

BARB'S FACE ALL ONE SORE Infant's Terrible Humor—Even Eyelids Were Affected—Suffered for Many Months—Nothing Helped Him—Better in a Few Days, and CURED BY CUTICURA AT EXPENSE OF 75 CENTS

"My boy when an infant was afflicted with a terrible humor. His face was all one big, black sore, even the eyelids were sore. He suffered for many months, and nothing that I could help him with till I bought a cake of Cuticura Soap and a box of Cuticura Ointment. I washed him three times a day with the Soap and then applied the Ointment. In a few days he was better and before I had the box of Soap he was cured and to-day he has got as good a complexion as anybody. I have also used your Soap for my hands to great advantage. They break out once in a while in very sore, but when I use Cuticura Soap I can keep them in good shape. (signed) Mrs. O. O. Aune, Underwood, Minn., March 18, 1905."

100,000 MOTHERS Daily Tell Other Mothers

That Cuticura Soap is the best baby soap in the world for cleaning and purifying the skin, and that Cuticura Ointment is of priceless value for soothing and healing itching, torturing, and disfiguring eruptions, itchy, and chafing. A single application of Cuticura Ointment, preceded by a warm bath with Cuticura Soap, gives instant relief, and refreshing sleep for skin-tortured babies, and rest for fretted mothers. Bathe the affected parts with hot water and Cuticura Soap, to cleanse the surface of crusts and scales and soften the thickened cuticle; dry without hard rubbing, and apply Cuticura Ointment freely, to allay itching, irritation, and inflammation, and soothe and heal.

DREXEL AWAITS THE COURT

County Clerk Will Not Pass on Committee Nominations at Present.

County Clerk Drexel has determined to hold in abeyance the matter of committee filings for vacancies on the county ticket until after the supreme court has passed on the constitutionality of the primary election law. This will be done October 17, and the clerk holds there will be plenty of time to put the names on the ballot if they are legally entitled to a place. Mr. Drexel's position is thus stated: "This office seriously doubts the right of any committee to fill vacancies on the ticket. The primary law is plain and specific. It sets a time limit for filing nominating papers, and it provides for certain sums being paid into the county treasury as fees. If committees can fill vacancies, so-called, what is to prevent all hands holding off until after the primaries are held, and then getting on the ballot by the process of having the party committee pass them? That doesn't look good to me, and it doesn't look fair or right. So for the present I am simply going to let the matter stand as it is. After the supreme court has rendered its decision, I shall act as the circumstances seem to warrant."

MRS. SAUNDERS' NEW MOVE

Wife of Bloomfield Banker Wants More Money to Further Prosecute Her Husband.

Alice Maude Saunders, who has a suit for divorce pending in the district court against her husband, Sherman Saunders, a banker of Bloomfield, has made some new moves in the case. In his cross-petition and answer the husband set up certain allegations of misconduct, or suspected misconduct, on the part of his wife. She now asks that the court compel him to be specific as to the alleged correspondence with other men, what the same contained when it was had and also to give the names of any such men if he can. Mrs. Saunders also asserts that she was only restrained from making certain serious charges against her husband by a fear that she would not be able to secure proof of their truth. This, she says in an affidavit, she now expects to be able to secure, and for the purposes of prosecuting her suit in a thorough manner asks the court to allow her \$1,000 in addition to \$750 already allowed for court costs and attorney fees.

Announcements of the Theaters.

"The Hazardous Globe," proving all that was claimed for it at the premiere this week and a more thrilling performance has probably never been presented here. "Wizard" Stone and Miss Irene Stone do some riding on bicycles within the globe that is almost paradoxical, peering in all directions at a speed that brings the climax being reached when Stone uses a motorcycle and loops the globe completely a number of times in a manner that reaches the limit for daring performances. The regular mid-week popular price matinee will be given on Thursday.

"Under Two Flags" is drawing strongly at the Burwood this week, and the patrons of the play are more than pleased with the way it is produced. It is most appropriate for the season, too, and for this reason probably is proving so popular. The shoppers' matinee on Thursday bids fair to see the theater packed with ladies who like a good play as an adjunct to their business trips down town.

Harry B. Davis, undertaker. Tel. 1234.

DIED.

BROWN—F. M., sr., Thursday at 12:30 p. m. at his home, 302 Mason street, deceased wife the latter of E. N. Brown, purchasing agent of Swift and Company, South Omaha.

DR. CONLEY NEW PRESIDENT

Pastor of Omaha's First Church Honored by Baptist Conference.

OTHER OFFICERS FROM THE METROPOLIS

Reports Show that Pastors Are Covering Wide Territories—Ten Thousand Dollars Handled During the Year.

Rev. J. W. Conley, pastor of the First Baptist church of Omaha, was elected president of the Pastors' Conference of the Baptist church of Nebraska at the thirty-eighth annual convention at the First church Tuesday morning. The other officers and trustees elected were:

First vice president, I. W. Carpenter, Omaha; second vice president, A. Schappel, Pawnee City; corresponding secretary, C. W. Brinstad, Omaha; recording secretary, F. W. Sturdevant, Tecumseh; treasurer, W. E. Rhoades, Omaha; historian, Rev. A. W. Clark, Omaha; trustees, E. E. Bennett, Lincoln; J. F. Carpenter, Omaha, and Levi Kimball, Wakefield.

As showing the heavy work the ministers are doing in Nebraska the committee on pastoral supply reported through Rev. P. H. McDowell, its chairman, that this committee had settled twenty-seven pastors to serve thirty-one fields. One missionary society committee consisting of George C. Haskins of South Omaha, M. G. Macleod of Omaha and C. A. Schappel of Pawnee City. Rev. A. W. Clark, historian, read an interesting sketch of the life and labors of Rev. D. D. Newell, one of the pioneer missionaries of Nebraska.

Treasurer Rhoades had his report showing that \$10,281 had been handled during the year. The chairman appointed an auditing committee consisting of George C. Haskins of South Omaha, M. G. Macleod of Omaha and C. A. Schappel of Pawnee City. Rev. A. W. Clark, historian, read an interesting sketch of the life and labors of Rev. D. D. Newell, one of the pioneer missionaries of Nebraska. The chairman read the report of the committee on important topics of the annual report of the Board of Managers, suggesting the appointment of two district missionaries to labor in western Nebraska, one west of Grand Island, one north of the Platte and the other south. The report also favored the issuance of a bulletin to disseminate information concerning the work of the convention. An interesting discussion ensued and the convention recommended the report of the committee to the board.

Reports from the field. The committee on the state of religion reported through its chairman, Rev. Samuel J. Batten, D. D., of Lincoln. Attention was called to the fact that a considerable number of churches need speedy help in the way of preachers or extinction may be looked for. Church members needed to realize their personal responsibility to the cause of Christ. The importance of all-the-year evangelization was emphasized. Preachers were urged to foster arduous habits. Churches should not be indifferent to evil social conditions of their communities. A more militant Christianity was declared to be necessary. It was pointed out that Nebraska is a rich state and that the present is a season of unbounded prosperity, yet many churches are conducting their affairs on a hard-time basis. It was urged that Baptists should devote themselves to their great work with greater enthusiasm and liberality.

In the report of the committee on officers as presented by Rev. A. W. Clark special mention was made of the life and labors of Rev. C. E. Bentley. He was pastor at Surprise, Neb., for over a quarter of a century and his name is prominent in the history of his church. His labors in behalf of temperance and general social reform. Tender allusion was made to a number of men and women who had been honored laborers in their respective churches, among whom were J. C. Knight and Dr. W. B. White of South Omaha and Mrs. L. D. Holmes of Omaha.

Another report was given to reports from Rev. T. L. Smith told of preaching in log school houses. Rev. George L. White of Lincoln, who had the official title of pastor-at-large, told of his work in supplying pastorless churches and visiting parsonages. Rev. C. Peterson of Wahoo declared that his city had too many saloons and too many churches. He advocated closing the former and consolidating some of the latter.

The last hour was devoted to reports from the district associations. The largeness of opportunity and the urgency of the need were pointedly depicted.

Sermon in the Evening.

At the evening session Rev. J. H. Clay, district missionary, gave a report of activities during the year and showed a strong, healthy condition. This was followed by the annual sermon delivered by Rev. S. Z. Batten of Lincoln. Mr. Batten took for his text of the words found in the book of revelation, twelfth chapter and sixteenth verse. He said: "The apocalypse is an unveiling and not a hiding, it is a book of light and not of darkness." Mr. Batten spoke first of the divine order of the world and argued for the recognition by the universe of the distinction between right and wrong and drew many striking illustrations from profane history and human plans of determining the justice of controversies. The speaker then showed that the induction of science are in perfect accord with the teachings of revelation.

Attitude Turns His Mind.

On the arrival of the Union Pacific train from the west at 4 o'clock, the train being the Arranville delivered to the police by the Italian, an Italian who has been in a demoralized condition. It is said, ever since crossing the high altitude of the Sierra Nevada from California to Lucca, Italy, returning to visit the home of his birth. It is thought to be a temporary aberration common to those who leave the coast for the highlands. He was seized with the desire to destroy

THE ROOT OF THE MATTER

He Cared Himself of Serious Stomach Troubles by Getting Down to First Principles.

A man of large affairs in one of our prominent eastern cities, by too close attention to business, too little exercise and too many club dinners, finally began to pay nature's tax, levied in the form of chronic stomach trouble; the failure of his digestion brought about a nervous irritability, making it impossible to apply himself to his daily business and finally deranging his kidneys and heart.

In his own words, he says: "I consulted one physician after another and each one seemed to understand my case, but, all the same, they each failed to bring about the return of my former digestion, appetite and vigor. For two years I went from pillar to post, from one sanitarium to another. I gave up smoking, I quit coffee and even renounced my daily glass of two or three of beer, without any marked improvement. "Friends had often advised me to try a well known proprietary medicine, Stuart's Dyspepsia Tablets, and I had often perused the newspaper advertisements of the remedy, but never took any stock in advertised medicines nor could believe a fifty-cent patent medicine would touch my case."

"To make a long story short, I finally bought a couple of packages at the nearest drug store and took two or three tablets after each meal and occasionally a tablet between meals, when I felt any feeling of nausea or discomfort. "It was surprising at the end of the first week to note a marked improvement in my appetite and general health, and before the two packages were gone I was certain that Stuart's Dyspepsia Tablets was going to cure completely, and they did not disappoint me. I can eat and sleep as usual, my coffee and cigar, and no one would suppose I had ever known the horrors of dyspepsia."

"Out of friendly curiosity I wrote to the proprietors of the remedy asking for information as to what the tablets contained, and they replied that the principal ingredients were aseptic pepsin (government test), malt diastase and other natural digestives, which digest food regardless of the condition of the stomach. "The root of the matter is this, the digestions contained in Stuart's Dyspepsia Tablets will digest the food, give the overworked stomach a chance to recuperate and the nerves and whole system to receive the nourishment which can only come from food. Stimulants and nerve tonics never give this; they only give a spurious strength, invariably followed by reaction. Every drop of blood, every nerve and tissue is manufactured from our daily food, and if you can insure its prompt action and complete digestion by the regular use of so good and wholesome a remedy as Stuart's Dyspepsia Tablets, you will have no need for nerve tonics and sanitariums."

Although Stuart's Dyspepsia Tablets have been in the market only a few years, probably every drug store in the United States and Great Britain now sells them and considers them the most popular and successful of any preparation for stomach troubles.

things, tore up his railroad ticket to New York and began to sleep in the city. He threw away his money, and what was loose of his baggage. The conductor and trainman patched up a sort of makeshift ticket and left explanations for the crew ahead. He was taken off the train at Ogden, where he was seen by Captain Deane, who came down from the train from Butte, Mont., with Pat Crowe. His condition did not improve in Ogden and he was sent on with the hope that when he reached the lower altitudes his mind would recover its balance. He is a rather young man of good appearance, and had made some money in California. He had a railroad ticket to New York and the steamship ticket to Italy.

PERSONAL PARAGRAPHS.

C. D. Crouch of Chicago, interested in railroading in the Black Hills, may be seen at the Paxton. H. J. Miller and wife of Carleton, Neb., are spending several days in the city, taking in the Horse Show. William Tyson of Callaway, W. H. Woodbury of North Platte, and Mrs. M. Stevens of Yankton, S. D. are at the Henshaw. Edward Lynch of Rapid City, S. D., is a guest at the Lyman. Mrs. J. H. Adams of Lincoln is a guest at the Lyman. Mrs. J. H. Adams of Lincoln is a guest at the Lyman. Mrs. J. H. CROWE PLEADS NOT GUILTY

Arraigned in Police Court He Denies Shooting Policeman Jackson.

TRIAL SET FOR WEDNESDAY MORNING

County Attorney Salsbaugh Prefers Charge of Robbery to Cover the Famous Cudahy Kidnapping Affair.

Pat Crowe was arraigned in police court Tuesday morning on the charge of shooting with intent to kill and wound Patrolman A. H. Jackson on the evening of September 4. Through his counsel, Attorney J. P. English, Crowe pleaded not guilty to the charge read by County Attorney Salsbaugh and it was then agreed between the attorneys for the state and defense to have the preliminary hearing set for Wednesday morning at 10 o'clock. Mr. English intimated that his client was considering the matter of waiving the preliminary trial. An impression prevails that Crowe will not have a trial before the police judge.

At 2 o'clock Tuesday afternoon, before County Judge Vinsonhaler, Detective Henry Heitfeldt swore to a complaint charging Patrick Crowe with having, on December 15, 1900, put Edward A. Cudahy in fear of his life and robbed him of the sum of \$5,000. It is also alleged that Crowe has been a fugitive from justice. There are two counts in the complaint, both being practically identical as to subject matter, but slightly different in verbiage. Judge Vinsonhaler at once signed a warrant for the arrest of Crowe on the charge of having robbed Mr. Cudahy. Detective Heitfeldt showed the warrant, awaiting Judge Berk's action before he served it. It is possible the police judge may admit Crowe to bond, and if he does and Crowe is released the county court warrant then will be served.

Crowe was retained in the city jail until after his hearing Wednesday morning, when he will be removed to the county jail. A large crowd was in police court Tuesday morning and got glimpses of the prisoner, who entered the room in the custody of Detectives Heitfeldt and Donohoe. After the court formalities Crowe was driven in the patrol wagon to a photographer to have his picture taken for the police files.

Bertillon Measurements. During the morning Bertillon Officer Shields took Crowe's measurements according to the Bertillon system. This record shows Crowe's present weight to be 132 pounds, height 5 feet 10 1/2 inches, age, 25 years; two gunshot wounds on left hand and one gunshot wound on left shoulder.

Throng of curious people sought admission to Crowe's cell at the city jail, but most of the callers have been denied the privilege of seeing the prisoner. Crowe says he is tired of talking to curious people, but is not averse to meeting his old friends and the newspaper reporters. Captain Mostyn of the police station has discovered a new fact concerning which he pleases to term the "Pat Crowe expression." This expression appears on the faces of most of those who call at the station to see Crowe and is described as being a sort of half-relieved and half-timid look.

Crowe slept well Monday night and appeared quite cheerful Tuesday morning. Attorney J. P. English will represent Crowe in his fight for liberty. Mr. English was engaged by Crowe Tuesday morning on the recommendation of Attorney Breen of Butte, who wired Mr. English. Patrolman Albert H. Jackson has identified Pat Crowe as the man who shot him in the leg at sixteenth and Center streets on the sixth day of last month. Jackson says he is positive in the identification. Officer Dan Lacey, who was with Jackson on the evening of the little pistol brush with the man said to have been Crowe, called at the station and identified Crowe. Lacey has known Crowe for years. Patrolman Jackson is able to get about on crutches. Chief of Detectives Dunn believes there is a strong case against Crowe in the shooting charge.

Rummage sale of the ladies of the Church of the Good Shepherd, corner Twentieth and Ohio streets, October 10, 11 and 12.

Thought to Be Wanted in Kansas. Detectives Drummy and Maloney arrested Thomas Ramsey last night as a suspicious character. It is thought he had some of our wanted in Oswego, Kan., on a robbery charge. The man wanted broke jail with our company last night and was also being held at large. The prisoner has a worn leg and has been in town for several weeks, making his living by playing the piano in bar rooms in the lower districts. He says he came from Greenville, Miss., and never has been in Kansas since. He has measurements and a photograph will be sent to Oswego tomorrow. The real name is thought to be Pomeroy Morrow alias Bal Kinneg.

YOUNG HILL AT HORSE SHOW

Son of J. J. and Vice President of Out-Of Here for Week.

HORSES AND RAILROADS HIS HOBBIES

Will Ride in Potato Race and Have Ashland Line in Operation by December, He Says.

Walter J. Hill, vice president of the new Ashland Cut-Off and youngest son of James J. Hill, being about 25, is in Omaha in attendance upon the Horse Show. Mr. Hill is quite an enthusiastic horseman and spent most of the day in watching the horses tried out for the various events which will come on during the balance of the week.

Mr. Hill has at last cleared up the great mystery concerning his disappearance when all of the railroads and newspapers were looking for him last spring when he made an auto trip from Sioux City to Lincoln. "We reached Fremont all right, and then the roads were so bad we left the auto and started for Ashland by wagon," he said. "The Platte river was the stumbling block and we had to unhitch our horses and ride them across the swollen stream. A fine stunt. But we will soon have a railroad over that route and then no more fording."

"We are laying steel on the new line and will have it in operation in December. I do not think we will try to do anything with the cut-off to Omaha this fall, but when we do build we will have a great line from Omaha to Sioux City. There are only two or three places along the route where the grading is not complete, but the contractors are hurrying to get out of the way of the track layers. I am spending all of my time along the line of the new road and just ran in for the Horse show when I heard that my friend, Judge Laramie, and some of these other horsemen were here."

Potato Race the Big Show. "I may drive some tonight for some of the boys here, but the real fun will be tomorrow afternoon when there is a special potato race arranged, with Murray, Ashbrook, Bourke and myself arrayed against four of the cattlemen from South Omaha. These boys may be rough, but they will have to go some if they are rougher than Ashbrook and Murray. Bourke and I will try to trail along somewhere. "I came pretty near having reason to remember the Omaha Horse show of last fall. I have a splendid pony and Carling wanted to bring him to Omaha, but the groom missed the train by a few minutes and the pony was left, otherwise he would have been in the fire that robbed Carling of his stable. I wish I had some of our horses here, for I like to show in the ring with Murray and that bunch of good fellows. But none of the boys is at home and the horses are not in condition to show."

"That brown gelding of Vier & Rogers is the picture of Thistledown, the champion 4-year-old jumper. Did you ever hear where Murray got Timber Topper, the Merchants."

Chicago Great Western Railway. MAPLE LEAF ROUTE.

The Right Road To St. Paul and Minneapolis. The Great Western Limited leaving Omaha 8:30 p. m., arriving at St. Paul 7:20, Minneapolis 8:00 the next morning. UNION STATION. CITY TICKET OFFICE 1612 FARNAM ST.

COLE'S ORIGINAL HOT BLAST=THE CLEAN STOVE

DUST PROOF SMOKE PROOF. Cole's Original Hot Blast is the cleanest stove ever placed on the market. Our method of removing ashes shown by cut No. 1, is perfectly clean and overcomes the many objections to the ash pan used in other stoves. The elbow draft casting with its upward slant allows the empty coalbed to be set under the draft so that no ashes or coals can be spilled on the floor. Our patented dustless ash cover shown by illustration is furnished free with Nos. 122, 125, 182 and 196 stoves. It keeps down every particle of dust in removing ashes, a feature that will be appreciated by every tidy housekeeper. The ash pans used in other stoves are too small to hold a full 24 hours' accumulation of ashes. They are usually over-filled when removed, and the ashes in the bottom of the stove are dragged out on to the carpet, as shown by cut No. 2. You are all familiar with the ash pan method, and have, no doubt, gone through the process many times of spreading a newspaper or cloth under your stove every time the over-filled pan is removed. The ash pan is not only dirty, but is a great evil in stove construction. It adds a door and joints which can be made only temporarily air-tight by the use of stove putty. These joints open after a few weeks' use, rendering ash pan stoves worthless as fire keepers. It makes them fuel-eaters rather than fuel-savers. The ash pan and the shield for guiding ashes into the pan, also prevent base heat. Our method is the only clean way. The thick broom, turkey wing and dust cloth are dispensed with. There are no joints to leak air, base heat is not retarded and Cole's Hot Blast is the cleanest stove, the best floor heater and the best ash pan in the world which can be guaranteed to remain always air-tight. The feed door on this stove is guaranteed smoke proof and does away with the escape of smoke, soot and gas into the house. Side feed doors used on other stoves discharge a cloud of gas and soot-laden smoke into the house and scatter soot and ashes over the carpet when opened. Another point: In feeding coal into a side feed door it has to be thrown into the stove, which usually results in scattering much of it over the floor. With our cleanly smoke proof feed door the coal is poured into the stove even to the dust in the bottom of the hood without a particle being spilled on the floor. This clean and economical stove burns the gases which often escape into the rooms with other stoves. The annoyance and dirt from kindling new fires is dispensed with, as the rooms are heated up for two or three hours each morning with the fuel put in the night before and the fire is never out. COLE'S ORIGINAL HOT BLAST is the cleanest stove made, and will more than save its cost in fuel each winter.
