IT LOOKS GOOD TO WARNER

Republican State Chairman Says No Complaints Have Come from Any Part of Nebraska.

Chaleman Warner of the republican state committee spent the day in Omaha on his way from his home in Dakota county to

"Everything seems to be in the mos promising condition for the republican state ticket," said Chairman Warner in answer to a queston. "We have not had a single report indicating anything wrong unywhere in the state and we have had only three or four requests for assistance in the way of furnishing speakers for meetings. Everyone is convinced that it is a republican year and our chief danger is that overconfidence will keep people away from the polls and thus reduce the majority which we ought to have.

While I am in Omaha I am going to se the railroads and ask them to put in a half rate fare all over the state to enable people o go home and vote. We have not made any requisitions on the railroads this year and they ought to be glad to accommodate the public to that extent.

"I am sorry to hear about the registration complication here in Douglas county. The univ thing to do is to make sure that every republican who registered on primary day is properly registered again on one of the two remaining registration days."

Rajah of Bhong," at the Krug.

Last night a company presenting a typica conglomeration of music and nonsensa under the title of "The Rajah of Bhong" opened a short engagement at the Krug a fairly good audience welcoming the first appearance. The company is not especially numerous, but makes up for this in seal. While the comedians are out in front entertaining, the rest are back of the scenes changing costumes, so that a little some-thing different is being offered all the way along. The piece has no especial prot, none of them have, for that matter, but has some good jokes, some entertaining songs, and quite a bit of good comedy. The singing parts are, well placed, the comedians are hard workers, and the chorus is young and sprightly, even if it isn't the most surperous that ever paraded across the stage at the Krug. The piece will be offered at a matines this afternoon, and closes its engagement this evening.
