BOY KILLED BY AN ENGINE

Was Re-aring Home with Mother from a Tending Morning Mass.

STOPPED TO PLAY ON RAILROAD TRACKS Did Not See Approaching Switch Engine and Railroad Men Did Not See the Boy Until Too Late.

James, the 8-year-old son of Mr. and Mrs. James O'Neil, 1106 South Seventh street, was run over and instantly killed by a switch engine on the Great Western tracks at Seventh street and Ninth avenue yesterday morning. The boy, with his mother and sister, was returning from attending mass at St. Francis Xavier's church about 9 o'clock, and when they reached the railroad tracks the boy lagged behind to play. Mrs. O'Neil on reaching home and finding that the lad had stopped behind, started back in search of him and reached the tracks just in time to witness the crew of the switch engine lift the headless body of her little boy from the rails.

The switch engine had just pushed a car to the freight house and was starting back when the accident occurred. The boy was standing on the tracks, evidently unaware of the approach of the engine. An employe at the Fruit Growers' warehouse, perceiving the lad's danger, called out to him, and young O'Neil made a jump to get out of the way of the locomotive, but was too late. The footboard knocked him down and the wheels passed over his head, severing it from the body. Engineer J. H. Miller and Fireman Newton did not notice the boy. Witnesses of the accident state that the engine was ringing the bell when the engine started back and continued ringing it until the crossing was reached.

The scene when Mrs. O'Neil reached the side of her dead boy was heartrending in the extreme and it was with some difficulty that she could be induced to permit the body being removed to Woodring & Schmidt's undertaking rooms on instructions from coroner Treynor, who will hold an inquest there this morning.

The funeral will be held Friday morning at 9 o'clock from St. Francis Xavier's church and interment will be in St. Joseph's cemetery. James O'Neil, the father of the dead boy, is employed in the employ of Contractor Wickham for twenty years.

Word has been received by the Burlington railroad that Thomas Cunningham, who mysteriously disappeared from a train while en route from Joseph to Council Bluffs, left the train at Hamburg to procure something to eat and had been left behind. Cunningham started to walk to Council Bluffs and had been traced as far as Bartlett, Ia., where he was seen Monday night. The search for the missing man is still being kept up.

The stranger who was found unconscious a few mornings ago on West Broadway received sufficiently yesterday morning at St. Bernard's hospital to be able to tell that his name was John Joseph and that he was working on a farm before coming to Council Bluffs, but he could not remember where. He claims to have had \$60 when he reached this city and the police have little doubt but that he was drugged and robbed.

Deputy City Marshal Charles Crum, while cleaning his horse in the police barn yesterday morning, was kicked on the knee by the animal. Crum is the man in whose hand the injured member was swollen City Physician Timely was unable to determine whether the knee cap was fractured. Crum is expected to be laid up for several weeks.

ARMY OF TEACHERS IS COMING

Between Six and Seven Hundred Are Expected.

The advance guard of the 600 or 700 teachers who are expected to attend the annual meeting of the Southwestern Iowa Teachers' association will be held here today, Friday and Saturday began arriving last evening and by noon today several hundred are expected to be in the city. Advice last night was that a delegation of sixty from Waterloo would arrive this morning.

The opening session will not be held until this evening and the day will be spent by the visiting teachers in enrolling and inspecting the schools. The sessions will be held in the high school where the headquarters will be at the Grand hotel where the railroad secretary, enrolling committee and committee on entertainment will be found. This is the program for the opening meeting at 8 o'clock this evening: Music, "The Miller's Going" (Eaton Penning), Madrigal quartet. Invocation, President George N. Ellis, Taylor college. Music, "An Open Secret" (Huntington Woodman), Miss Porterfield. President's address, Superintendent H. H. Savary, Waterloo. Music, "When Mabel Rings" (Olay Speaks) Madrigal quartet. Illustrated lecture, "Russia," Frank Robinson, New York. Announcements.

BOARD ELECTS TRUANT OFFICER

Reuben Herzer Chosen on the First Ballot.

The Board of Education at a special meeting yesterday afternoon elected Reuben Herzer truant officer and fixed his salary at \$50 a month. There were seventeen applicants for the position, but an informal ballot brought out only the names of Herzer and Richard Green, the former receiving four votes to the latter's one.

Truant Officer Herzer, who resides at 411 South First street and is by trade a barber, will work directly under the instructions of Superintendent Charles H. Herzer, who will be to hunt up all children absenting themselves from the different schools and to see that the provisions of the compulsory education law are complied with. The court, it is understood, will be asked to appoint Mr. Herzer probation officer of the juvenile division of the district court, so that he will be clothed with authority to bring before the court such children as refuse to attend school and are otherwise incorrigible.

The committee on teachers, after investigating the needs at the Cut-Off school, recommended that a second teacher be placed there, and the board elected Miss Hoffman for the place.

Want Paving This Fall. The paving of lower Broadway came up for another prolonged discussion at the monthly meeting of the Commercial club last night.

Announcement was made that Contractor Wickham had authorized a statement to the effect that he would not commence the paving of the strip between Thirtieth and Twentieth streets until spring. The general opinion of the meeting was that the work should be done this year, and the following committee was appointed to wait on Mr. Wickham for the purpose of trying to induce him to do so: Mayor Macarty, A. C. Keller, C. F. Wilcox, C. Straub, F. H. Keys, William Groneweg, C. H. Chisam, H. Van Brun, Victor E. Bender, C. M. Harl and F. H. Hill.

In connection with the paving of this thoroughfare the matter of requiring wide tires on heavy hauling wagons was brought up and it was suggested that the council pass such an ordinance.

Manager English of the Citizens' Gas and Electric company was called upon to explain the cause of the alleged poor quality and quantity of gas, as he told the meeting substantially what President Nash told the city council Monday afternoon, namely, that the trouble was due to the insufficient mains and that the company hoped to be able to remedy the situation before long.

McGowan a Public Charge. Daniel McGowan, who while en route from Dublin, Ireland, to California, became mentally deranged and was taken from the train at the Union Pacific transfer and turned over to the commissioners on insanity, is likely to become a charge on Pottawattamie county for the remainder of his life.

McGowan was sent to St. Bernard's hospital on June 23, 1904, and efforts to locate the sister to whom he was going at the time he became insane have failed. Recently the county authorities took the matter up with the immigration bureau with the idea of having McGowan deported back to Ireland.

Yesterday Clerk Battey of the insanity board received a reply from the immigration bureau, together with a copy of the rules governing the deportation of public charges. Under the rules it appears that McGowan having been here now over two years cannot be deported.
