National League Batting Averages.

Party Out for Birds. One of the most portentous hunting parties which has left Omaha for some time was that organized by Tom Foley. With a complete camp outfit of provisions, tents, wagons, cooks, etc., this party is making a two weeks' raid on the birds around Cody, Neb. The party consists of T. J. Foley, E. C. Ketchmark of Bancroft, George Giacomini, John Kerns and Fred Davidson of Casper; Captain Stotts, U. S. A., of Cody, and Mickie J. Gibbons.

Sporting Brevities.

Chicago representatives of the press ridicule the claim of Nebraska that Benedict is one of the crack ends of the coun-From reports Benedict was not called upon to kick the ball, so he did not have a chance to redeem himself at that branch of the game for the tackles which he

The Chicago Tribune's report of the game contained this: "Mentioning ends, it might be said that ex-Captain Benedict, touted as the best end in the west, was run over, through, by, and under during the second half."

The boys from Dundee were surely fast in the game with Creighton Saturday, Grant and Ben Benson and Harte all living in Dundee. No team has a faster set of backs than Bellvue and they backed each other up well at all stages.

Belleveue has a charging machine which

Williams.

The better showing made by the National league over the American is a triumph of the younger generation over the aggregations of stars which the Americans took from the major league. This compelled the National 10 hustle for youngsters with the result that these have been found in sufficient numbers to win a signal victory over the stars. It makes the fact apparent that the National league has fully recovered from the great inroads made by the American stars evidently are on the wane and proceed the colorado Springs police leadquarters.

Cole, for the murder of Bessie Bouton, is contained in a letter from Chief of Police Reynolds of Colorado Springs, received to day by Marshal Volimer of Berkeloy. The woman who accompanied Andrews and sided him in the attempt to kill Ellis is declared with certainty to be Nuida Pettic Olivia. A French Canadian, formerly living at Buffalo. Montreal, and Toronto, Canada. The description of the couple sent out by Volimer tailing exactly, according to Chief Reynolds, with the records of the Colorado Springs police leadquarters.

when these two were at war. The American stars evidently are on the wane and must be replaced sooner or later by younger blood.

time and, while Nebraska did not carry cent years. So with an almost even break on team work in the first half it was the superior physical condition of the Michl-gan men which told in the second half. "They rushed the tired Nebraskans off their feet," so the report of the game says.

And then came Eckersail and with his good boot put all other individual players far in the shade. Of all the games played Saturday on the hundreds of gridirons of the country. Eckersail shone far and above any other player. For the third consecutive year he was responsible for the defeat of the Wisconsin team. He it was who booted the hall out of danger in tight places. He manipulated the fake which made the big gains for Chicago. He called the signals that ran the team with such good judgment that the reports say that Stagg never moved from his camp chair where he seated himself at the start of the game, and it was Eckersail who kicked the soal from the field that won the game. It required the fourth altempt to land, but he was there with the goods. The grounds were slippery, which gave the And then came Eckersall and with his grounds were slippery, which gave the close formation of the Wisconsin team an immense advantage over the more open formations of Stagg's pupils.

other up well at all stages.

Belleveue has a charging machine which is used every day. This accounts in a large measure for the greater activity of this team in this branch of the game. The line man that plunges first and gets the drop on his opponent has all the better of the argument.

Contained to the game of the game of the supply of Chamberlain's Cough line man that plunges first and gets the drop on his opponent has all the better of the argument. Creighton's team needed a jolt like the one which it received Saturday to awaken the boys to the fact that they must turn out to practice if they expect to win games. The best foot ball team is the one-which has the eleven working best in unison, and no team can have this unanimity of action to widely known and so altogether good to the state of the system. Which can only be done by the system can have this unanimity of action is so widely known and so altogether good to the system of th prompt and satisfactory results are obthat no one should hesitate about buying

without continuous practice.

Minpesota ran all over the lowa team, as was expected. The husky northerners won by the score of 3 to 6 in a contest marked by strong plays by both teams, good puriting and some bad fumbles. Brush and Kremmer did some excellent line plunging, and Cutting pulled off a spectacular run that was the feature of the game. The result showed that the lowans were no match for the pupils of Dr. Williams.

The better showing made by the National league over the American is a triumph of the younger generation over the aggregations of stars which the Americans took from the major league. This compelled the National is hustle for youngsters with the result that these have been found.

must be replaced sooner or later by younger blood.

To Keene Fitzpatrick trainer of, the Michigan team, must be given the credit for the magnificent finish in the second half by that team rather than to the team work developed by Yost. The fact is Nebraska had slightly the better of the argument in the first half of the game played at Ann Arbor Saturday. The ball was in Michigan territory the greater part of the Michigan territory the greater part of the Michigan territory the greater part of the braska had stated to a cerebral hemorrhage was the cause of his death.

GRAIN AND PRODUCE MARKET

Bull Activity Develops Which Carries Prices Up.

WEEK-END CLOSE UNUSUALLY STRONG

Millers Are Buying and Minneapolis Mills Run Sunday-Corn's Strength is on Late Covering of Shorts.

OMAHA, Oct. 21, 1906. The first hour the market was dull, but very firm. Later bull activity developed, which carried prices up. The news, while strong in some particulars, was hardly as very firm. Later buil activity developed, which carried prices up. The nows, while strong in some particulars, was hardly as important a factor as sentiment and the cash situation. Minneapolis reported a good cash demand. All the milis are expected to run tomorrow. Reports from the southwest indicate that miliers and others are buying wheat on the dry weather prevailing. The farmers are experiencing difficulty in obtaining supplies at reasonable prices. Cables were firm. December closed at \$70\$7%c. May at \$7%c and July at \$3%c. Corn was firm early, but sirong the latter part of the session on covering by shorts in sympathy with the strength in wheat. Cash demand is fair and receipts moderate. December closed at 4%c, old December at \$1%c, May at 41%c and July at 44%c. Offerings of oats under 31%c for May proved very limited and the market advanced quickly on moderate buying. The large export demand, not only for oats, but for feeding barley, is creating a very friendly sentiment. December closed at 28 \$120%c. May at \$1%c and July at \$30%c. Primary wheat receipts were 1,440.000 bushels and shipments \$72.000 bushels, against receipts of 1,340.00 bushels. Corn receipts were 27,000 bushels and shipments of \$34,000 bushels of corn. 163,000 bushels of oats, 13,000 bushels of corn. 163,000 bushels of oats, 13,000 bushels of wheat and 4,000 barrels of flour.

Liverpool closed unchanged to %d higher and unchanged on corn.

Duluth says \$0,000,000 bushels of Manitoba wheat have thus far been sold for export. On the basis of a \$0,000,000-bushel crop this is a good business.

World's shipments for Monday will be about \$5,00,000 bushels, of which Europe will take about \$5,00,000 bushels.

Those who have watched the wheat market closely for several days say the selling at Chicago has been for the northwest and by the local talent, who fear that they will be unloaded upon every time the wheat weakens. The buil leaders, they say, have not disturbed their holdings and have simply scalped.

Rankin wired from Minneapolis: "We extim

CHICAGO GRAIN AND PROVISIONS Pentures of the Trading and Closing

Prices on Board of Trade.

Prices on Board of Trade.

CHICAGO, Oct. 21.—Reports of damage to fall sown wheat in Kansas and Oklahoma helped to strengthen the wheat market today. Another buillish factor was continued excellent demand for American grain for export. At the close wheat for December delivery was up % to 2c. Corn and oats are up % to 3c. Provisions are practically unchanged.

With the exception of a slightly easier feeling at the start, the tone of the wheat market was firm throughout the entire day. The volume of business on the whole was rather small. At the opening December was unchanged to 3c higher at 30% 35%, Influenced by clear weather in the northwesset and by increased receipts at Minneapolis and Duluth, pit traders were inclined to sell. Demand from commission houses, however, absorbed the offerings at only slight losses. December eased off to 86%. At the end of the first hour a firmer tone developed on covering by shorts. Fresh reports of drouth damage to the new sown crop in the southwest started the buying. One message from Kansas City said: "The dry weather situation in Kansas and Oklahoma is worth giving attention to. It is learned from reliable sources that the complaints of damage are well founded." Another factor that created some apprehension in the minds of shorts was continued urgent demand from exporters for American corn and oats. The demand from foreigners for grain tended to strengthen faith in the numerous report alleging a shortage of feed stuff in Europe. For December wheat the highest point of the day was reached at 57%. The market closed strong with December at 87(87%. Clearance of wheat and flour were equal to 271,000 bushels. Compared with 1.344,000 bushels a year ago. Minneapolis, Duluth and Chicago reported receipts of 8h cars, against 762 cars last week and flour were equal to 271,000 bushels. Compared with 1.344,000 bushels a year ago. Minneapolis, Duluth and Chicago reported receipts of the day. December opened a shade lower at 44%. Local recoid weather. Later shorts covered, as a result of

World's shipments for Monday will be about 9,600,000 bushels, of which Europe will take about 8,500,000 bushels.

Those who have watched the wheat market closely for several days say the selling at Chicago has been for the northwest and by the local talent, who fear that they will be unloaded upon every time the wheat weakens. The buil leaders, they say, have not disturbed their holdings and have simply scalped.

Rankin wired from Minneapolis: "We estimate, with the help of figures received from various sources, that 35 per cent of the wheat crop of these three states has been marketed by the farmers. Sixty percent of our wheat crop is usually marketed by December I, but we do not believe the percentage will reach that figure this year. Many houses are full and unable to do business, notwithstanding that the railroads are doing their utmost to relieve them."

SHEEP-Receipts of sheep this morning numbered only four cars, nees of water were direct to packers and not offered for sale. In other words, there was nothing here to make a market or establish any change in quotations. A little bunch of mattre Risck Faces from a Nebiaska farm sold as high as \$1.50 for the minus and \$5.57 for the ewes, showing what readly enough stuff will bring.

The receipts of sheep this week have been larger than for the week before, but not as

for the ewes, showing what teasily enoice stuff will bring.

The receipts of sheep this week have been larger than for the week before, but not as larger than for the week before, but not as larger as two weeks ago. While there was a fair run, there was a decided shortage all the week in the supply of lat sheep, yearlings and ewes. With a good demand, the marset has gradually firmed up and at the close of the week good lat even weithers, yearlings and lambs are all of loader hissbeen active all the week and packers have than they were a week ago. The trade has been active all the week and packers have cleaned up each gay's receipts, on arrival. Seliers have been extremely well pleased with results.

Feeders were very high last week, so that buyers have been very much against raising prices any this week, still the market has been firm and in some cases perhaps a little higher. The trade in feeder since has been very limited, as there have been no feeder wethers or yearlings to speak of. There have been some ewes and they have gradually advanced under the influence of the very good demand, until they are close to lie higher than a week ago. The most of the feeding ewes are selling at \$1.204.40. Breeding ewes are very scarce. Good weighty feeding lambs have sold at \$2.50 (10.00

Foreign Financial.

LONDON, Oct. 21.—Rates for money were easier in the market and supplies were fairly abundant. Discounts were steady. The \$5,000,000 in gold shipped from Indiator the account of the Indian secretary was landed in Egypt and a corresponding sum was set aside by the Bank of England for the currency note reserve. Trading on the Stock Exchange was cheerful. Prices hardened with the cessation of liquidation, although there was the usual week end slackness, in addition to which the nearness of the settlement checked dealings. Consols were steady, sustaining first class securities. Home rails were strong. Americans opened steady, sustaining on New York support and hopes of a good New York bank statement and closed firm and inactive. Japanese imperial 6s of 1944 were quoted at 101%.

PARIS, Oct. 21.—Prices on the Bourse to-day presented an upward tendency throughout. Russian imperial 4s were quoted at \$25.6 for Russian bonds of 1904 at 527.

BERLIN, Oct. 21.—Prices on the Bourse to-day were firm.

Many Drop Dead from so-called heart trouble, when the real cause is acute indigestion, easily curable by Electric Bitters. 50 cents. For sale by Sherman & McConnell Drug Co.

PRATTLE OF THE YOUNGSTERS. Elsie-Why do they say grandpa is in his second childhood?

Tommy-I guess it's because he is baid "Johnny, what were you saying to the dog just now?" asked a north side mother, "I was just telling him how happy he ought to be." explained Johnny, "cause

hair or go to school." Tommy-He shoots craps for money Mamma-My dear child! And you don't think that's nice, do you?

Tommy-Naw, he always wins everything "Little Jimmie Johnson had a birthday party last week," said Tommy.

"That must have been nice," replied his teacher. "Yes, it was awful swell. He was comin' down with the mumps, and nearly every-

body caught 'em." Mother-I left 10 cents on this bureau

Did you take it, Tommy? Tommy-Why-er-yes'm; I gave it to a poor lame man that has a wife and four children to support.

Mother-Indeed? Where did you see this poor lame man? Tommy-Why, he was ont in the street sellin' popcorn an' candy.

EDWARDS-WOOD CO.

Nata Office: Fifth and Role ets Streets, br. PAUL, MINS.

NEW YORK. Oct. II.—COFFEE—Market for futures opened steady at unchanged prices in line with fairly good French cables and later gained ground slightly, owing to the advance in the rate of Brasilian exchange and the absence of Important nearby liquidation. Trade interests were moderate buyers. The close was steady net unchanged to 19 points higher. Sales Bell 'Phone Ils. Independent 'Paone L
