building committee with power to act and it is thought that the committee will report its findings by Thursday.
