**AFFAIRS AT SOUTH OMAHA**

Mayor Attaches His Signature to the Sewer Bond Ordinance.

TWO HUNDRED FIFTY THOUSAND WANTED

City Authorities Deem it Inexpedient to Divide Proposition and System to Be Made Complete or Nothing Done.

Friday afternoon Mayor Koutsky attached his signature to the sewer bond ordinance. The next step will be the publication, in the official paper of the city of the ordinance, which is quite lengthy. Then comes the publication of the notice of election. This notice must be printed fifteen times, while the ordinance is printed only once. The notice will be given the printers just as soon as the pieces of holding the election have been decided upon. The last step before the election will be the publication of the mayor's proclamation. In this sewer bond ordinance, provision is made for the payment of the judges and clerks of election for counting the vote on the proclamation.

The entire sum of \$50,000 is to be asked for at once, for the reason that the proposition could not well be divided. One sewer district is dependent upon another, and the city authorities, after considerable study decided that the only way to present the proposition to the people in the proper way would be to make one vote, for or against count for the entire sewer system. There could be no division of the proposition for the reason that sewers in one portion of the city would not interest residents in another. By asking the people to vote on the general sewer proposition at a general election the expenses are reduced to a minimum, about the only expense being the additional compensation for judges and clerks.

Segment Case Settled.

The case against Mike Segment brought by Sophia Mattues was settled out of court Friday. The woman positively refused to testify against Segment and with the permission of the county attorney the case was dropped. Segment paid all expenses for bringing him from Chicago and all attorneys fees. It is understood that Segment and the Mattues woman propose moving to Chicago at once.

Magie City Visitors.

During carnival week hundreds of people from Iowa and Nebraska visited the stock yards and packing houses. Friday the number of visitors was larger than any one day during the week, and the visitors seemed to enjoy making tours of the pack-

ing houses, and the guides who show people over the plants were kept busy all day. At the stock yards the big sheep barn attracted a good deal of attention, but nearly all visited the hog and cattle pens. A delegation of ten teachers from Auburn called at the high school yesterday and was shown through the building by Superintendent McLean. Two of the ward schools were also inspected. The visiting teachers appeared greatly pleased with the high school building.

Union Pacific Depots.

Work was started Friday on the Union Pacific freight depot to be erected on Railroad avenue just south of N street. The city track, just recently laid, is being torn up for a distance of 20 feet and excavating is to commence next week. This freight depot is to be of brick, 135 feet in length and thirty-eight feet in width. A basement ten feet deep is to extend under the entire building. One heating plant is to supply heat for both the freight and passenger depots. This heating plant will be located in the north end of the freight depot and underground pipes will carry the steam to the passenger station. A basement has not been made on the passenger station yet, but excavating for this building will commence as soon as the work on the basement of the freight depot is completed.

Chamberlain's Colic, Cholera and Diarrhoea Remedy Never Disappoints.

Twenty years ago Mr. Geo. W. Brock discovered that Chamberlain's Colic, Cholera and Diarrhoea Remedy was a quick and safe cure for bowel complaints. "During all these years," he says, "I have used it and recommended it many times and the results have never yet disappointed me." Mr. Brock is publisher of the Aberdeen, Md. Enterprise. This is the universal safe and sure remedy for cholera, dysentery and all other ailments of the bowels. It is equally valuable for the children and adults. When reduced with water and sweetened it is pleasant to take.
