CITY COUNCIL PROCEEDINGS

Independent Telephone Franchise Ordinance is Indefinitely Pestponed.

SIX TO THREE AGAINST THE MOVE

Gas Lighting Matter Comes Up in New Form and Will Be Before People for Debate for Forinight.

Application for a fifty years' independent telephone franchise by A. B. Hunt, T. E. Parmele and T. H. Pollock was refused by the city council last night by a vote of 6 to 3. At the same meeting a new \$28 gas street lighting contract ordinance was introduced, read the first and second times by title and referred to the committee on fire, water and police

The latter was drawn so as to conform to Judge Sutton's decision in the injunction case and a resolution to accompany provided for two weeks' publication. By an adroit move in objecting to the suspension of the rules on the resolution, President Zimman managed to delay the nearest time for final action on the ordinance from two to three weeks, as Judge Sutton has declared the publication in the daily papers must take place, because the contract will be a modification of the gas

Telephone Ordinance Killed.

The telephone ordinance was introduced by Councilman Hoye. It was read one time by title and then Councilman Huntington moved that it be laid on the table indefinitely. Zimman and Hoye vigorously objected to this treatment and said it was traditional custom to allow the introduction of any ordinance and reference to a committee so it can be discussed and understood. O'Brien startled the spectators by declaring that in his opinion the 'people back of the ordinance are not on the square," Hoye stood up to defend himself and O'Brien explained he did not mean President Zimman made a speech in which be declared he wanted to be shown in what way the independent telephone promoters are not "on the square."

"It has been charged," said he, "that I am a stockholder or financially interested in some way in the proposed new telephone company. Whoever manufactured that lie is nothing but a dirty coward and an absolute Bar. Under no circumstances have I a dollar interested in this company. I do not say that this ordinance is one that should become a franchise, but I do think that we should let it go to the people for their decision."

The roll call showed Back, Dyball, Evans, Huntlagton, Nicholson and O'Brien voting for the motion to table, and Hoye, Schroeder and Zimman in the negative,

Terms of Dead Ordinance. The terms of the proposed ordinance are a fifty years' grant to A. B. Hunt of Omaha and T. E. Parmele and T. H. Pollock of Plattsmouth, authorizing the use of streets and alleys for a telephone system. For the first five years a royalty on gross receipts of 1 per cent is to be paid the city and 2 per cent thereafter. Twelve phones are to be furnished free for the city's use. Until 3,000 instruments are in use nothing is to be charged subscribers. Up to 5,000 telephones the rates annually are to be \$54 for single line and \$36 for twoparty line business phones, and \$30, \$24 and in by the gas company for each respective \$13 for realdence phones for single, twoparty and four-party lines, respectively.

After two years \$1 a month may be added to the charge for each instrument for every 1,000 telephones over 5,000, but the maximum prices are to be \$72 for business and \$48 for residence service. The company guarantees to build a telephone plant of 10,000-phone capacity within two years and as an evidence of good faith agrees to deposit a cash bond of \$25,000, to be re-turned when the city engineer certifies that tending that it rightfully belonged to the such a plant has been installed. The com- lighting committee. Then Zimman neatly pany binds itself by the franchise not to tripped up the resolution to publish the sell out or transfer its interests to any ordinance two weeks by having a roll call competing corporation and agrees to de- on the suspension of the rules, which it posit \$7,000 to cover the cost of a special requires six votes to sanction. The resoluelection, for which provisions are made in tion was referred to the same committee the usual way. Wires are to go underground in the prescribed conduit district.

Gas Ordinance Peculiar new gas ordinance created no flurry thing of its nature ever introduced in the council before. It provides "for lighting the streets of the city of Omaha and for lighting, extinguishing of the same for

AWFUL ITCHING **BURNING ECZEMA**

Watery Pimples Followed by Swelling and Dry Scabs-Tried Everything without Success-Second Application of Cuticura Removed All Soreness - Another of the

REMARKABLE CURES BY CUTICURA REMEDIES

"I suffered with sesems on my hands for two years, but was at last cured with the Cuticura Remedies. The disease commenced by small, watery pimples breaking out on the back of my hands, which itched, burned, and pained awful, as if an electric battery was being held against my body. My hands would swell until I could hardly use them. Then they would get dry and scaly, then break out again and be the same thing over. I was treated by our family physician, but did not get any better. Then I tried every kind of ointment I ever heard of, and every

home remedy any one recommended. "I then went to another doctor, who helped them some, but after being treated by him for three months my hands were not well and the treatment was so severe it was almost worse than the disease. I had often seen Cuticura advertised and concluded to try it. It just took two applications of Cuticura Ointment to take the soreness out of my hands. I commenced by putting it on three times a day, then just in the evening, and when I had used four boxes of Cuticura Cintment, one cake Cuticura Soap, and three vials of Cuticurs Resolvent Pills, my hands were well, and much softer and smoother than ever before. Thanks to the Cuti-curs Remedies. Yours respectfully, Mrs. G. L. Heston, Lucas, Iows, May

Mrs. Alice Deadwiley of Smithville, L.T., says; "My baby was troubled with an itching skin burger and was cured by Cuticura."

five years, commencing with January 1.

It is set forth that the present contract will expire December 31, 1905, and that it is necessary for the safety of the public and the proper lighting of the streets that gas lamps should be furnished and lighted afterwards. It is mentioned that the Welsback burners are found more desirable than the old-style burners specified in the franchise, and eighty candle-power lamps are demanded for which \$28 a year is to be paid. The price is to react to July 1, 1905. and become operative from that date forward. The provision is expressly made that no expenditures in excess of 90 per cent of the legal lighting fund can be made unless there is additional money available in the fund, and the mayor and council are authorized to order out any lamps if it is found the funds are short. The ordinance states that the gas company is entitled to receive only \$13,600 annually out of the lighting fund, and that the balance must be paid from the royalty paid year, the royalty to be credited to the fund by the comptroller. It is guaranteed that the royalties will not be less than \$29,000 a year. No charge is to be made for setting now lamp posts from July 1, and a bond of \$10,000 is to be given for the faithful performance of the contract.

Zimman's Parliamentary Tactics. nance was awarded to the committee on

that got the ordinance. President Zimman made a motion for a public meeting in the council chamber at I o'clock Monday afternoon to discuss the greater extent than ever before. It gives It is something entirely different from any- ordinance, and it carried by a unanimous vote. The public and representatives of the gas company were invited to be present. So as to pay the salaries for September

that purpose to the extent that funds will of the mayor and council, \$7,000 was orbe available authorizing the making of a dered transferred from the defunct tax decontract with the Omaha Gas company for partment and applied to the departments a minimum number of 1,200 Welsbach of the mayor, council, clerk, engineer and street lamps, and for the gas, equipment, attorney to take up the deficiencies, amounting to \$9,964, caused by increase in salaries by the new charter. The personal injury suit of John F.

Dailey for \$10,000 was ordered settled for \$300 on the recommendation of the city On the motion of Councilman Nicholson

the communication from the Park board recommending the acquirement of the Dumont tract as an addition to Riverview park was taken from the files and referred to the street committee. An ordinance was introduced to authorize the appointment of appraisers for condemning the property.

Breen to Write to Cathers. John T. Cathers' appeal to the city clerk o find out what has become of the money

received from scavenger law sales was referred to the city attorney for reply. In a communication City Attorney Breen said that the privileges asked by P. E Her for laying water, carbon dioxide gas and heating pipes to his new hotel and other buildings of his own is not in the nature of a franchise. Opposition to giving Mr. Her the concessions he wants developed and the matter was recommitted to the Omaha, Neb.

The council adjourned to Saturday morning at 10 o'clock when a hearing on the Western Ufton franchise assessment matter will be given.

At the Auditorium. Sorrentino's famous Handa Rossa wift esent a great program at the Auditorium tenight as the closing performance in the present engagement. In addition to the regular program Mr. Sorrentino has made arrangements to put on several extra numbers, including a solo by Mr. Quesnell, the great tenor, a duet by Mr. Quesnell and Mme, Gina Ciaparelli. The second part of the program will consist of a beautiful presentation of Perosi's sublime oratorio. The Resurrection of Christ," Illustrated by beautiful paintings under electric light lumination. The house will be entirely darkened during the presentation of the ratorio with the exception of the light brown upon the scenery. The band will play the music of the cratorio while the words will be sung by the quartet consisting of Mme. Ciaparelli, Miss Bonsall. Mr. Quesnell and Mr. Nunziato. Mr. Sorrentino is determined to make his last concert one of the greatest musical programs ever presented in this city.

CUSTOMS AND REVENUE GROW

Both Bhow Heavy Increases, Denoting Prosperity in Omaha District.

LOCAL MERCHANTS CLEAR AT HOME

Gratifying Result to Officials to See Receipts Thus Swelled and Not All Fees Paid at New York,

The custom receipts at the Omaha port of entry for the third quarter of 1906 shows an increase of about 20 per cent over the corresponding quarter of 1904. The mediate figures are not available at this time, but Deputy Collector Unzicker said: "The increase is very gratifying, showing as it does, that the merchants of Omaha are realizing the importance, as well as convenience of making their clearings through the Omaha office as well as through the port of New York. The increase is not on any one particular class of goods, but on all classes of importations upon which duty is to be paid. We hope the Omaha merchants will keep up the good work, as goods can just as conveniently be cleared through this office as in New York or elsewhere, and can be consigned direct to Omaha from the foreign importing houses."

Internal Revenue Receipts. The receipts of internal revenue for this district for the quarter ending September 30, shows up a grand total of \$567,444, as against \$502,833 for the corresponding quarter of 1904, or an increase of \$65,111 for the third quarter of 1905. The receipts by months for the quarter are;

 SEPTEMBER WAS HOT AND WET

Local Weather Bureau Returns Its Showing for Month Just Ended.

Almost six inches of rain fell in Omaha during September just passed, 5.94 inches to be exact, and with the exceptions of 1874, 1881 and 1901 it was the wettest September in the thirty-five recorded by the government at the weather observatory MONEY POURS IN ON FUND here. Rain in measureable quantity fell on eight days, and on each of three days more than an inch fell. The excess for the month above normal is 2.% inches. Pledges Toward Y. M. C. A. Building

Whatever fears of frost might have exsted at the beginning of the month were dispelled long before its closing, for the nearest the temperature got to the frost line was 51 degrees on the night of the 4th. The mean temperature for the month was 69, which is 3 degrees above the mean for thirty-five years. The Septembers of 1891, 1896 and 1897 were warmer, and the September of 1884 equalled the month just over. The wind for the month had an average hourly movement of 7.4 miles, with a maximum of 54 miles per hour from "About \$8,000 have been received up to the northwest during the heavy rain noon Tuesday from the pledges to the Young Men's Christian association fund," storm on the night of the 15th. A solar halo was noted on the 4th. Ten days were said Secretary Wade. "We have been kept clear, ten were partly cloudy and ten were busy as can be making out receipts, and cloudy. On eight days 100 per cent of sunthe best part of it is the splendid spirit shine was registered. Thunderstorms were experienced on the 18th, 14th, 15th, 16th and 18th. No hall fell here during the ally. We have thus far made out over 400 month, and fogs were noted twice on the receipts, from all grades of subscriptions 6th and 7th.

OUR GREAT AK-SAR-BEN SALE of Men's Suits Starts Today

Suits and Overcoats that your home mer-chants are selling for \$15 and \$18 are on sale here for

We have been preparing for this sale for weeks. When manufacturers were idle we placed large orders. Local Omaha stores make an effort to offer such clothing values at the end of the season. Now is the time you need this suit or overcoat. Our policy is to give the right merchandise at the right time, at the lowest existing cost to our customers. We've never seen such a strong line of garments at the price before. There's variety enough in fabric, pattern and style for every man.

If you're "up" in clothes you'll appreciate the quality of these fine Scotch tweeds, cashmeres, cheviots and worsteds.

The overcoats come in all the varying lengths. The shades and colors are this season's latest conception.

Have you seen our beautiful horse show window? Well, it's the prettiest piece of work attempted in a long time. Strangers in the city will certainly appreciate such attractive showing, as it's worth miles to come and see this beautiful work of art.
