

YIELD OF RYE AND BARLEY

Nebraska Makes a Gain in These Cereals Over Last Year.

FINISHING TOUCHES ON THE CAMPAIGN

Republican Chairman Urges County Committees to See to It That Republican Votes Are Brought Out on Election Day.

(From a Staff Correspondent.)

LINCOLN, Nov. 2.—(Special.)—The total yield, value and average yield of the rye and barley crops of Nebraska for the year 1905 is shown in a report issued by the State Bureau of Labor and Statistics today. The report shows the total yield of rye to be 5,926,331 bushels at a value of \$2,192,747.47, having had an average yield of 23.46 bushels per acre, with an average of 18.30 in 1904. The production of this crop was 5,502,725 bushels with a value of \$1,912,896.55 and an average yield of 23.3 bushels per acre. The increase in that year was 194,844. This comparison shows that, in spite of a decrease in the average of barley this year, yet the total yield is larger, as the increase in average per acre yield is 3.5 bushels, which results in an increase of 62,606 bushels in total yield, and \$278,942.22 in value to the producer.

The 1906 rye crop in Nebraska is larger than that of 1904 by 45,710 bushels and its value to the farmer is greater by \$25,228. The total yield this year is 2,474,512 bushels, as compared with 2,052,802 bushels in 1904. The value of the crop is given by the bureau as \$1,647,072.30, as compared with \$1,221,481.30 for the crop of 1904. The average yield per acre for the state this year was 17.52 bushels. In 1904 it was 16.4 bushels. The leading counties in production of rye are Custer, Dawson, Frontier, Holt, Howard, Red Willow and Sheridan.

Nervous Women

Their Sufferings Are Usually Due to Uterine Disorders Perhaps Unsuspected

A MEDICINE THAT CURES

Can we dispute the well-known fact that American women are nervous? How often do we hear the expression, "I am nervous, it seems as if I could fly or I don't know what to do." Little things annoy you and make you irritable; you can't sleep, you are unable to quietly and calmly perform your daily tasks or care for your children.

The relation of the nerves and generative organs in women is so close that nine-tenths of the nervous prostration, nervous debility, the blues, sleeplessness and nervous irritability arise from some derangement of the organism which makes her a woman. Fits of depression or restlessness and irritability. Spirits easily affected, so that one minute she laughs, the next minute weeps. Pain in the ovaries and between the shoulders. Loss of voice; nervous dyspepsia. A tendency to cry at the least provocation. All this points to nervous prostration.

Nothing will relieve this distressing condition and prevent months of prostration and suffering so surely as Lydia E. Pinkham's Vegetable Compound.

Mrs. M. E. Shotwell, of 103 Flatbush Avenue, Brooklyn, N. Y., writes: "I cannot express the wonderful relief I have experienced by taking Lydia E. Pinkham's Vegetable Compound. I suffered for a long time with nervous prostration, backache, headache, loss of appetite. I could not sleep and would walk the floor almost every night."

"I had three doctors and got no better, and life was a burden. I was advised to try Lydia E. Pinkham's Vegetable Compound, and it has worked wonders for me. I am a well woman, my nervousness is all gone and my friends say I look ten years younger."

Will not the volumes of letters from women made strong by Lydia E. Pinkham's Vegetable Compound convince all women of its merits? Surely you cannot wish to remain sick and weak and discouraged, exhausted each day, when you can be as easily cured as other women.

SCHOOL BOARD ASKS FOR OPINION

Secretary Morris of the school board has requested Attorney General Brown for an official opinion as to whether it would be legal for the school board to collect from state officers who maintain a legal residence elsewhere, tuition fees for the children they have in school and if legally why. The attorney general will hand down his opinion probably tomorrow and it will be that the school board has no authority to tax the tuition fees against the state officers. It is understood he will hold that the constitution provides for free education to children in the districts in which their parents reside and that, consequently, although the state officer votes in another county other than Lancaster he resides in Lancaster and is therefore entitled to the school privileges.

CLAIMS IT IS THE ONLY CITY IN STATE WHERE LAW IS ENFORCED

NORFOLK, Neb., Nov. 2.—(Special.)—Despite the fact that there is a law in Nebraska prohibiting the sale of ready-made cigarettes, there is but one city in the commonwealth where that law is rigidly enforced and in which it is absolutely impossible to procure a manufactured "cotton pack," according to W. Gillette, an advance theatrical man who is under the city today and who, failing to find a tube of nicotine with which to satisfy his appetite, went into a frenzy and nearly underwent a nervous collapse.

RUSH TO PAY TAXES

O'NEILL, Neb., Nov. 2.—(Special.)—During the past few days and at the present time the county treasurer of this county is overburdened with people wanting an opportunity to pay their taxes. Under the scavenger tax law was started yesterday and as soon as two acres were made the sale was adjourned until the office would have time to work up the mail. Several parties are said to be here with large sums of money to pay their taxes, but few have any opportunity to get to the office. The rush is so great that it is expected to continue for several days as this being a large county there are many tracts and parcels of land and town lots to be disposed of and the work is coming so fast that the increased office force cannot begin to keep up with the clerical work required to take in the money offered.

COURT AT TEKAMAH

TEKAMAH, Neb., Nov. 2.—(Special.)—District court is in session this week with Judge A. L. Sutton presiding. The following cases have been disposed of: City of Tekamah against Charles Altschuler, for assault, appealed from the police court, verdict for the defendant, M. R. Hopewell against B. F. Griffin, for possession of fifteen feet of real estate; verdict for the defendant. A jury is being secured this morning for the trial of J. Low against the Chicago, St. Paul, Minneapolis & Omaha Railroad company. Mr. Low asks to be reimbursed for the house destroyed by the railroad company during one of the floods last year. The house floated down against one of the company's bridges, damming the water, and in order to save the tracks the section men tore the building to pieces.

NEWS OF NEBRASKA

STELLA—J. T. James sold his 200 acre farm to William Martin. Consideration \$13,000. BEATRICE—Two boys, named Morrison and Gardner, were being run down by a team. BEATRICE—Yesterday C. C. Farlow sold the Cole farm of 180 acres to J. W. Harns for \$5,000, or \$25.00 per acre. BEATRICE—The Trinity Band football team will play the Beatrice High school football eleven in this city Friday afternoon.

BISHOP ATTENDS INTERSTATE MEETING

Deputy State Superintendent Bishop left this afternoon for Council Bluffs to attend the meeting of the Interstate Teachers' association, which will be in session there until Saturday night. The feature of the meeting which Mr. Bishop is particularly interested in is the round table to be conducted by Superintendent of Schools of Iowa on "Agriculture in the Public Schools." This will be held Friday morning.

AFTER BABCOCK'S PLACE

Governor Mickey has not yet named a successor to Judge Babcock of Beatrice, the late judge of the district court of the Second district. A number of applicants have been filed with the governor and it is likely that the man will shortly be named. County Attorney Raper of Pawnee was called this morning and friends of his have appeared to the governor in his behalf. Judge Davidson of Tecumseh late candidate for the republican nomination for supreme judge, is not a candidate, but he called upon the governor this morning in the interest of his fellow townsman, L. C. Chapman. A number of other applicants have filed their names, but at this time it looks as though John B. Raper of Pawnee was nearest the plum, though subject to change without notice.

INJURIES NOT SERIOUS

Frank Coleman, ballist in the supreme court, who received painful injuries by falling from a stepladder yesterday afternoon, is much better today and will suffer no serious results from his fall. His lip was badly cut and a number of stitches had to be taken in it. He expects to be out and around tomorrow.

WANTS TO SWITCH OFFICES

M. E. Schultz, mayor of Beatrice, came to Lincoln tonight and will remain over tomorrow, on which day he has an appointment with Senator Burkett. Mr. Schultz is a candidate for the Beatrice postoffice, which place is now sought by a half dozen or more men. He will lay his claims for the office before Senator Burkett.

RECEPTION TO MRS. ADAMS

A reception was tendered Mrs. Abbe Adams, president of the National Women's Relief corps, at the executive mansion to-

and president chairman and urging them to get out the vote for it is absolutely necessary that every republican vote in the state be cast next Tuesday. The democrats are busy, but what they are doing no one out on the inside can tell and it is for this reason that the republican chairman is urging republicans to take no chances. They have given out the impression that they are paying no attention to the state candidates but are merely doing all they can to help the various county committees. If they are doing this it will also help their state ticket and so republicans are urged to get out and hustle and leave no voter at home on Tuesday.

The efforts of the fusion organ at Omaha to create some sentiment for the democratic and populist candidates for regent by talking of open meetings of the board has caused some amusement and that is about all. As a matter of fact, Fred Abbott, the republican nominee for regent, in an interview in The Bee a few days ago, said that a republican state convention went on record favoring the open door policy for the meeting of the board of regents and he gave a number of reasons why the meetings should be open. Incidentally the star chamber sessions of the board have been completely handed down from the demo-pop board.

REPRESENTATIVE ZUELLOW RESIGNS

Representative Zuelow of Colfax county, the republican candidate for county clerk of that county, was in Lincoln today and filed his resignation with Governor Mickey as a legislator. Mr. Zuelow realizes that he has had opposition in his fight to be county clerk, but he expects to be elected by a good majority. He made quite a reputation as a legislator in the last session and succeeded in doing what no other member of the legislature has ever been able to accomplish—pass a bridge bill providing the state should bridge the Platte river. The bill was fought bitterly from the day it was introduced until the victory of the Colfax county member Zuelow fairly slept with the bill, and the committee to get it before the house and then assisted Senator Hughes in getting it through a hostile senate. The bill was vetoed by Governor Mickey. Zuelow at once went to work to pass it over the executive veto and secured the pleasure of the republican seven-member in the senate; but, as many members of the house had gone to their homes, it was an impossible task to get it through the house with the required two-thirds vote.

BOLD BAD BOYS GET GOOD

Two Young Men from Small Towns Yellowed Into Meekness.

Patrolman Bloom arrested Canaga on the charge of drunkenness and carrying concealed weapons, while Patrolmen Morrison, Fisk and Brady closed in on Young, who had been soundly, rushed through the streets and to the forum.

Canaga and Young were registered for the night at the city jail, where they deposited themselves as lambs. When the prisoners appeared before Police Judge Berka Thursday morning they were so docile that any policeman might have eaten out of their hands. Both had combed their hair nicely and appeared as if they really had new falls at home. The police judge sentenced each \$5 and costs.
