CONGRESSMEN IN ARIZONA Party Visits Crown King Mines and the Whipple Barracks. ALL NOW FAVOR SINGLE STATEHOOD Members Express Themselves as Surprised at Development and Resources of the Territory.

PRESCOTT, Ariz., Oct. 15.—The congressional party divided today. Tawney and several others went to the Crown King mines and the rest made trips in carriages through the mountains to the granite quarries and Whipple barracks. The post is being greatly enlarged and the work was inspected by the visitors. The congressmen in the party today expressed themselves in favor of statehood for Arizona.

Representative Adams of Wisconsin said: "I voted once for jointure because I knew no better. I know better now. I am Arizona's captive and surrender completely. I am against jointure." Representative Goebel of Ohio said: "Arizona's schools alone should entitle it to become a state, if nothing more; but it has a great deal more. It deserves statehood now and until it gets it will find a warm advocate and friend in me."

Representative Mader of Minnesota said: "The day will come when Arizona will get single statehood. If I can help I will be astonished at the wonders of the territory, agricultural interests, farming civilization and educational facilities. No better schools or higher state of civilization exists in the entire country."

Representative Davis of Minnesota said: "If Senator Beveridge's report on Arizona was true, the territory has changed wonderfully in a short time. I am for the west and will always vote with the west, and I do not want to see any more such big states as Texas. I believe Arizona is now fit to become a state."

Representative Maynard of Virginia (the only democrat in the party) said: "If it were not for family ties, home associations and native love for dear old Virginia, I would sell my ticket and stay in Arizona, and if I ever move it will be to this territory which will soon be a state."

Representative Marshall of South Dakota said: "I believe it is wrong to both territories to even breathe the idea of jointure. I voted for it once, but I have revised my ideas, and I am going home and preach the gospel of rich and great Arizona to my colleagues. No higher state of civilization exists in the entire country."

NATIONAL PRISON CONGRESS Annual Meeting Will Be Held in Lincoln, Beginning Saturday. LARGE ATTENDANCE IS PROMISED Rooms Are Already Reserved for Many Prominent Prison Officials and Those Active in Prison Work.

(From a Staff Correspondent.) LINCOLN, Oct. 15.—(Special.)—The meeting of the National Prison congress, to be held here October 21 to 28, promises to be one of the largest attended the association has ever held. The local committee, has secured headquarters in parlor A at the Lindell hotel and since this announcement has been made hundreds of letters asking for the reservation of rooms have been received from all parts of the United States and from Canada. As the railroads have made a rate of one and one-third fare for the round trip from all parts of the United States several hundred delegates are expected. For that reason the hotel men of Lincoln want the traveling men stopped to give the town a wide berth during the holding of the convention.

Some of the most prominent prison officials and charity workers in the United States will be in attendance, and already the Lindell has reserved rooms for the superintendent, physician and chaplain of the Allegheny, Pa., workhouse; General R. Brinkerhoff and Jesse Oren and H. H. Shrive of Columbus, O.; the warden of the Clinton prison, New York; the warden of the Fort Madison prison, Iowa; the warden of the Archibald, Dominion probation officer, Ottawa, Canada; the superintendent and physician for the prison for women of Connecticut; Albert Garvin, president of the National association of Connecticut; John C. Miller, secretary of the national association of Pennsylvania; W. A. Hunter, warden of Anamosa, Ia., penitentiary. Among other prominent men in prison work who have engaged rooms are Henry Towne, J. C. Taylor, A. L. Meener, Walter A. Thayer, three members of the national board. President Lincoln will be located in parlor 1 and Secretary Milligan will hold forth in parlor 2.

While the Lindell will be the headquarters for the association the other hotels will be as equally crowded, and they have received as many applications from prominent men over the country. The program for the meeting is an excellent one and many persons who will deliver addresses are prominent before the country. The local committee is bending every effort to insure a successful meeting and the meeting will be able to care for all who come to Lincoln during the time the meeting is on.

CRISIS OF GIRLHOOD A TIME OF PAIN AND PERIL Miss Emma Cole Says that Lydia E. Pinkham's Vegetable Compound has Saved Her Life and Made Her Well.

How many lives of beautiful young girls have been sacrificed just as they were ripening into womanhood! How many irregularities or displacements have been developed at this important period, resulting in years of suffering!

Girls' modesty and oversensitiveness often puzzle their mothers and baffles physicians, because they withhold their confidence at this critical period. A mother should count on her child's aid and remember that Lydia E. Pinkham's Vegetable Compound will at this time prepare the system for the coming change and start the menstrual period in a young girl's life without pain or irregularities.

When fourteen years of age I suffered almost constant pain, and for two or three years I had nervous and pain in my side, headaches and was dizzy and nervous, and doctors all failed to help me. Lydia E. Pinkham's Vegetable Compound was recommended, and after taking it my health began to improve rapidly, and I think it saved my life. I discovered how my experience will be a help to other girls who are suffering from girlhood to womanhood, for I know your Compound will do much for them. If you know of any young girl who is sick and needs motherly advice ask her to write Mrs. Pinkham, Lynn, Mass., and she will receive free advice which will put her on the right road to strong, healthy and happy womanhood.

Cannot Rest Your appetite is gone. What little you eat distresses you. Strength is falling away. You have headache, backache, feel nervous and can't sleep. You are on the verge of nervous prostration. You must be strengthened, renewed. They will not cure themselves, but must have a nerve remedy. This you will find in Dr. Miles' Nerve Tonic.

It is prepared for just such ailments, and is a never-failing remedy, because it soothes, feeds and builds the nerves back to health. It is allowed to continue, stomach, kidney and liver troubles will soon be added to your already overflowing measure of misery. I suffered from nervous prostration. When I began taking Dr. Miles' Nerve Tonic I could hold anything in my hands, not get from one room to another. Now I do all my own work.

MR. CHAS. LANDRUM, Carthage, Mo. Nerve seldom fails to do all we claim for it. It has been tried, brought to my attention, and I find it does not benefit.
