### MENACE TO MANY MILLIONS

Tuberculosis Hangs Like a Fall Over Our Great Cities.

GREAT WHITE PLAGUE MAY BE CURED

Homeopaths Listen to Interesting Paper and Generally Take Part in the Discussion that Follows Its Reading.

"Tuberculosis" was the subject for discussion last night at the meeting of the Missouri Valley Homeopathic Medical Association. Two of the men who were to have appeared on the program, Dr. Lewis P. Crutcher of Kansas City and Dr. Charles Shepard of Ord, Neb., were absent. Dr. E. F. Bailey of Lincoln was present and his paper on "Tuberculosis With Relation to the Public" and it occasioned such thorough discussion that there scarcely would have been time for other papers.

"If the United States looked after the health of her citizens instead of leaving it to the states, where local political influences are strong, the country would not have so many tuberculosis patients," said Dr. Bailey. "The great white plague does not move to public action, because it does not affect commercial interests. If it in any way stopped the wheels of commerce and became a question of dollars and cents, the public would be up in arms and it would be wiped out. It can be wiped out of existence by isolation of patients and observation by the state of proper sanitary conditions. Every state ought to have a hospital for patients suffering from tuberculosis. This state ought to have the first one of 1,000 persons to give \$100 each for such an institution.

#### Sluiceway Fatal to Bacilli.

"Tuberculosis bacilli cannot live in the sunlight. Sun and light will kill them. Dark rooms and hallways, narrow alleys and dirty tenements harbor the germs and keep the disease alive. There is no excuse for such places except that the owners wish to make money. They are murderers," Dr. Bailey stated, a thing which all people do not know, that bacilli do not come from the body of the infected person through expiration, but that the spurt is the common means of dissemination.

Tuberculosis causes the death of 1,000,000 persons a year, 100,000 of whom in the United States, according to Dr. Bailey. Of the 70,000,000 persons in the country, Dr. Bailey predicts that 10,000,000 will die of the disease. In New York City alone are 20,000 cases.

In the discussion following the paper, it was stated generally that the disease is curable. This was emphasized especially by Dr. Foote of Omaha and Dr. H. C. Allen of Chicago, one of the foremost homeopaths of the country.

#### Cure Them at Home.

Dr. Allen said tuberculosis can be cured and the remedy is light and pure air. Referring to the advice of Dr. Foote to send patients to New Mexico and of another physician to send them to Colorado, Dr. Allen said he would keep them at home.

"They can be cured just as well on the hills of the Missouri river as on the plains around Albuquerque," he said. "Get them in the light and the fresh air."

The program for this morning, and the one which ends the session, is as follows:

Materia Medica—Lewis P. Crutcher, M. D., chairman, Kansas City, Mo. "A Few Differentials"—George Royal, M. D., Des Moines, Iowa. "The Question of the Nosode"—H. C. Allen, M. D., Chicago, Ill. "The Materia Medica of Tomorrow"—Bernard Bailey, M. D., Lincoln, Neb. "The Whyfores of Our Failures"—Lewis Crutcher, M. D., Kansas City, Mo.

Wednesday morning's session was devoted to the bureaus of surgery and gynecology, with several papers followed by elaborate discussions.

The first paper was by Dr. G. F. Shears of Chicago on the subject of "Appendicitis and its Relation to Diseases of the Ovaries and Tubes." The paper treated of the necessity of attacking the disease in its earliest stages, the obstacles to the use of surgical operation at its more critical stage.

Another interesting paper was "The Genesis of Carcinoma and Conditions of Resistance" by Dr. G. J. Gilbert of Iowa City, Ia. He discussed the causation of cancer and advocated the theory of attacking it at its period as a benign tumor, and thought it unwise not to do so. The paper was subjected to an elaborate discussion by Drs. E. C. Allen and H. C. Allen of Chicago, George Royal of Des Moines and J. L. Hanchett of Sioux City.

The remainder of the forenoon was given over to the reading of papers on "The Complications of Gynecology," by Dr. J. L. Hanchett of Sioux City; "Surgical Gynecology," by Dr. William R. Welsh of Denver; "Uterine Fibro-Myoma," by Dr. J. F. Becker of Iowa City, and "Tuberculosis of Uterine Adnexa," by Dr. D. A. Foote of Omaha.

The afternoon session began promptly at 1:30 with ophthalmology, otology, laryngology and obstetrics as the themes for learned and interesting papers. Dr. Joseph M. Patterson of Kansas City, Mo., treated of "Cases of Eye, Ear, Nose and Throat in Exanthematous Diseases"; Dr. E. L. Mann of St. Paul, Minn., of "Nasal Stenosis; Causes and Effects"; Dr. Roy S. Copeland of Ann Arbor, Mich., of "Fundus Oculi in General Diseases"; Dr. William L. Hyatt of Iowa City, of "The Effects of Alcohol and Tobacco on the Special Organs"; Dr. David A. Strickler of Denver, on "Iritis and Glaucoma; Differential Diagnosis."

#### Announcements of the Theaters.

"Piff, Paff, Poff" will be offered at the Boyd theater this evening for the first time in Omaha. It is the joint production of three of the best known of American writers and composers, and has had a wonderful vogue in New York. It run there for 33 consecutive performances and is now getting its first turn on the road. The music is said to be bright, the songs are breezy, and the dialogue smart and witty. The famous pony ballet, with its wonderful radium dance, the original that has been so extensively copied. Kathryn Osterman heads the company and is supported by Robert Graham and a very capable organization.

This afternoon at the Burwood the management has prepared to give a welcome to the shopping ladies. After they have made the rounds of the stores they can drop in at the theater and find a comfortable seat and be entertained by one of the funniest comedies. "All the Comforts of Home," which is being presented this week in capital style by the Woodward Stock company.

Vaudeville at the Orpheum this afternoon will constitute a fascinating allurement for the matinee girl. Bright and pretty little Miss Milman, of the Millman trio, will be one of the feminine charms to enlist admiration. The chic and graceful manner in which she dances on a bounding wire is proving one of the strongest cards on the bill. The Misses Melville and Stetson, comedienne, as usual, have some gorgeous songs to interest the gentler sex and, in fact, throughout the program there is much that will appeal to the many women who make their regular weekly visit to the cozy playhouse on Thursday afternoons.

### ARSON IN HIS OWN STORE

#### Leavenworth Street Merchant Held for Setting Fire to Insured Building.

C. G. Ruenker, proprietor of a grocery store at 3505 Leavenworth street, was tried Wednesday morning before Police Judge Berka on two complaints filed by Deputy County Attorney Pitch, charging Ruenker with setting fire to his own store and contents at the above number the night of October 2. The defendant was bound over to the district court in the sum of \$700 for each charge. Ruenker's father has furnished bail for his son, giving as security a forty-acre farm in the west part of the city.

One of the most interesting methods of securing publicity that has been seen in Omaha in many days is the making of shredded whole wheat products by the Natural Food company of Niagara Falls, N. Y., at the Orchard & Wilhelm old stand at 1415 Douglas street.

In a large show window is exactly reproduced the whole process of manufacturing Shredded Wheat Biscuit and Triscuit from whole wheat, just as it is conducted in the "Conservatory" at Niagara Falls, that cost the builders \$2,000,000.

The ultimate object of the whole exhibit is to demonstrate that shredded whole wheat products contain the whole of the wheat berry, with nothing added and nothing taken from it, making a perfect food, as because it is the first state-officer on the ballot. The presidential electors are not state officers.

The Sixth Ward Republican league will hold a meeting Friday evening at 12 o'clock at 2009 and 21st streets. E. F. Morearty and others will speak.

#### How to Cure Corns and Bunions.

First, soak the corn or bunion in warm water to soften it; then pare it down as closely as possible without drawing blood and apply Chamberlain's Pain Balm twice daily, rubbing vigorously for five minutes at each application. A corn plaster should be worn a few days to protect it from the shoe. As a general liniment for sprains, bruises, lameness and rheumatism, Pain Balm is unequalled.

#### The "Killies" Are Comin'!

This world-famous band will give three concerts in the Auditorium Hallways on night, October 31. Matinee and evening concerts following day. The "Killies" come under the auspices of Clan Gordon and will play the two royal command programs as given before King Edward VII and I at Balmoral castle. Tickets at office of the Western Scot, 1508 Howard street.

I will sell a complete file of the Illustrated Bee very cheap on account of leaving the city. Mrs. W. N. Boyer, 217 South 21st st., Omaha.

#### Verdict in Quick Time.

Judge Redick and a jury broke all court records in the trial of a case Wednesday afternoon. The jury was impaneled at 2:25, plaintiff's evidence was all in a few minutes later and the jury retired. In fifteen minutes it returned a verdict which awarded against George Kerboles and in favor of John Politopoulos for \$200. Plaintiff had sued for \$1,000 for malicious prosecution growing out of a neighborhood row in South Omaha. Defendant did not put in an appearance.

### MANDAMUS AGAINST DREXEL

#### Suit to Compel County Clerk to Accept Republican Filings.

#### ASKED TO SHOW CAUSE TO COURT

Democratic Official Also Refuses to Recognize Basis of Appointing Election Officers Called for by the Republicans.

On a showing made by Attorney C. W. Britt, acting for the republican county committee, Judge Sutton yesterday issued a writ of mandamus citing County Clerk Drexel to show cause Saturday morning at 10 o'clock why he should not place certain names of candidates on the county ballot for the coming election.

Mr. Drexel refused Wednesday morning to receive the nomination papers, and as this is the last day on which filings can be made preparation of the petition in the mandamus suit at once was begun.

Following are the names of the candidates included in the list submitted and which Mr. Drexel refused: Justices of the peace: J. R. Carter and Theo Gallagher, Benson; G. L. Reed and James Fitzhugh, Dundas; Jasper Horvath, South Omaha. Constables: Burt Wyand, William Clark, Benson; William J. Copenhaver, South Omaha. Road overseers: R. E. Tallon and W. R. Douglas, Chicago precinct; George Specht, Benson; George Shipnoff, East Omaha; Edward Timperley, Jefferson.

Chairman Gibson and Secretary Greevy also have submitted to Clerk of the District Court Broadwell a full list of names for judges and clerks of election. The republican officials claim they are entitled to name two judges and one clerk in each precinct of Omaha and South Omaha, and one judge and one clerk in the precincts outside the cities. This contention is based on the terms of the election law, which provide for taking the highest set of officers as the basis for naming the election officers. Failing in this, which would make the presidential electors the basing group, the republicans say the clerk should average the vote cast for Governor Mickey and Lieutenant Governor McGilton in the city, and if this were done the republicans still would be entitled to a majority of the election boards.

Accompanying the demand for the appointment of judges and clerks as outlined above was a formal letter signed by Chairman Gibson calling Mr. Broadwell's attention to the provision of the election law which mentions a "set" of officers.

Deputy Clerk Andy Gallagher, acting for Mr. Broadwell, who is away, signed by Chairman Gibson calling Mr. Broadwell's attention to the provision of the election law which mentions a "set" of officers.

#### PIANO VALUES AT HOSPE'S

#### Are Like Diamonds From Tiffany's

You buy the Knabe Piano, the Kranich & Bach, or the Kimball, and you know they are equal to the blue mine stones you read about. You take no chances as to the future quality of the instruments—you know the quality is there and the price is right. Then again, the easy payment plan appeals to the trade, and having the pianos marked in plain figures, makes buying easy. This is known as the Hospe plan.

To those who cannot quite reach the price of the fancy grades of pianos, we recommend such well-known pianos as the Hallet-Davis, Krell, Sterling, Mathushek, Cable-Nelson, Hospe, Burton, Whitney, Hine and Cramer pianos.

This line of pianos has been so long in use by our good people that further comment would be superfluous, but we again remind them that our guarantee guarantees goes with every piano we sell.

When you can buy good pianos from the oldest established house with full security and perfect confidence, at prices that are positively a saving of no less than \$100.00 to \$100.00, you have no excuse for buying elsewhere. Brand new pianos are selling for \$135.00, \$155.00, \$185.00, \$250.00 at retail and on small payments (inclusive of stool and scarf). Pianos that are guaranteed, highly polished, high grade actions, with ivory keys and the best of music wire, also a foundation built like a house for strength and durability, what more can we offer? except that we do take small monthly payments from \$5 up.

You pay no more money when buying on time than for cash. Pianos are marked in plain figures and no more will be added.

A word about ORGANS—We have the celebrated Kimball organs, as well as our own. We sell the new organs at prices from \$35.00 and up, according to style. We have used organs for \$25.00, \$30.00, which can be bought on \$5 weekly payments. Piano tuning, piano repairing, piano rebuilding, piano packing, making moving, as well as the best kind of stools and seats.

### WOODMEN UNVEIL MONUMENT

#### Interesting Ceremony at Myrtle Hall Attended by a Large Number of the Order.

At Myrtle hall last night the Woodmen of the West unveiled a monument, with fitting and impressive ceremonies, in honor of deceased members of the fraternity. The master of ceremonies and the officers were in full and solemni regalia, and they, with a drill team, occupied the rostrum on which the monument, veiled in the Stars and Stripes, was placed amid banks of flowers and ferns. About 200 were in attendance and all parts of the program were attended with interest.

The opening song, "America," was followed by a vocal solo by Lee G. Kratz. He sang "The Volant Knight," by Watson, with great effect. The violin solo by Miss Louise Shaddock, "Legende," by Wieniawski, was greeted with such applause that Miss Shaddock responded by giving "Perpetual Motion," by Novacek. The presentation of "Why Should the Spirit of Mortal Be Proud?" by Miss Cora M. Hitchcock was full of grace and merited the expressed appreciation of the listeners. Sacred music was rendered by the T. K. quartet. After the reading of "Dearest, My God, is Thee," the unveiling ceremony was conducted by the Seymour degree team. The deceased members honored in this ceremony were H. H. Beale, J. A. Branigan, Claude G. Brown, Albyn L. Frank, Edward O. Kratz, Cliff C. Kousser and W. F. Sanders.

The speakers of the occasion were Prof. W. C. VanNess of the Iowa State Normal and Rev. G. H. Schlich, lecturer of the fraternity.

#### Some Seasonable Advice.

It may be a piece of superfluous advice to urge people at this season of the year to lay in a supply of Chamberlain's Cough Remedy. It is almost sure to be needed before winter is over, and much more prompt and satisfactory results are obtained when taken as soon as a cold is contracted and before it has become settled in the system, which can only be done by keeping the remedy at hand. This remedy is so widely known and so altogether good that no one should hesitate about buying it in preference to any other.

"The Killies" are comin'. Auditorium, Tuesday evening, October 31, and November 1 matinee and evening.
