Don't Be a Ready-Made Man
 THE good dressers are not the ready-made men by any means! There is a set and hang about the "Tailored Suit" that you can get only when you're measured for it.

You'll have to look at our tailoring stock for display of fineness. A most generous variety—draped side by side—so that comparison and choosing is made easy.

Trousers \$5 to \$12 Suits \$20 to \$50

It is in what is called the tailoring—that the real quality of a garment lies. The sewing of the seams—the edges—the pocket points—the shaping and finishing. These are the points that add cost—and give quality to properly made garments and they are the particulars of which the average buyer knows the least. Have a chat with one of our salesmen. You'll glean some interesting pointers on Tailoring Facts.

Prominent people of Omaha who pay spot cash for their stoves give us the highest recommendations for our stoves. We just as cheerfully sell you the same kind at \$5.00 down and \$5.00 per month.

Mr. Bond, superintendent of the Omaha White Lead Works, says: "Three years ago we bought a steel range of you, it done such exceptionally fine work and we were so thoroughly pleased with it that last fall when we bought our base burner we bought your Solar, because we did not want to take any chances. The more we make comparisons with other stoves the more we are pleased with ours."
 We have hundreds of recommendations like this.
