

Rear-Admiral Highborn Praises Pe-ru-na.

ADMIRAL'S WORDS CARRY WEIGHT.

REAR-ADMIRAL HIGHTORN is one of the best known admirals of our navy.

His statement concerning Peruna will have much weight as it goes out into the world.

WHAT THE ADMIRAL SAYS. Philip Highborn, Rear-Admiral United States Navy, writes from Washington, D. C., as follows:

"After the use of Peruna for a short period, I can now cheerfully recommend your valuable remedy to any one who is in need of an invigorating tonic."

AN EVERPRESENT FOE. The soldier and the sailor are especially subject to catarrh in some form or phase.

Exposed as they are to constant changes, subject as they are to various vicissitudes, and all kinds of climate, wet and dry, night and day, they find catarrh to be their most insidious and everpresent foe.

In the barracks and on the field, Peruna is equally efficacious. Taken in time, it will absolutely prevent catching cold.

PE-RU-NA A POSITIVE REMEDY. After a cold has become established, Peruna will break it up quicker than any other remedy known to man.

Even after a cold has become settled in some organ of the body Peruna can be relied upon to promptly dispel it.

Peruna will cure catarrh, whether acute or chronic, but a few doses taken in the first stages of the disease will be more effective than when the disease has become chronic.

If you suffer from catarrh in any form do not neglect it. Take Peruna at once. Delays in such matters are dangerous.

CHRONIC CATARRH OF THROAT. "I was troubled with catarrh of the throat particularly, and suffered considerably as a result thereof for a period of about five years, and my general health was affected."

SOUGHT CHANGE OF CLIMATE. "Three years ago I was forced to give up business, and took up my residence in the western country, looking for relief in a change of climate as well as a change in the method of treatment for my ailment."

CURED BY PE-RU-NA. "After much expense, both here and in the West, I was induced by a friend to try Peruna. I continued the use of it for about five weeks, at the end of which time I returned to New York, both well and happy."

USED PE-RU-NA IN HIS FAMILY. "I have used Peruna in my family with very satisfactory results for the last two years. Besides I have recommended it to all whom I think are in need of it."

"I urge all who are afflicted to buy a bottle and begin its use at once. I have never heard of any who have used it to be dissatisfied with the results."

A TYPICAL TESTIMONIAL. Mr. J. H. Galbraith, 390 West Second Ave., Columbus, Ohio, writes:

"I have been a sufferer of catarrh of the stomach and kidneys for seven years. Doctors did me no good, and after taking Peruna for six months, at intervals, I believe I am cured. My appetite returned, I sleep well and work every day."

No remedy ever yet devised has received such unstinted eulogy from so many renowned statesmen and military men as Peruna.

We have on file thousands of testimonials like those given above. We can give our readers only a glimpse of the vast array of endorsements Dr. Hartman is receiving.

CLUB WOMEN ARE AT WORK

Eleventh Annual Meeting of Nebraska Federation Largely Attended.

WOMEN PAY A VISIT TO THE STATE FARM

Secure Promise of a Building to be Devoted to Experiments and Instruction in Domestic Science.

(From a Staff Correspondent.) LINCOLN, Oct. 4.—(Special).—The principal feature of the meeting of the Nebraska Federation of Women's clubs today was an address by Mrs. Platt Decker of Denver.

In the afternoon little business was transacted, the delegates making a visit to the State university farm, where they were welcomed by the faculty and suitable responses were made by the club women.

The reception was at the Lindel hotel and was largely attended. Another event of the evening was a musicale at the State university given in honor of the visiting club women.

Tomorrow will be devoted strictly to business. One of the principal things will be the adoption of the nominating committee. There appears to be no doubt Mrs. H. M. Bushnell, the present president, will be re-elected for another term.

Friday 200 of the most representative women of Nebraska are in session here at the annual meeting of the Nebraska Federation of Women's clubs, a preliminary meeting passed at the opening session yesterday afternoon at St. Paul's Methodist church.

Mrs. Sarah Platt Decker of Denver, president of the Federation of Women's Clubs, arrived yesterday afternoon and will be the guest of the convention during the entire session.

The prediction that there would be no real issue at this meeting promises to prove well founded. The resolutions which have been passed at the convention will be presented to the convention providing for an amendment to the constitution which will make future state meetings biennial in character.

The directors further recommended that district vice presidents be made district presidents and admitted to the directory; that the directors combine their annual conventions when possible and bear their own expenses.

First Session of Convention. The convention opened Tuesday afternoon with an invocation by Rev. J. W. Jones and addresses of welcome were made by City Attorney E. B. Strotz on behalf of the city and Mrs. J. C. Harpman for the Lincoln Federation of Women's Clubs.

Mrs. O. E. Kevin presided during a library session. Miss Edith Bullock, secretary of the state traveling library commission, spoke briefly.

The rest of the afternoon was given to club reports and reports on business, including the report on the public highway for thirty days and if at the expiration of that time electric or gasoline propelled cars are not running between this place and Sioux City, the track, which has been down for more than a year, is to be taken out of the highway.

Extends Interurban Franchise. DAKOTA CITY, Neb., Oct. 4.—(Special).—The Board of County Commissioners granted the Sioux City, Homer & Southern Railway company extension to its franchise on the public highway for thirty days.

GRAND ISLAND, Oct. 4.—(Special).—A delightful reception and house-warming was given by Dr. and Mrs. Wadsworth last evening to the people of the village and students of the college on the occasion of the tenth anniversary of the beginning of their residence in the community.

Reception for Dr. Wadsworth. BELLEVUE, Neb., Oct. 4.—(Special).—A delightful reception and house-warming was given by Dr. and Mrs. Wadsworth last evening to the people of the village and students of the college on the occasion of the tenth anniversary of the beginning of their residence in the community.

Winner on a Boom. WINNER, Neb., Oct. 4.—(Special).—Winner is the name of a veritable building boom, four brick buildings now being in course of construction on Main street.

WARRANTS IN TRUST FUNDS

Treasurer Buys in Over Two Million Dollars of State Obligations.

FIGURES REACH THE HIGH WATER MARK

Partly Accounted for by Railroads Holding Up Tax Payments in a Large Number of the Counties.

(From a Staff Correspondent.) LINCOLN, Oct. 4.—(Special).—The statement of the condition of the state trust funds at the close of business September 30, given out today by Treasurer Mortenson, shows that the permanent school and other trust funds have a total of \$2,074,152.88 invested in state general fund warrants.

The amount of each trust fund invested is as follows: Permanent school, \$2,074,152.88; agricultural college endowment, \$272,521.55; permanent university, \$148,482.04; normal endowment, \$75,774.89.

Treasurer Mortenson is somewhat disappointed at the size of the outstanding general fund warrant issue. He was unable to state the exact amount, but the total held in the permanent school fund is the largest in the history of the state.

secure them for investment and to that fact the increase of more than \$200,000 in the school funds' holdings since December 1 is charged to a certain extent.

One of the reasons assigned for the failure of the debt to decrease is the fact that the Burlington and Union Pacific railways are withholding considerable amounts of taxes in various counties, pending the determination of the suits which are now before the federal court.

The receipts from all sources will be very light until the first of the year, when the county treasurers will begin to make heavy remittances or account of the personal taxes, which are delinquent December 1. In the meantime the expenses of the state government continue and the state debt will increase slightly.

Argue Mellor's Case. Today in the supreme court the mandamus case of W. B. Mellor of Sherman against the county clerk is argued. Mellor's case involves the interpretation of the amendment to the revenue law adopted by the last legislature providing for a change in the assessment of realty where the existing figures are unjust.

Can't Appeal from Levy. Today a brief was filed in the supreme court by the county commissioners of Lancaster county in which it is contended that C. O. Whedon of this city had no legal basis for his appeal from the levy of 1904. It is contended that he was reduced to two causes of complaint, an appeal from the amount of the assessment on his property, or an appeal on the ground of non-liability to assessment, but that under no circumstances can the discretion of the county board in making the levy be questioned, as long as they keep within the fifteen mill limit fixed by the laws.

Whedon filed an appeal from the levy, alleging that it was excessive and charging gross extravagance against county officers. State University Closed. Today the state university was closed out of respect to the late Prof. DeWitt B. Brace whose funeral occurred this afternoon. Since the death of Dr. Brace, the

flag over university hall has flown at half staff. A large concourse of university students and faculty members attended the funeral. The services were conducted by Revs. Tuttle and Jones and former faculty associates acted as pall bearers.

Thinks He Has Robber. Detective James Malone claims to have located one of the men who tried to rob a Burlington train ten or twelve years ago at Hyannis. The attempt proved a water haul, because the train was late and daylight overtook the robbers before they accomplished their purpose.

Annual Superintendents' Meeting. State Superintendent McBrien has issued the official announcement for the State Association of School Superintendents which will hold its annual meeting in this city October 12, 13 and 14. On the first day of the meeting W. M. Davidson of Omaha will deliver an address.

HORSES BURN UP IN LIVERY BARN Twenty-one Perish in Fire at Arapahoe. ARAPAHOE, Neb., Oct. 4.—(Special Telegram).—At 6 o'clock this evening the Pool Bros' livery barn was discovered in flames, but the fire was so completely beyond control as to render it possible to save only a small part of the horses and vehicles. The entire loss will aggregate over \$4,000, upon which Pool Bros. have \$500 insurance and various farmers about \$250 up to their stock. There is no known cause for the fire as yet, other than accidental.

OGALLALA, Neb., Oct. 4.—(Special Telegram).—Harrington's livery barn burned this evening with fifteen horses. There was no other loss.

Francis Ogilvie Injured. GRAND ISLAND, Oct. 4.—(Special).—Monday evening a man was found between two tracks in the Union Pacific yard. He was taken to the St. Francis hospital in an unconscious condition and has remained so the greater part of the day, suffering from a severe concussion of the brain. No fracture of the skull is noticeable and no other injuries were sustained.

FRANCIS O. WILSON, 1918 S. 10th St., Omaha, Neb., is a young man of 19 years, and is Francis Ogilvie, presumably of Omaha, one of the founders of the local recognizing society, having formerly been under her care there, after having undergone an operation. He is said to be an orphan and it is believed was passing through Grand Island, when he stepped or was accidentally thrown from a moving train.

MAKES WEAK WOMEN STRONG AND SICK WOMEN WELL. Forty years ago, Dr. Pierce searched Nature's laboratory for a remedy which would supplement the ignorant and vicious methods of treatment of alcoholic stimulants, then in vogue, and still too commonly prescribed and advised for women's peculiar ailments.

Nature abounds with most efficient remedies, and in Lady's Slipper root, Black Cohosh root, Nigella root, Blister root and Golden Seal, Dr. Pierce found medicinal properties, which when extracted and preserved by the use of Dr. Pierce's Pure Glycine, have proven most potent in making weak women strong and sick women well. It contains no alcohol, is not a "patent medicine," and is secret one either.

"I was suffering with nervous headache, pains in the back and dizziness, so that at times I had to lie down for hours before I could raise my head," writes Mrs. Mary M. Thomas, of Winston Street, Los Angeles, Cal. "After taking the first bottle of Dr. Pierce's Prescription, however, I was so pleased with the effect that I took another bottle, and I was restored to health and strength, and shall take a few more to keep me well strong."

One of the principal uses of Dr. Pierce's Favorable Prescription is the preparation of prospective mothers for the time of trial and danger that comes when a child is born. It perfects the health of both mother and child. Every woman should know these things before she really needs to know them. There are many things in Dr. Pierce's Complete Medical Adviser, that every woman ought to know.

This celebrated work reached a sale of 60,000 copies at \$1.00 each. The expense of production having thus been covered, it is now being given away. A copy will be sent to any address on receipt of 21 one-cent stamps to cover cost of mailing only, or in cloth binding for 31 stamps. Address Dr. R. V. Pierce, Buffalo, N.Y.
