

DEMOCRATS MAY LOSE PLACES

Nominees for Justices and Constables Are Likely to Be Shot Out.

JUDGE SUTTON CITES CLERK DREXEL

Republican Nominee Complains of County Clerk's Arbitrary Action and Asks for Order from the Court.

At 4:45 yesterday afternoon Judge Sutton issued a temporary restraining order on County Clerk Drexel, citing that official to appear Saturday morning at 10 o'clock and show cause why he should accept the filing of the names of five democratic candidates for justices of the peace and six democratic candidates for the constabulary.

The plaintiffs in the case are Justice of the Peace W. W. Eastman, representing the republican candidates for justices of the peace, and J. T. Wickham for the republican candidates for constabulary; and the names of the democratic candidates filed with the county clerk on the 18th instant are: J. E. Quinn, Ed. A. Shaw, Daniel Horigan, L. E. Shocker and Philip Anderson, justices of the peace; Charles Kammerer, James Perkins, Charles Epstein, Richard Marnell, Dominick Cosgrove and Peter Eckert, constables.

Certificates of nomination for these candidates were protested to October 21 by C. W. Britt, who maintains that no hearing was given to the protest as provided in section 12 of the Dodge primary law. Attorney Britt states that County Clerk Drexel told him he would allow names of the candidates mentioned to go on the official ballot, despite the ruling of Judge Sutton last Saturday that county central committees have no authority to fill in candidates for county officers in cases where no nominations were made at the regular primaries.

SPORTS OF A DAY.

ATHLETICS HAD STAGE FRIGHT

Philadelphia Failed to Do its Best, Says Jack Sheridan. Jack Sheridan, the veteran umpire who officiated with Hank O'Day in the New York-Philadelphia game for the world championship, gave an interesting account of the great game.

There is no denying that the best team won," said Jack. "But it won a great deal easier than it should have. The Athletics might have done better than they did, but if they had been at their best I doubt if they could have won."

The main trouble with the Athletics was their failure to test the Giants on their weak points. Instead of trying to break them by stealing bases and bunting, they let the New York catcher have everything his own way. He was a real hero, and he was excited and erratic, and had the Athletics tried a little foxy work on the bases they might have put Roger into the air and got the Giants off their feet.

Sheridan insists that he is through with baseball. Jack Plant has been playing piano for twenty years and says that he is long enough. He will go into the undertaking business in Los Angeles, Cal., soon.

LINCOLN RIFE FOR THE GAME

Town Promises Well for Western League Team. Pa Rourke has returned from Lincoln where he went with "Ducky" Holmes to look over the ground there with reference to putting in a Western league team next spring. Mr. Rourke says he never saw the ground in the Western League during the previous years which he has been connected with the game here, and that the prospects are the citizens of Lincoln will want a team to represent the town in the Western League.

Mr. Rourke was reported to be getting along well last night, though results from the gun shot wounds does not seem imminent. Chief Briggs will endeavor to have a complaint filed against Myles today or Saturday by the county attorney. Until Myles has been arraigned in police court he will be detained at the city jail.

Public School Matters.

The addition to the Madison school building is about completed and the expectation is that the new rooms will be ready for occupancy on Monday next. The rooms are practically completed, except for a few finishing touches, but the heating apparatus is not yet quite finished.

Christian Association Entertainment.

Saturday evening at the high school auditorium the Dunbar Male quartet will give the second of the Young Men's Christian association entertainment series. This company of singers and bell ringers comes well recommended and the expectation is that the attendance will be large. Since the first entertainment quite a number of course tickets have been sold and members of the Christian association here are making an effort to sell enough tickets to make the entertainment cover a financial success.

Civil Service Examination.

The time for receiving applications for the November civil service examinations for postoffice clerks and letter carriers has been extended from October 16 until November 8. So few applications have been received up to date that it has been deemed advisable to extend the time and give notice through the press of the extension. Those wishing to take the examination can secure application blanks at the Omaha or South Omaha postoffices.

Interest Payment Due.

There will be due at the state fiscal agency in New York City on November 1 the sum of \$4,235 interest on outstanding improvement bonds. This money is on hand and will be sent east within a few days. Of this amount \$4,200 is interest on the \$70,000 issue that will be refunded on November 1. This issue now draws 6 per cent and was issued to take up special improvement bonds declared illegal by the courts. By refunding this issue after five years at the lower rate of interest the city will save \$400 per annum in interest. The city officials are taking advantage of every opportunity offered to refund bonds at a lower rate of interest.

AFFAIRS AT SOUTH OMAHA

Colored People's Club Room, Scene Shooting, Likely to Be Closed.

POLICE HAVE SUCH PLACES UNDER BANE

Ida Myles, Woman Shot by Her Lover, is Improving and Death from Wounds is Not Probable.

The colored people's club rooms at 222 North Twenty-fourth street, where the Myles shooting affair took place Wednesday night, probably will be closed by the police. Speaking of this matter last evening, A. L. Bergquist, secretary of the fire and police board, said that the club was to be closed to prevent a forming of colored clubs in the city for the reason that as a general thing disorders occur sooner or later. By preventing such places from running the city has been kept fairly free of negro fights. This club where the shooting took place will be investigated by the chief of police and an order may be issued to close it.

Chief Briggs said when this club started it was represented to him to be a political club and not a social organization. "Several times lately members of this club have asked me for permission to hold dances there and I have always refused," said the chief. "This dance of Wednesday night," continued Chief Briggs, "was held without permission. I will make an investigation and see to it that no more social gatherings are held at this place."

The chief further said he had learned liquor was being sold at this club without a license. A stop will be put to this practice. Myles, the man who did the shooting, told the officers he had a drink of beer in the club rooms shortly before he shot the woman he had been living with.

Ida Myles was reported to be getting along well last night, though results from the gun shot wounds does not seem imminent. Chief Briggs will endeavor to have a complaint filed against Myles today or Saturday by the county attorney. Until Myles has been arraigned in police court he will be detained at the city jail.

Woman in Club and Charity

Although the local Women's Christian Temperance Union has for two years invited the national organization to hold its 1906 meeting in Omaha, and this invitation has been accepted by the Commercial club, there is little probability that the much desired convention will be held here at that time. Those in touch with the affairs of the national organization say that, as the World's Women's Christian Temperance association to be held at Fremont November 2-5. Several members of the board of directors, four of the secretaries and delegates appointed by the standing committees will attend besides a number who will go as visitors.

The local association has been informed that the Budget, which has been issued weekly for several years, can no longer be sent through the mails as second class matter, which will necessitate the association's suspending its publication. The board will meet next week and decide whether to resume the Budget as a monthly publication, the postage being too expensive to warrant its weekly issue.

All members of the association are invited to be guests of the gymnasium department at a Halloween party Monday evening at the high school. All who can do so have been requested to mask and come in costume. The party will begin at 8 o'clock. The first number of the entertainment course will be a lecture on Sidney Lanier by Miss Florence McHugh the evening of the association, held the noon gospel meeting at Byrne-Hammer's factory Monday. A large and enthusiastic crowd of girls and women participated in the meeting.

The National Consumers' league has been honored with a gold medal by the Liege International exposition held last summer and at the same time special gold medals were bestowed upon Mrs. Frederick Nathan making the league what it has become. The league had an exhibit in conjunction with the American League for Social Service, of which Joseph Strong is head. The Consumers' league also received honors at the Paris exposition and at the St. Louis exposition, which indicates the high esteem in which its work is held the world over. Mrs. Frederick Nathan, who has recently returned from Europe, speaks enthusiastically of the work of the league in France, especially in Paris, where it is so much needed to protect the women workers. In France it is called La Ligue Sociale d'Acheteurs, and its white list refers not alone to department stores and factories, but rather to dressmakers, tailors, millinery and corset makers' shops, where girls are held in actual bondage, being obliged to work Sundays and holidays alike, and during the busy season far into the night. Mrs. Nathan relates some interesting discoveries made by herself in one large establishment where the patrons are largely fashionable Americans. The conditions of this shop are especially bad, and she has warned many against the place, which will, of course, be put on the black list. The league has recently been reorganized in Holland and is doing effective work there. At the meeting of the National league held last week in New York the question of promoting the cause of the pure food bill was discussed at length. At a meeting held in Philadelphia last March there was a resolution to take up the matter of pure food and also the con-

OPENING OF DETENTION HOME

Public Reception to Be Held and Attended by Out-of-Town Delegates. The public is invited to attend the opening of the Douglas County Juvenile Detention home, 2208 South Tenth street, from 2 to 6 and 7 to 10 p. m. Friday. While the home has been open three months this is the first occasion when the public generally has been invited and it is really the formal opening of the institution.

The reception committee will include the district court judge and county commissioners and their wives and the visiting committee of the home. It is expected a committee of Lincoln citizens will be present to investigate methods in vogue here with a view to the establishment of a similar institution in the Capital city. Mrs. Franklin, superintendent of the Chicago Detention school, will be here for a visit, as will also Prof. Wright and Dr. Merrill of the Denver home and juvenile court.

Advice has been received that many of the delegates who have been attending the prison congress at Lincoln will stop off here on their way home and visit the home. It is urged that as many of Omaha citizens as possible attend the opening and come into close touch with the work being done by the home and realize just what the work means in the social economy of the community.

WINTER ECZEMA SKIN HARD AND DRY

Some skin diseases are active in Summer, while others wait until cold weather to manifest themselves. Winter Eczema sleeps in the system through the long hot months, and gives no sign of its presence; but at the coming of Winter the trouble asserts itself and it becomes one of the most painful and distressing of all skin diseases. The blood is filled with poisonous acids which seem to be excited by the cold; and as these are thrown off through the pores and glands, the skin cracks and bleeds, the flesh becomes hot and feverish and the itching intense. The natural oils which keep the skin soft and pliant are dried up by the cold, bleak winds, causing it to become hard and dry, giving it that shiny, leathery appearance, characteristic of the disease. The head, face, hands and feet are the usual points of attack, though other parts of the body may be affected. So painful and distressing is the trouble that the sufferer constantly "doctors" and treats it trying to get relief. Soothing washes, medicated ointments and salves are used, but aside from giving temporary relief they do no good. The cause is poisonous acids in the blood, and these must be removed before a cure can be effected. The only cure for Winter Eczema is S. S. S., the greatest of all blood purifiers. It cleanses the entire blood supply of the acid poisons and sends a fresh, healthy stream to the diseased skin, healing and softening it and curing the painful, itching eruptions. S. S. S. enters the blood and purifies it of all waste and foreign matter, and cures Winter Eczema—no matter as it is sometimes called—safely as well as surely; besides it does not contain any harmful mineral to derange or damage any part of the system.
