

# Our Fall Styles in Women's Coats

Clothing We Sell Approaches as Near Perfection as it is Are Exclusive, Selection is Easy and Money Saving Possible for Human Endeavor to Make It.

The days for renewal of apparel are here-The chilly air reminds one of the necessity of a light-weight topcoat; it is good sense not to run risk of a doctor's bill because of lack of fore-handed provision. Ordinarily a topcoat or suit at \$10 in the average store does not impress one very forcibly. It is of indifferent quality and workmanship, and people have been led to so regard it. But a house of our capacity, resource and ambition CAN PRODUCE A SUIT OR TOP-COAT AT \$10 THAT ANY GENTEEL DRESSER IN THIS CITY WOULD BE PROUD TO WEAR. Under this popular price we show all the latest

suitings, in plain or fancy mixtures, neat stripes or overplaids; the topcoats are made from coverts in tan, gray, olive and greenish mixtures; also plain blacks. There is no better clothing sold anywhere at.

Genteel dressers don't have their clothing made to order any more-We embody in our \$15 line that which any custom tailor could not give you under \$25. There is not sufficient increased satisfaction in paying the extra \$10 to your tailor. Our suits and overcoats are too good to permit it; besides, the cost is so reasonable in comparison that your common sense will not permit you to ignore them. Though these garments are all ready for instant service, they are made by the most skilled tailors in the land. They are the highest type of clothing production in skilled tailors in the land. They are the higher and latest styles &15

At \$20 is where we really excel-and no man who has conscientiously inspected our line of suits, topcoats, the new three-quarter and full length overcoats or rainproof overcoats can gainsay the fact that at this price we
