The first event was the single trotting horse class, horse to count 60 per cen "Teazle Down;" you will buy it again and and appointments 40 per cent. The decision went about the same as earlier in the week, Don Riley's Emma R. winning higher than the price of the doubtful first and Rhea W., owned by Miss K. Wilkes of Galt, Ont., taking second, and F. A. Nash winning the yellow over Ashbrooke's fine bay mare, Bertle Cecil.

Constantine, the 18-year-old stallion owned by Donovan of St. Joseph, won the class for best stallion with three of his get, being the only entry. This magnificent horse was sold several years ago for \$40,600 and still looks like a youngster in spite of his years. He has a splendid gait and as he is put around the ring beside with very beautiful battenberg and broadcloth over pink; white ermine hat with

Miss Helen Cudahy, riding her own gaited horse Contralto, was given second. She handled her horse well, but her posttion was not as graceful and erect as that of Miss Byrne. Miss Brownie Bess Baum rode the magnificent chestnut hunter Glendale of the Pepper stable, and showed great skill in handling this jumper, which has proved so fractious on several occasions. Miss Ruth Brandeis rode her new horse, Gee Whiz, but she has not had him long enough to control him in the gaits, especially the trut. Miss Grace Conant rode Dr.

R. A. Ralph's horse. Three rigs were brought into the arena to be judged in the best pair delivery outfit class. A. D. Brandels won with a pair of fine bay stallions, Jim_and Harry. The blue ribbon was given to the Only Way pair and the yellow to the F. S. Kimball Laundry company.

McCord Wins Once More. In the local runabout class Rajah, driver by W. H. McCord, was the winner. Mrs. Joseph Barker was second with her father's King and Mr. A. D. Brandels was third with Mac. Mrs. J. H. Parker, jr., of St Joseph drove Mr. Caldwell's McKinley. The judges called the measuring stick into play,

evidently considering him a little large for A whole drove of ponies were driven in for the best harness pony class, but most of them were disqualified for being over forty-eight inches, while the class called for ponies under that mark. Ray Bryne won with Alta S. Thomas' chestnut stallion, Dewey, in a little basket cart. Alta is about as big as a minute and made a fine appearance. Charles H. Creighton's little spotted Captain, driven by Hal Brady, was second, and the entry of Charles A. Weymulier third. This last rig was very prettily decked out in Horse Show colors, being

Brandels purchased the big black selding Cashier, from the Weir & Rogers stable. This horse is a good match to Mac and Beb, the blue ribbon coach team winners at last year's show, and will give Mr.

Brandels three of a kind. But four entries faced the judges in the penetog number, the best gig horse for park. Some admirer of The President, Murray's crack high-stepper, sent in a silver horses' head engraved "The President" to be placed on the horse. This horse was the favorite with the crowd, but the judges give him only third. One of the judges was asked the reason for setting the Murray horse back and said "That horse may be worth \$500 more than any horse in the ring, but he lacked the proper speed for a gig horse and was a triffe too large. Lady Elenor was given first place, Only One second, and The President third.

In the single roadster class there was no doubt as to the way the judges' decision would go, as Emma R. has won several times over Rhea W. Mr. McCord's team was the winner of the blue ribbon in the heavy harness park

pair class, winning over Ward M. Burgess'

bays and a big pair of chestnuts shown by E. L. Heydon of Marshall, Mo. The most spontaneous and voluptuous applause of the week greeted Fred Bourke as he rode A. D. Brandels' Gee Whis from the ring with the red ribbon. Bourke is an expert horseman and handled the Brandels horse in a way that at once won favor with the crowd, both for the horse and for himself. Dr. Steiner's magnificent gray gelding. High Ball, won the blue ribbon in this, the combination class. The horses were driven into the arena in harness and then shown under saddle, to have

world of speed, especially in his rack. Helen Walker was given third money. The coachman forgot to take off his overgoat when he entered the arena and, as appointments counted 50 per cent, this set the Brandels pair in the local carriage class and they received but third place, although the big assemblage, judging from the applause, evidently thought they were entitled to something better McCord won with a mismated team, both good horses, Kimball and Young Bob Ward M. Burgess took second with Lorich and Comet, while the Brandels black took

Excitement in Plenty.

Plenty of excitement was furnished by the tandem class, in which there were five entries, the horses all being more frisky and the high-stepping wheelers insisted or stepping over the tugs of the leaders. Creighton's was given first, Murray's team second and McCord's Only One and Storm Queen third.

Murray furnished the fun in the walk trot and canter class, when he appeared with his magnificent hunter, Confidence, and tried to make him trot. The horse was a beauty, but was not in that class. Er mosa won, with Sweet Briar second and Kilarney, the Weir & Rogers entry from Lemars, Third. This horse has attracted considerable attention during the week, especially since the opening night, as Fred Bourke has been riding him in all of the events.

No attempt was made to beat the world's jumping record, as Murray pulled out his jumpers after they had made 6 feet 8 inches, and Pearl and Senator were put over the bars at seven feet, which gave them first and second, with Murray's Confidence third. The bugie sounded taps, the band played

"America," the people went home and Omaha's second annual Horse Show ended in a blaze of glory.

STILL LOOKING FOR CUNLIFFE Police Looking Into Alleged Clues from Grand Rapids and

Altoons

PITTSBURG, Pa., Oct. 14.-A report was received tonight from Grand Rapids, Mich., to the effect that the police of that city had located an old sweetheart of Cunliffe's, through whom they expected to get some trace of the fugitive.

It was also reported from Altoons, Pa. that a man answering the description of Cunliffe had rented a safe deposit vault in a bank in that city. These reports, however, were given little oredence. Mrs. Cunliffe has decided to remove to her old home at Hartford, Conn. She says she has given up hope of ever seeing her husband again.

If she leaves Pirtsburg the police say she will be shadowed.

Fred claims to have visited New York since leaving his home.

New Jersey Senator Sounds Public Opinion on Insurance Regulation.

REQUESTS VIEWS OF POLICYHOLDERS

Circular Letter Takes Up Proposed Federal Law Classing Business as Interstate Com-

merce.

NEW YORK, Oct. 14.-For the purpose of securing a comprehensive expression of public opinion on the question of national control of life insurance companies United States Senator John F. Dryden has sent out many copies of the following circular letter, with the appended list of questions to be answered:

NEWARK, N. J.—My Dear Sir: In his last annual message President Roosevelt called the attention of congress to the necessity for federal legislation providing for the regulation and control of insurance companies transacting interstate and international business. In compliance with an increasing demand from insurance policyholders and others interested in the public welfare I introduced into the last congress a bill to this effect, providing that there should be established within the bureau of corporations a division of insurance, and that policies of insurance were deemed to be articles of commerce and instrumentallities thereof. This was introduced too late to secure final consideration, but the demand for such a measure has become even more apparent in the meantime, and I expect to reintroduce the same, possibly with alight modifications, into the congress which is to meet in December.

The bill wfil be introduced on behalf of the policyholders of all American insurance companies, in the firm belief that their

The bill will be introduced on behalf of the policyholders of all American insurance companies, in the firm belief that their present and future interests demand the additional protection of a federal statute regulating insurance transactions between the states, in addition, of course, to such supervision and regulation as constitutionally belongs to the states of which the companies derive their charters. Furthermore, that by eliminating a considerable amount of needless state supervision the following important benefits are expected to result:

2. A decrease in the expense rate and the 3. A decrease in the burden of needless taxation.

4. A decrease in the amount of clerical labor now indispensable to meet the requirements of some fifty states and terri-

5. The stamping out of fraudulent insurthce enterprises.

6. Adequate national protection for American companies transacting business in for-

can companies transacting business in foreign countries.

Since thus far interstate insurance transactions have not been brought within the
scope of congressional action, I desire to
secure an expression of views from the interests affected by such a measure, and I,
therefore, take the liberty of troubling you
with a few questions to which I would like
to have you reply either yes or no, as the
case may be, together with any additional
comments of your own which you may wish
to make on the matter. If entirely convenient kindly fill in and return to me the
attached blank in the enclosed stamped envelope and accept in advance my sincere
thanks for your courtesy and co-operation
in my effort to secure a comprehensive expression of qualified public opinion upon a

American people. I am very truly yours.

matter vitality affecting the welfare of the American people. I am very truly yours.

JOHN F. DRYDEN.

1. Do you endorse the suggestion of President Roosevelt that insurance companies engaged in interestate insurance business should be resulated by and brought under the control of the federal government?

2. Do you hold the insurance business to be a national rather than a local interest and properly entitled to the solicitude and care of the national government?

2. As a matter of personal opinion, do you hold the business of insurance to be commerce or an integral and indispensable element of commerce in the sense in which this term is used in every-day language?
